Attorneys for Plaintiff Reanna Thornburg

**IN THE THIRD JUDICIAL DISTRICT COURT
STATE OF UTAH, SALT LAKE COUNTY
WEST JORDAN DEPARTMENT**

REANNA THORNBURG, Plaintiff, v. BRITTANY MARIE MENEFIELD, individually and d/b/a BELLA VITA IMAGES, Defendant.	DEFAULT JUDGMENT Case No. 260904501 Honorable Judge Chelsea Koch Tier 1 PRIVATE RECORD
---	--

The Court, having reviewed Plaintiff Reanna Thornburg's Motion for Default Judgment, Plaintiff's Motion for Attorney Fees and supporting declaration and billing records, the Complaint and exhibits, proof of service, the Default Certificate entered July 13, 2026, Plaintiff's declaration regarding damages and nonmonetary relief, and the military-service filings submitted with the motion, and good cause appearing, enters the following Default Judgment pursuant to Rules 54(c), 55, 58A, 70, and 73 of the Utah Rules of Civil Procedure:

The Court finds that the photographs and image files documenting Plaintiff's wedding are unique and irreplaceable, that responsive files are likely within Defendant's possession, custody, or control, and that preservation and delivery are necessary to provide the nonmonetary relief demanded in the Complaint.

1. Judgment is entered in favor of Plaintiff Reanna Thornburg and against Defendant Brittany Marie Menefield, individually and doing business as Bella Vita Images.
2. Plaintiff is awarded compensatory damages in the principal amount of \$5,898.75. This amount is awarded once and is not duplicated among Plaintiff's alternative theories of recovery.
3. Plaintiff is awarded prejudgment interest on the principal amount of \$5,898.75 at the rate of ten percent (10%) per annum beginning November 3, 2025, and continuing through the date this Judgment is entered. The prejudgment-interest accrual is \$1.62 per day.

4. The monetary amounts awarded by this Judgment, including principal damages, accrued prejudgment interest, attorney fees, and taxable costs, shall bear postjudgment interest from the date of entry at the rate provided by Utah Code section 15-1-4 until paid in full.
- 5. Immediate preservation.** Effective immediately upon service of the signed Judgment, Defendant, and all persons acting at Defendant's direction or on Defendant's behalf who receive actual notice of this Judgment, shall preserve and shall not delete, destroy, overwrite, alter, encrypt, conceal, transfer, disable, discard, sell, or otherwise make inaccessible any photograph, image file, RAW file, edited or unedited image, backup, metadata, sidecar file, digital gallery, cloud-stored file, or other electronically stored information relating to Plaintiff's engagement or October 4, 2024 wedding events (collectively, "Responsive Image Materials"). Defendant shall also preserve each device or storage medium known to contain Responsive Image Materials until Defendant has fully complied with this Judgment and for sixty (60) days thereafter.
- 6. Production and delivery.** Within seven (7) calendar days after service of the signed Judgment, Defendant shall, at Defendant's expense, deliver to Plaintiff through Plaintiff's counsel every existing Responsive Image Material within Defendant's possession, custody, or control, including:
- (a) all RAW or native camera files;
 - (b) all edited and unedited full-resolution image files, including JPEG, TIFF, PSD, DNG, or comparable formats;
 - (c) all backup copies, previews, exports, derivative files, contact sheets, recovered files, metadata, and sidecar files;
 - (d) all digital galleries and any gallery-specific links, credentials, download codes, or access information reasonably necessary for Plaintiff to view and download the files; and
 - (e) all responsive materials stored on computers, laptops, external drives, memory cards, phones, tablets, cloud accounts, online galleries, backup systems, or any other storage medium.
- 7. Delivery standards.** All files delivered under paragraph 6 shall be provided in their original or ordinarily maintained electronic format, with available metadata intact, in the highest available resolution, and without watermarks, download restrictions, expiration restrictions, additional payment requirements, or other limitations that would prevent Plaintiff from possessing, viewing, downloading, copying, printing, or preserving the files for personal use.
- 8. Removal of watermarks.** Within the same seven-day period, Defendant shall remove all watermarks from every photograph previously provided to Plaintiff and shall deliver replacement, unwatermarked, full-resolution copies to Plaintiff through counsel.

- 9. Identification of devices, media, and accounts.** Within seven (7) calendar days after service of the signed Judgment, Defendant shall serve on Plaintiff's counsel a declaration signed under penalty of perjury identifying: (a) each computer, laptop, cellular telephone, tablet, camera, memory card, external drive, cloud-storage account, online gallery, backup service, or other device, medium, or account on which Responsive Image Materials are presently stored or were previously stored; (b) the current location and custodian of each identified item; (c) whether each item remains available; and (d) any known deletion, loss, corruption, or transfer of Responsive Image Materials and the circumstances surrounding it. Defendant is not required to disclose personal account passwords directly to Plaintiff or Plaintiff's counsel.
- 10. Neutral forensic examination upon noncompliance.** If Defendant does not timely provide a complete production and declaration under paragraphs 6 through 9, Plaintiff may file a supported application for further enforcement. Upon further signed order of the Court, Defendant shall make specifically identified devices, storage media, and accounts available to a neutral digital-forensic examiner approved by the Court, shall unlock or provide access to those items for the examiner, and shall reasonably cooperate with the examination. Defendant shall not be required to disclose passwords directly to Plaintiff or Plaintiff's counsel.
- 11. Scope and protection of unrelated information.** Any forensic examination ordered by the Court shall be limited to locating, preserving, recovering, and copying Responsive Image Materials. The examiner may create a forensic image only when reasonably necessary to preserve or recover responsive information. The examiner shall not disclose Defendant's unrelated personal information, privileged communications, or files belonging solely to unrelated photography clients. Any physical device taken into temporary custody shall be returned promptly after the examiner has preserved and copied the responsive information, unless the Court orders otherwise.
- 12. Temporary custody and writ procedure.** If Defendant fails to comply with paragraphs 5 through 10, the Court may, upon a supported application and further signed order, direct the clerk to issue an appropriate writ under Rules 64, 64E, 69A, and/or 70 of the Utah Rules of Civil Procedure. Any such writ may direct a sheriff, constable, or other authorized officer to take temporary custody of specifically identified computers, laptops, external drives, memory cards, or other digital-storage media and deliver those items to the Court-approved neutral forensic examiner. The writ shall identify the property and location with reasonable particularity and shall not authorize the sale or transfer of ownership of a device unless separately ordered to enforce the monetary judgment.

- 13. No self-help seizure.** Nothing in this Judgment authorizes Plaintiff, Plaintiff's counsel, a private investigator, a forensic examiner, or any other private person to enter Defendant's residence or business or personally seize Defendant's property without Defendant's consent or a further signed court order and valid writ.
- 14. Expedited enforcement upon risk of loss.** Upon a declaration showing that Responsive Image Materials face an imminent risk of deletion, overwrite, loss, concealment, or destruction, Plaintiff may request expedited enforcement and an order under Rule 62(a) permitting issuance of an enforcement writ before expiration of the otherwise applicable delay.
- 15. Enforcement expenses.** The Court may assess against Defendant, by further order, the reasonable expenses of a neutral forensic examination, officer service, storage, copying, and other enforcement measures that were made necessary by Defendant's failure to comply with this Judgment.
- 16. Attorney fees and costs.** Based on Plaintiff's motion, counsel's supporting declaration and billing records, and the legal basis identified in those filings, the Court finds Plaintiff is entitled to and is awarded reasonable attorney fees of \$4,285.50. These amounts are incorporated into this Judgment and bear postjudgment interest as provided in paragraph 4.
- 17.** The Court retains jurisdiction to enforce the nonmonetary provisions of this Judgment, including by further order, appointment of a neutral examiner, contempt proceedings, writs authorized by the Utah Rules of Civil Procedure, and other relief authorized by law.
- 18.** This Judgment fully and finally resolves all claims asserted in the Complaint against all parties. Plaintiff's alternative theories of recovery are merged into the relief awarded above, no duplicative damages are awarded, and all relief not expressly granted is denied.
