Respondent's Attorney

In the District Court of Utah

Third District Court, Salt Lake County

In the Matter of the Marriage of **KIM MOULTON**, Petitioner & **PAMELA MOULTON**, Respondent.	**JUDGMENT AND ORDER ON 05 OCTOBER 2026 HEARING REGARDING MOTION TO ENFORCE** Civil No. 064905575 Judge Robert Faust Commissioner Russell Minas

This matter came before Commissioner Minas on October 5, 2026, on Respondent Pamela Moulton's Verified Motion to Enforce and for Sanctions. Respondent appeared in person and through counsel, Russell Yauney. Petitioner Kim Moulton appeared in person and through counsel, Katie Menlove.

Having reviewed the pleadings, having heard the arguments of counsel, and being otherwise fully advised, the Court ORDERS as follows:

1. The parties' Decree of Divorce requires Petitioner to pay Respondent alimony in the amount of $4,000 per month. The Decree further provides that, upon Petitioner's retirement, either party may petition the Court to alter or cease the alimony award.
2. Petitioner's retirement and the filing of his Petition to Modify did not alter the existing alimony obligation. Unless and until the alimony award is modified by further order of the Court, the existing $4,000 monthly alimony obligation remains in effect.
3. From January 2026 through September 2026, Petitioner paid $2,000 per month toward the $4,000 monthly alimony obligation, resulting in an unpaid balance of $2,000 per month for nine months.
4. Judgment is therefore entered in favor of Respondent Pamela Moulton and against Petitioner Kim Moulton in the amount of $18,000 for unpaid alimony accrued through September 2026.
5. The Court finds that Petitioner has the ability to comply with the existing alimony order. Although Petitioner's income has decreased following his retirement, Petitioner has assets available to him, including cash and investment assets, that may be used to satisfy the existing alimony obligation.
6. Requiring Petitioner to use available assets to satisfy the existing alimony obligation does not, for purposes of the present enforcement

proceeding, constitute a reallocation of the property previously awarded to Petitioner in the Decree.

7. Unless and until the Court enters an order modifying the alimony obligation, Petitioner remains obligated to pay Respondent $4,000 per month. If Petitioner's income is insufficient to make the required payment, Petitioner is directed to use available assets to satisfy the obligation.

8. If, at a future trial, the court finds that there is a reduction in alimony, the court can then put a plan in place for Respondent to pay back any alimony that was overpaid.

9. The issue of contempt is reserved and certified for trial.

10. Petitioner is now expressly on notice that the existing alimony obligation remains enforceable and that available assets are to be used to satisfy the obligation if his income is insufficient. While the Court finds that Petitioner's payments were reduced in good faith, if Petitioner continues to make only partial payments, or fails to make the required payments, the Court may reconsider contempt as to noncompliance occurring after the October 5, 2026 hearing, separate from the contempt that is reserved for trial.
