Case Number 100602904

Judge David Connors

The Matter before the court is the Judgment Creditor's Motion to Renew Judgment.

Having considered the documents filed with the court, the evidence and the arguments,
and now being fully informed,

The court makes the following findings:

1. This court entered a judgment in this case.
2. The Motion to Renew Judgment was filed before the statute of limitations on the judgment expired.
3. The Motion to Renew Judgment was properly served.
4. The motion includes a declaration that contains an accounting of the original

judgment and all post-judgment payments, credits, and other adjustments which are provided for by law or are contained within the original judgment.

5. The judgment has not been fully paid.
6. The time for responding to the motion has expired.
7. The required fee has been paid or waived.

The court concludes:

8. The judgment creditor has satisfied the requirements for renewing a judgment by motion.

The court orders:

9. The Motion to Renew Judgment is GRANTED.
10. The judgment is renewed as of the date of this order or the date the original judgment was to expire, whichever occurred first.
