Attorney for Respondent, Kelli Squires

**IN THE THIRD JUDICIAL DISTRICT COURT
SALT LAKE CITY DEPARTMENT
SALT LAKE COUNTY, STATE OF UTAH**

In the matter of the marriage of:

MATTHEW SQUIRES

Petitioner

and

KELLI SQUIRES

Respondent

DECREE OF DIVORCE

Civil No 264901118

Judge James Gardener

Commissioner Russell Minas

On March 4, 2026, Petitioner, Matthew Squires (“**Matthew**”), filed a Petition for Divorce (“**Petition**”) in the above referenced Court. The parties have been able to reach an agreement to resolve all issues related to the Petition as evidenced by that certain Settlement Agreement (“**Agreement**”) executed by the parties and filed with the Court.

The Court, having reviewed the Agreement, and being familiar with the papers and pleadings on file herein, hereby ORDERS AND DECREES as follows:

The parties have experienced irreconcilable differences during their marriage and are hereby granted a Decree of Divorce, subject to the following provisions:

CHILDREN AND PARENTS

1. The following child has been born as issues of this marriage, to wit: Drake Squires, born November 5, 2013 (referred to as the “**child**”).

2. The parties are the legal mother and legal father of the child under Utah’s Uniform Parentage Act, Utah Code 78B-15-101 et seq. This court has jurisdiction to determine the issues related to the child in this divorce action because the parties became the legal parents of the child prior to or during the time the parties were married.

LEGAL CUSTODY

3. The parties are awarded joint legal custody of the child.

4. In the event of one parent's death, the surviving parent shall have sole legal custody.

5. The parties shall be bound by the following parenting plan:

a. Decision-making:

i. Each parent is empowered to make emergency decisions affecting the health or safety of the child without the consent of the other.

However, each parent has a duty to promptly notify the other, as soon as possible, of any illness or injury requiring a doctor’s care.

ii. It is anticipated that parental decisions will be required for major decisions, including but not limited to educational, medical, and religious issues in raising the child.

iii. If and when a major issue arises, the parents shall address the issues together. Each parent shall give good faith and consideration to the views of the other. If the decision involves medical or

schooling issues, the parents may further elect to seek input from treating physicians or educators. Both parents shall be provided with such. If the parents cannot agree after making a good faith effort to come to an agreed upon decision, Kelli shall be entitled to make the presumptive decision. Should Matthew still disagree with Kelli's decision, Matthew shall have fourteen (14) days in which to elect to proceed to a mediation and shall provide such election to Kelli in writing. If Matthew does not provide Kelli with written notice within the time period set forth above, Kelli's decision shall be final. In the event a mediation is properly requested, the parties shall work in good faith to schedule a mediation at the soonest available date with the cost being equally shared by the parties. If the parties still cannot reach a joint decision at the mediation, Matthew shall have fourteen (14) days after the mediation to file for a review by the Court, otherwise, Kelli's decision shall become final.

b. Restrictions:

- i. The parents shall not question the child about each other's personal relationships, financial spending, or otherwise use the child as a tool for discovery.

- ii. The parents shall not use the child as a confidante to counsel about their own personal problems—especially if the problem is related to the other parent.
- iii. The parents shall not discuss adult issues with the child, including, but not limited to, legal proceedings.

Furthermore, each parent has a duty to keep court paperwork in a secure location so that the child does not read it.
- iv. The parents shall not ask the child to lie for them or to keep something secret from the other parent.
- v. The parents shall not use corporal punishment, manipulation, or harsh forms of discipline with the child.

c. Encouraged Actions:

- i. If applicable, the parents will maintain predictable schedules and rules for the child—including similar mealtimes, homework schedules, chores, bedtimes, curfew, screentime usage, peer associations, sports schedules, and other routines.
- ii. The parents acknowledge that fostering independent thinking and open communication is important to the child's development.

- iii. The parents role is to provide guidance, encouragement, and support as the child learns to make thoughtful decisions for himself, while promoting respectful dialogue and healthy decision making.
- iv. The parents shall support the child's ability to express his thoughts, feelings, and preferences in a safe and respectful environment that prioritizes his emotional well-being.
- v. The child shall continue therapy with his current therapist, Nathan Pond. The parties shall participate in therapy with the child as directed by his therapist. The timing and appropriateness of such therapy shall be determined by the therapist based on child's emotional readiness and therapeutic progress. Child's preference shall be considered.
 - 1. The child shall not begin or participate in any additional therapy, counseling, or mental health treatment with a new provider unless (a) the parties agree in writing, (b) such therapy is recommended by the child's treating therapist, or (c) the issue is resolved pursuant to the parties' dispute resolution and decision-making provisions set forth herein.

d. Communication:

- i. Communication related to parenting between the parents shall be honest, civil, factual, and aimed at maintaining a good parenting relationship.
- ii. The parents shall not use the child as a messenger but shall instead communicate with each other directly.
- iii. The parents shall communicate as they both feel comfortable; however, either parent may limit communication to email and phone text if one of the parents is being disrespectful or misquoting oral communications to the detriment of the other parent.

e. The following mutual restraining order shall be entered:

- i. The parents shall not harass, malign or defame the other. The parties shall not interfere with the lives or relationships of the other party, or with family members of the other party. All communication between the parties shall be about the child only and be civil, at reasonable times, and of reasonable frequency and duration.
- ii. The parents are mutually restrained from disparaging one another to the child or otherwise interfering with the other's relationship with the child; or allowing any third party to do so.

- iii. The parents shall not involve the child in the legal disputes of the parties, financial matters, or custody, other than discussing his preference for non-custodial parent-time and therapy. The parties shall not attempt to influence the child or the child's preferences with respect to issues of custody, parent time, sports or where they attend school, either by reward, punishment or guilt.
- iv. Neither party shall consume alcohol in excess, illegal drugs or prescription drugs without a valid prescription or contrary to/in excess of the prescription during their parent time with the child.
- v. Neither parent shall allow the child to be around third parties that are drinking alcohol in excess or have recently been drinking alcohol in excess, using illegal drugs or prescription drugs without a valid prescription or contrary to/in excess of the prescription during their parent-time with the child.
- vi. Neither parent shall require the child to remain in the presence of any third party whose behavior is reasonably causing the child to feel unsafe, significantly distressed, or emotionally uncomfortable. If such a situation arises during a parent's parent-time, that parent shall use

reasonable efforts to promptly remove the child from the situation or otherwise end the child's exposure to the individual or environment. If the child requests to leave and go with the other parent, the parent exercising parent-time shall promptly notify the other parent and the parties shall cooperate in good faith to support the child and, if appropriate, facilitate the child's departure. The child shall not be punished, reprimanded, pressured, or disciplined for expressing discomfort or requesting to leave such a situation.

f. General Provisions:

- i. The payment or nonpayment of child support is not connected to whether or not a parent should receive his or her parent-time. As an example, if a parent denies parent-time it is not a reason to refuse to pay child support, and the failure to pay child support is not a reason to refuse parent-time.
- ii. Each of the parents shall have access to educational and health care records of the child.
- iii. Parent who has information shall share the name of the educational and/or health care facility and include a brief summary to the other parent.

- iv. Each of the parents shall be listed as contacts/emergency contacts at the child's school, the child's healthcare providers, and with the child's extracurricular activity programs.
 - v. Good Faith. The parents shall exercise good faith and fair dealing in the performance and enforcement of this parenting plan.
- g. Neither parent should introduce the child to any significant other or bring significant other to child's activities, unless child agrees ahead of time.
- h. Each parent shall consider the child's preference for any of the parent's friends or extended family members to attend any of the child's activities. Each parent shall communicate directly with the child ahead of time to seek the child's approval. The child shall be expected to communicate directly with each parent.
 - i. The parent who arranges the child's activity shall provide the other parent with the communication application so that parent has access to the same schedules, locations, dates and times of activity taking place.
- j. Contempt. Both parents have a right to request the Court, under oath, to hold the other parent in contempt if he or she violates this

parenting plan. Punishment could include a fine or imprisonment and if found in contempt could include an award of attorney fees. If contempt is not found and the Court deems the request for contempt frivolous the Court shall award the defending parent his or her attorney fees.

PHYSICAL CUSTODY

25. Kelli shall be awarded sole physical custody of the child and the child shall continue to live with Kelli.

26. In the event of one parent's death, the surviving parent shall have sole physical custody.

27. In the event of Kelli's death, her daughter Tyler shall remain in the child's daily life or as the child prefers.

28. The child is of sufficient age and maturity such that his preferences regarding parent time, scheduling, and activities should be considered in good faith.

29. The child's school functions, extracurricular activities, sports, and important social events shall take priority when scheduling and/or exercising parenting time.

30. Both parents acknowledge that the child is of sufficient age and maturity that his input regarding social activities, school events, sporting activities, extracurricular activities, and scheduling and/or exercising shall be reasonably considered.

31. Both parents shall communicate in good faith and exercise reasonable flexibility in the parenting schedule to allow the child to participate in important activities and maintain healthy peer relationships.

32. Both parents shall respect the child's emotional wellbeing and developing independence.

33. While each parent may encourage participation in family activities, visits, and social events, neither parent shall force child to participate in activities or interactions that he objects to. Child shall not be punished, reprimanded, or disciplined for expressing that he does not want to participate.

34. Child shall spend holidays and birthdays in Kelli's home or other location pre-planned by Kelli, if applicable.

- a. Matthew may participate in celebrations or events during the specific times agreed upon by both parties. Parties shall agree on specific date and time within 24 hours of event.
- b. The child's preferences shall be considered, and neither parent shall coerce or punish the child regarding holiday and/or birthday time decisions.
- c. The parents shall communicate in good faith regarding such participation.

35. Matthew shall be allowed parent-time visitation with child as follows:

- a. Unless otherwise agreed upon by the parties and with the child's schedule and preference considered, Matthew shall be entitled to parent-time every Thursday evening from 6:00 p.m. to 8:00 p.m. in the child's custodial home.
- b. Unless otherwise agreed upon by the parents and with the child's schedule and preference considered, Matthew shall be given the option of exercising parent-time other weekend in the child's custodial home.

Specific day and time shall be flexible and confirmed the Thursday prior in writing. The child shall be given the option to increase parent-time to the entire weekend, including overnights and day trips, according to details he agrees to. Child shall not be coerced, reprimanded, or disciplined for expressing that he does or does not want to participate.

- c. If child agrees, Matthew may exercise parent-time outside the custodial home to go to dinner, social events, or other activities and shall return the child to the custodial home after his parent-time is complete. Child shall not be coerced, reprimanded, or disciplined for expressing that he does not want to participate.

- d. The child shall be provided the option to exercise uninterrupted parent time for up to 2 weeks in the summer with Matthew for any vacations according to details agreed to by both parents in advance. Child shall not be coerced, reprimanded, or disciplined for expressing that he does not want to participate.

- e. Kelli is entitled to uninterrupted parent-time with the minor child for two weeks, which may be consecutive, when school is not in session for summer break.

- f. If and when Matthew obtains and maintains an appropriate residence that is not shared with any third parties, the parties may transition Matthew's

parent-time toward the minimum parent-time schedule set forth in Utah Code § 81-9-302, as appropriate and in a manner consistent with the child's best interests, emotional well-being, and expressed desire of the child. In that event, Christmas Eve, Christmas Day, New Year's Day, the child's birthday, and Easter shall continue to occur in the custodial home or at another location agreed upon by the parties, unless otherwise agreed in writing. All other holiday parent-time shall be exercised with reasonable consideration given to the child's preferences and schedule. Child shall not be coerced, reprimanded, or disciplined for expressing that he does not want to participate.

- g. All other parent-time shall be Kelli's parent-time, with the child's preference considered.
- h. Notwithstanding anything herein to the contrary, if child expresses interest in spending more time with Matthew, beyond the identified parent-time, the parties shall use reasonable and good-faith efforts to accommodate child's request.
- i. Kelli shall use reasonable and good-faith efforts to facilitate and encourage the child to participate in scheduled parent-time with Matthew. If child expresses a refusal, Kelli shall notify Matthew and encourage compliance, however, shall not be required to use physical force, threats, or punishment to compel visitation.

- j. Kelli's reasonable and good-faith efforts and encouraging the child to participate in parent-time shall satisfy her obligation to facilitate non-custodial parenting time.

36. If the child is sick, he may stay at the custodial home, if he prefers.

37. Neither parent shall be allowed to drive while intoxicated, especially while exercising parent time.

- a. If either parent suspects the other is under the influence while exercising parent time, especially while driving, police shall be called and appropriate action shall be taken, if needed.

INCOMES AND CHILD SUPPORT

38. Matthew has a monthly gross income of \$12,167. Kelli has a monthly gross income of \$6,322.

39. A child support order should be entered, and Matthew shall pay child support in the amount of the marital residence mortgage payment, including the taxes and insurance escrow. This amount is an upward deviation from the Utah Child Support Guidelines; however, this upward deviation is in the best interests of the child to provide for his specific needs. Child support covers the child's housing, food, routine transportation, grooming and toiletries.

- a. Currently the child support, via the marital residence mortgage payment amount, is \$2,347.06.
 - i. The amount may fluctuate up or down depending on the cost of insurance and/or property taxes.
 - ii. Matthew shall pay the billed amount from the mortgage company regardless of the fluctuation.
 - iii. If an escrow refund is issued, it shall be used for the child's needs or placed into his savings account at American United Federal Credit Union or account agreed upon by both parties.
- b. Unless otherwise agreed upon by both parties in writing, all child support payments are due on the first of every month and shall be paid directly to the mortgage company, currently Lakeview Loan Care # 0057069320 via auto-pay.

40. In the event that the Marital Property is sold, or the existing mortgage loan is assumed by Kelli or refinanced into Kelli's name only, at any time prior to the child reaching the age of majority or graduating from high school (whichever occurs later), Matthew's obligation to satisfy his child support obligation through payment of the mortgage shall terminate as of the date of such sale, assumption, or refinance. Thereafter, Matthew shall pay child support directly to Kelli in a monthly amount equal to the most recent mortgage payment (including principal, interest, taxes, and insurance escrow) that was due and owing immediately prior to such sale, assumption, or refinance. Said payments shall be due on the first day of each month and shall continue until the child support obligation otherwise terminates pursuant to this Agreement. The parties acknowledge and agree that this provision constitutes an agreed-upon child support amount and deviation from the Utah Child Support Guidelines, and that such amount remains in the best interests of the child.

41. Child support shall continue until the child becomes 18 years of age or graduates from high school during the child's normal and expected year of graduation, whichever occurs later, or if the child dies, marries, becomes a member of the armed forces of the United States, or is emancipated in accordance with Title 78A, Chapter 6, Part 8, Emancipation (as amended).

41. In the event Kelli remarries, or cohabitates with a significant other, notification shall be provided to Matthew within 30 days and child support amount shall be decreased to the Utah Child Support Guidelines and paid directly to Kelli.

42. The amount of child support shall not be subject to automatic, cost-of-living, or periodic increases, nor shall it be modified due to minor changes in income, so long as the

agreed-upon amount remains equal to or greater than the minimum amount required by the Utah Child Support Guidelines, as calculated by the statutory worksheet.

43. Under Utah Code 81-6-212(3)-(4), the parties have a right to modify the child support order at any time by petition if there has been a substantial change in circumstances because of: (1) material changes in custody; (2) material changes in the relative wealth or assets of the parties; (3) material changes of 30% or more in the income of a Party; (4) material changes in the employment potential and ability of a parent to earn; (5) material changes in the medical needs of the child; or (6) material changes in the legal responsibilities of either Party for the support of others. The change in (1) through (6) must result in a 15% or more difference between the amount previously ordered and the new amount of child support, and the difference must not be of a temporary nature. In a proceeding to modify an existing award, consideration of natural or adoptive child other than those in common to both Parties may be applied to mitigate an increase in the child support award, but may not be applied to justify a decrease in the award.

44. The obligee should be entitled to mandatory income withholding relief pursuant to Utah Code 62A-11 parts 4 and 5, and any Federal and State tax refunds or rebates due the noncustodial parent may be intercepted by the State of Utah and applied to existing child support arrearages. This income withholding procedure shall apply to existing and future payers. All withheld income shall be submitted to the Office of Recovery Services until such time as obligor no longer owes child support to obligee. All child support payments shall be made to the Office of Recovery Services, P.O. Box 45011, Salt Lake City, UT 84145-011, unless the Office of Recovery Services gives notice that payments should be sent elsewhere. Should mandatory

income withholding be implemented by the Office of Recovery Services, child support shall be due on the first day of each month and delinquent on the first day of the following month

45. Each of the parties is under mutual obligation to notify the other within thirty (30) days of any change in monthly income. The parties both acknowledge Matthew shall need to obtain a second occupation in order to obtain his own residence and his income may often fluctuate.

46. Any child support arrears should be reserved for further adjudication.

47. Both parents shall support the child in his post-high school endeavors. Matthew shall continue paying a minimum of \$100 per month into the 529 college savings plan for the child. Both parents shall be involved in college planning and communicate to equally support the child until he is living on his own.

48. The parents shall help purchase the child a vehicle they all agree upon when he turns 16, splitting the cost with the child. Child shall pay one-half (50%) of the costs, and the parents shall divide equally the other half (50%).

49. The parties shall help pay for the maintenance and/or repair costs of the vehicle, splitting the cost with the child three (3) ways between him and the two parents.

50. Matthew shall cover the child on his auto insurance. Matthew shall provide proof of coverage to Kelli and child. Kelli shall have access to log into insurance website to verify coverage, as needed. In the event the child engages in driving-related conduct that results in a material increase in insurance premiums, including but not limited to at-fault accidents, moving violations, reckless driving, or similar conduct, Matthew shall confer in good faith regarding whether the child should bear a greater share of the resulting increased insurance cost. If child

does not pay the greater share or vehicle is inoperable, coverage can be temporarily placed on hold until child's obligations have been met or vehicle is operable again.

51. Kelli shall continue to pay for Drake's cell phone coverage.

CHILD CARE

52. Due to the child's age, no childcare needs are anticipated. Each party shall pay their own daycare expenses should any be incurred.

54. Kelli shall continue to provide the primary Medical and Vision Insurance for the child and Matthew shall continue to provide secondary Medical and Dental Insurance for the child.

55. If a parent remarries and the child is not covered by that parent's Insurance but is covered by a step-parent's plan, the Insurance of the step-parent shall be treated as if it is the Insurance of the married parent and shall retain the same designation as the primary or secondary plan of the child.

56. The parents shall divide equally all out-of-pocket medical, dental, accident, hospital, optical, psychotherapeutic, orthodontic expenses, cord blood storage, vitamins, medications including all deductibles and copayments incurred for the child's benefit and actually paid by a party.

57. The parties shall divide equally the child's portion of the monthly Insurance premium actually paid by a party for the child's portion of the Insurance on a per capita basis, with documentation provided and proof of any changes to the amounts.

59. The reimbursing party should have fifteen (15) days from receipt of verification of health care expenses and proof of payment to reimburse the other party his or her half of the health care expenses.

60. A party incurring a health care expense may be denied the right to receive credit for the expenses or to recover the other party's share of the expenses if that party fails to comply with this order.

61. The party ordered to maintain the coverage shall provide verification of coverage to the other party and copies of insurance cards on or before January 2 of each year or within thirty (30) days of any changes of coverage.

TAX DEDUCTION

65. Kelli shall be entitled to claim the child for income tax purposes every tax year until the child turns 18.

66. For so long as Matthew is paying the mortgage as child support, Matthew shall be entitled to claim the house interest paid for income tax purposes until the child turns 18.

RELOCATION

67. If either party moves more than 150 miles from the other party, the moving party shall provide the notice requirements to the other party as set forth in Utah Code Ann. Section 81-9-209.

68. In the event Kelli relocates more than 150 miles from the other party, child support shall be reduced to \$2,300 per month and shall be paid directly to Kelli.

67. In the event of a relocation, Kelli should remain custodial parent of the child and Matthew should continue parent-time at the child's residence or at another location agreed upon by the parties.

68. Should Matthew be the party relocating, Matthew should be responsible for all travel expenses related to the exercise of Matthew's parent-time.

extraordinary expenses, including but not limited to extracurricular activities, sports costs (registration, equipment, clothing, training, banquet fees, travel expenses etc.), acne products, birthday party gifts, bike repairs, rec center fees, etc. For any extracurricular activities the associated costs being shared must be explicitly for the child and not for the cost of the parent traveling or chaperoning the child to the activity.

70. A party who incurs an extraordinary expense on behalf of the child, for which reimbursement is required, shall provide written verification of the expense, including a receipt, invoice, or other proof of payment, to the other party within thirty (30) days of incurring or paying the expense. Written verification may be provided by email, text, or through shared expense tracking app.

71. Each party should be ordered to assume and be responsible equally out-of-pocket school expenses (i.e. registration fees, books, required supplies, lab fees, school uniforms, tutoring, yearbooks, etc.) incurred on behalf of the child during the time leading up to and including high school.

72. A party who incurs any out-of-pocket school expenses, on behalf of the child for which reimbursement is required, shall provide written verification of the expense, including a receipt, invoice, or other proof of payment, to the other party within thirty (30) days of incurring or paying the expense. Written verification may be provided by email or text message.

73. Upon receipt of written verification, the non-incurring party shall reimburse one-half (50%) of the verified expense within fifteen (15) days.

74. Reimbursement shall be made through Venmo or other mutually agreed-upon electronic payment method or other documented payment method.
