2026 UNIFORM FINE SCHEDULE

INTENT

It is the intent of the Uniform Fine Schedule to:

- assist the sentencing judge in determining the appropriate fine to be imposed as a condition of the sentence in a particular case; and
- minimize disparity in sentencing for similar offenses and offenders.

This schedule is not intended to supplant or to minimize a court's authority to impose a just sentence.

APPLICABILITY

These guidelines apply to all Utah courts whenever a criminal fine may be imposed.

In determining whether a fine is appropriate to impose as a condition of the sentence for a public offense, a judge should consider several factors, including aggravating and/or mitigating circumstances as set forth in Form 7of the Sentencing and Release Guidelines, the cumulative effect of probation conditions, and the ability of the defendant to pay.

The Uniform Fine Schedule should not be used to set a financial condition of release. For guidance setting a financial condition of release, see Code of Judicial Administration, Appendix J.

In cases where a defendant may voluntarily pay the recommended fine amount without personally appearing before the court, the recommended fine amount may be increased by $50 if the defendant fails to appear or pay within fourteen days after receiving the citation. The recommended fine amount may be increased by an additional $75 if the defendant fails to appear or pay within forty days after receiving the citation. See Code of Judicial Administration, Rule 4-701. For information on how to calculate the surcharge on delinquent enhancements, contact the Administrative Office of the Courts.

TRAFFIC-RELATED OFFENSES

Overweight Violations

Pursuant to Utah Code section 78A-7-120(4), the assessing court shall retain as court costs the first $50 of the fine for offenses under Utah Code sections 72-7-404 and 72-7-406. The remainder of the fine shall be paid in accordance with Utah Code section 78A-7-120. See Gross Weight Chart for fines.

Traffic

The recommended fine may increase $30 for moving traffic violations resulting in an accident.

In either adult or juvenile court, if an accident has occurred, it may be considered by the court as an aggravating circumstance, and the fine/amount for the cited offense (which caused the accident) may be increased by the indicated amount.

All traffic offenses involving personal injury or death require a MANDATORY APPEARANCE.

A credit of $8 must be applied towards a fine imposed on any motor vehicle violation (other than a DUI) for the operator of a motorcycle, an electric assisted bicycle, a motor assisted scooter, or a high power electric device if the operator was 21 years old or older at the time of violation AND the operator was wearing protective head gear (Utah Code section 41-6a-1505).

Nonresident Violator Compact

At the present time the following states are not members of the Nonresident Violator Compact (NRVC) and will not act on a request to suspend the driver's license of a person, who has been issued a traffic citation in the State of Utah and who failed to appear or contact the court on the citation: Alaska, California, Michigan, Montana, Oregon, and Wisconsin.

All other states, including the District of Columbia, are members of this compact and, with the exception of the following traffic offenses, will act on a request to suspend a driver license if the request reaches that state within six months of the date of the violation:

1. those offenses requiring a mandatory appearance such as driving under the influence; failure to stop in the event of an accident that causes death, personal injuries, or damage to property; and offenses that the directors of the compact have determined to require a mandatory appearance such as driving on suspension, driving on revocation, etc.;
2. parking or standing violations;
3. highway weight limit violations; and
4. violations of the law governing the transportation of hazardous materials.

Because a request under the NRVC must reach a state within six months, it must be received by the Utah Driver License Division no later than five months after the issuance of the citation. There is no FTC in the NRVC, only FTAs. If partial payment is accepted by the court, that payment constitutes an appearance, and the court cannot issue an FTC against the out-of-state driver.

PROCEEDING ON CITATION

Utah Code section 77-7-21 allows a court to proceed with a matter on citation in lieu of an information with the consent of the defendant. It states that, where provided in the Uniform Fine Schedule, an individual may voluntarily pay the recommended fine amount without making a personal appearance before the court in certain circumstances.

For any class B or class C misdemeanor or any infraction listed as "Mandatory Appearance," the court may allow a defendant to voluntarily remit the fine and other penalties in lieu of appearance, unless the charge:

1. is a domestic violence offense;
2. is a DUI or driving with measurable controlled substance offense; or

3. appears to affect a victim or require restitution.

For all other infractions, the court may allow the defendant to voluntarily pay the recommended fine amount and other penalties in lieu of appearance.

SENTENCING

The felony matrix and misdemeanor matrix are guidelines for assessing penalties and fines after adjudication of a case requiring a mandatory appearance. The matrices include a broad range of fines from the statutory maximum to a base minimum within each category of offense. The matrices are to be used in conjunction with the criminal history assessment criteria. From the base financial sanction in each category, the schedules provide an escalation of the fine in correlation with the points accumulated in the criminal history criteria. The matrices also specify when both incarceration and a fine may be appropriate. Pre-sentence investigation reports include the criminal history data necessary to place the defendant's case on the matrix. In those cases where a pre-sentence report is not available, a defendant's criminal history should be verified before placing the defendant's case on the matrix. A defendant's ability to pay should be considered in determining whether or not to impose a fine and, if a fine is imposed, in establishing a payment plan.

CRIMINAL HISTORY ASSESSMENT FOR USE IN SENTENCING

The General Disposition Matrix classifies a defendant's criminal history in five categories from excellent (0-3 points), good (4-7 points), moderate (8-11 points), fair (12-15 points), and poor (16+ points). The appropriate classification is determined by summing points assessed in the "Criminal History Scoring" section of Adult Sentencing and Release Guidelines, Form 1.

In assessing fines for class A and B misdemeanor offenses, excluding statutorily mandated fine amounts, the criminal disposition matrix is as follows:

GENERAL DISPOSITION MATRIX — Misdemeanors		
CRIMINAL HISTORY	Class A Misdemeanors *Person or Drugs*	Class B Misdemeanors *Person or Drugs*
POOR	$2,500	$1,000
FAIR	$2,010	$860
MODERATE	$1,510	$660
GOOD	$1,010	$460
EXCELLENT	$510	$260

THE AMOUNTS IN THIS MATRIX DO NOT INCLUDE THE SURCHARGE.

Additional considerations in assessing fines:

- fines for class C misdemeanors may be assessed from $100 to $750 using the same classification considerations per Utah Code section 76-3-301;
- consider jail on a second offense;
- fines for infractions may be assessed from $0 to $500;
- credit is allowed towards fines for time served in jail at the rate of $100 day; and
- credit is allowed towards fines for community service at a rate of $12/hr., per Utah Code section 76-3-301.7.

2026 DUI FINE TABLE

Utah Code section 41-6a-505 outlines minimum mandatory fines that must be imposed upon conviction for driving under the influence of alcohol, drugs, or a combination of both. In addition to these fines, Utah Code section 51-9-401 requires that a 90% criminal surcharge be paid on each fine imposed by the court. Finally, Utah Code requires that a security surcharge be assessed in addition to any fine or other surcharge: $53 in district court (Utah Code § 78A-2-601) and $60 in justice court (Utah Code § 78A-7-122). The tables below outline these amounts.

GUIDE TO THE UNIFORM FINE SCHEDULE

The Uniform Fine Schedule is published in both .PDF (Adobe Acrobat) and .XLSX (Excel) file formats. The .PDF format is organized for ease of printing and the .XLS format has been provided for ease in sorting. You can access these files here.

"Violation Code" Column
The code for the violation is based on Utah statute.

"Description" Column
Description of the applicable violation.

"Default Severity" Column
The severity of the offense as determined by statute.

"Mandatory Appearance" Column
This column is marked Y (Yes) if a court appearance is required to resolve this offense or N (No) if no appearance is necessary and the offense can be resolved by paying the designated fine.

"Suggested Fine" Column
The total Suggested Fine and Security Surcharge.
This includes the $60 security surcharge for justice courts.

"Comp Credit" Column (Compliance Credit)
This is the amount of credit given for complying with violation requirements prior to resolving the offense. The "Comments" column describes the compliance required.

"Non-Moving Traffic" Column
This column is marked "Y" (yes) if the offense is a non-moving traffic violation and "N" (no) if the offense is not a non-moving traffic violation. No surcharge should be imposed in non-moving traffic offenses. The Utah Judicial Council, through the designated Uniform Fine Committee, has the responsibility to define which offenses are moving and which are non-moving. They have established definitions as follows:

> **Moving violations** involve an act or omission dealing with the actual driving of the motor vehicle (*e.g.*, failure to yield, speeding).
>
> **Non-moving violations** encompass status or conditions of the vehicle or driver license violations (*e.g.*, not registered, not licensed, broken equipment).

"Surcharge" Column
Utah Code section 51-9-401(1)(a) provides that "[a] surcharge shall be paid on all criminal fines, penalties, and forfeitures imposed by the courts." It also provides that the surcharge shall be:

(i) **90%** upon conviction of a:

(A) felony;
(B) class A misdemeanor;
(C) violation of Title 41, Chapter 6a, Part 5, Driving Under the Influence and Reckless Driving; or

(D) class B misdemeanor not classified within Title 41, Motor Vehicles, including violation of comparable county or municipal ordinances; or

(ii) **35%** upon conviction of any other offense, including violation of county or municipal ordinances not subject to the 90% surcharge.

Under the statute, a surcharge may not be imposed upon:

(a) non-moving traffic violations;
(b) upon court orders when the offender is ordered to perform compensatory service work in lieu of paying a fine; and
(c) upon penalties assessed by the juvenile court as part of the non-judicial adjustment of a case under Utah Code section 80-6-304.

"DLD Reportable" Column

This column will be marked "Y" (yes) if the offense is reportable to the Utah Driver License Division (DLD) and "N" (no) if not reportable. This designation is determined by the DLD. All states and the Canadian provinces are members of a compact that shares information regarding convictions for traffic violations. If the convicted violator has a Utah, an out-of-state, or a Canadian driver license, a record of a conviction for an offense with a "Y" in this column will be sent to the DLD within 10 days of the conviction or bail forfeiture. See Utah Code section 77-7-25 and Utah Code section 53-3-218.

A plea in abeyance in Utah will not assess points to a driving record. A plea in abeyance may be handled differently in the motorist's home state.

Pleas in Abeyance:
For a Utah non-CDL (commercial driver license) driver:
A plea in abeyance does not assess points on the driver's motor vehicle record (MVR).

For a CDL (commercial driver license) driver:
A plea in abeyance will be reflected as a citation on the MVR for a CDL driver because federal law prohibits the DLD from masking or deferring judgment for a traffic citation for CDL drivers. If the violation requires a mandatory CDL license disqualification, DLD will also act on an abeyance.

For a non-resident, non-CDL driver:
A plea in abeyance disposition may or may not result in assessed points on a license issued in a NRVC (Non-Resident Violator Compact) state. Drivers should contact their home state driver license division to determine if a plea in abeyance disposition in Utah will be recognized as a conviction or a diversion.

"BCI Reportable" Column

This column will be marked "Y" (yes) if the offense is reportable to the Utah Bureau of Criminal Identification (BCI) and "N" (no) if it is not reportable. Offenses are determined reportable by the Utah Bureau of Criminal Identification.

"Transport" Column

This column will be marked "S" (state) or "C" (county). The column is used to designate transportation requirements for individuals arrested on a warrant in a county other than the county from which the warrant was issued. See Code of Judicial Administration, Rule 4-613.

S - requires transportation within the state:

Unless otherwise ordered by the court, warrants for the following offenses will require transportation from the county in which the defendant is arrested:

- felonies;
- class A misdemeanors; and
- class B misdemeanors charged under Utah Code Title 76, Chapter 5 (Offenses Against the Person), Title 76, Chapter 11 (Weapons), and Title 41, Chapter 6a, Part 5 (Driving Under the Influence and Reckless Driving).

C - requires transportation only within the county:

Unless otherwise ordered by the court, warrants for the following offenses will require transportation only within the county from which the warrant originates:

- class B misdemeanors not included above; and
- class C misdemeanors.

"Comments" Column

This field may contain comments regarding offense codes.
