1. WELCOME AND APPROVAL OF MINUTES: (Chief Justice Matthew B. Durrant)

Chief Justice Matthew Durrant welcomed everyone to the meeting, and asked if there were any questions or comments on the previous month's minutes. There were none.

<u>Motion</u>: Judge Elizabeth Lindsley made a motion to approve the February 26, 2024 meeting minutes. Judge Keith Barnes seconded, and the motion passed unanimously.

2. CHAIR'S REPORT: (Chief Justice Matthew B. Durrant)

Chief Justice Durrant thanked Ron Gordon, Neira Siaperas and Michael Drechsel for all of their work with the legislature this session. He indicated that meetings with Senate President Adams and Speaker of the House Schultz went well and commented that he was especially encouraged by Speaker Schultz and how welcoming and eager he was to help the Judiciary.

3. FIFTH DISTRICT REPORT: (Judge John Walton, Cade Stubbs)

Judge John Walton and Cade Stubbs gave an update on the 5th District. Judge Walton expressed appreciation for the additional senior judge funding they received, particularly as they anticipate needing substantial coverage for Judge McIff-Allen's case load once her federal appointment is official.

Mr. Stubbs discussed the growth in the 5th district, noting some of its cities and counties are among the fastest growing in the state of Utah. In Iron County alone, the caseloads have increased 6% from 2022 to 2023, which is about 24 cases per judge.

4. UTAH STATE BAR REPORT: (Elizabeth Wright, Erik Christiansen, Cara Tangaro)

Erik Christiansen, current president of the Utah State Bar, introduced Elizabeth Wright, executive director, and Cara Tangaro, who will take his place as Bar president in three months. Mr. Christiansen talked about the spring Bar convention, which was completely sold out. The Bar also gave away scholarships this year for some government attorneys and young lawyers who might have some difficulty being able to attend these kinds of events for financial reasons. The summer Bar convention will be virtual again this year, but they are also looking to hold some kind of additional in-person conference in the off years.

Last year, the Bar implemented two mental health services - Tava Health and Unmind. Tava Health has been a really popular service, and the costs have become higher than what was budgeted. Unmind hasn't been quite as popular, so the Bar probably won't renew the contract when it expires.

Mr. Christiansen explained that the Bar voted to oppose two pieces of legislation this past session. One of the bills allows a litigant to request a different judge on their case. The other bill eliminated the Bar's participation in the Commission on Criminal and Juvenile Justice (CCJJ).

Lastly, Mr. Christiansen talked about the effort to reorganize the Utah Bar under DOPL at the end of the legislative session last year, which the Bar was not in favor of. As a compromise, the Bar is being audited through the Supreme Court using the resources of the legislative auditor's office. That audit has been going on for the first part of this year, and Mr. Christiansen anticipates the first draft will come out sometime in April 2024.

Chief Justice Durrant expressed appreciation for the opportunity to work closely with the Bar leadership and looks forward to working with Ms. Tangaro in the future.

Mr. Gordon thanked Mr. Christiansen and the Bar for introducing the mental health resources Tava Health and Unmind at the Bar convention last year. Based on that presentation, the judiciary pursued the same mental health wellness resources for all court employees.

5. BOARD OF APPELLATE COURT JUDGES: (Judge Michelle Christiansen Forster, Nick Stiles)

Judge Michelle Christensen Forster provided the following updates from the Board of Appellate Court Judges:

- The Court of Appeals received a new appellate mediator and, as of December 2023, the appellate mediation office had successfully mediated 102 cases. She added that these mediations have been very helpful in reducing the workload for the Court of Appeals judges.
- The Pilot Pro Bono project received grant funding to help with administrative costs for that program. There are four CLEs for the program, including: Appellate Practice 101, Brief Writing, Oral Argument, and Utilizing the Appellate Mediation Office to Resolve Cases. There is also a full list of volunteer attorneys who have agreed to take the case if one comes up, as well as a growing list of mentors.
- IT has completed the development of the e-filing platform and the application is in the final phases of testing. All front office staff have been trained on how to handle cases that come through the new system and are currently processing appeals. As of last week, the revisions to the applicable court rules have come back from public comment and they will now go before the Supreme Court at the end of March 2024. If approved, they will be effective May 1, 2024.
- There has been discussion about in-person versus remote hearings, and both appellate courts continue to allow parties to determine how they will appear.
- The Board has been working with the JPEC to implement a pilot project whereby District and Juvenile Court judges are able to evaluate the opinions of the Court of Appeals judges.
- The appellate courts oversee the statewide transcription process, which includes transcripts for cases on appeal and for cases in trial courts. In 2023, the Appellate Courts oversaw the process of over 5,000 transcript requests.

• Lastly, the Court of Appeals has been working closely with the Standing Committee on Appellate Representation concerning the appellate rosters, which consist of the attorneys that can be appointed in these cases. The attorneys must participate in training and mentorship, and be experienced in filing appeals to qualify for the roster.

Chief Justice Durrant thanked Judge Christiansen Forster for her report.

6. STATE COURT ADMINISTRATOR: (Ron Gordon)

Mr. Gordon gave some information on the Home Court Pilot bill that was passed by the legislature. This pilot is intended for individuals with mental illness, who because of mental illness are unlikely to survive or to be safe without the assistance of public services. The pilot is only taking place in Salt Lake County, which will receive some funds from the legislature for the services needed to implement the pilot. As part of this pilot, the 3rd District Court received an additional judge. The Home Court calendar will most likely not be assigned to the new judge, but will be assigned by the presiding judge to one of the District Court judges who has had experience with the issues that are likely to come up in that court.

Mr. Gordon discussed the bill that significantly changed the membership of CCJJ and the Sentencing Commission. The judiciary has historically had multiple representatives on both of those commissions, but going forward will only have one voting member, the state court administrator, on each committee. The judiciary has the opportunity to also appoint some non-voting members, whereas before the judiciary had three judges on CCJJ and five judges on the Sentencing Commission. This still allows the judiciary to be represented and for the non-voting members to voice the opinions of the judiciary.

Mr. Gordon gave a review of some of the budget actions. The request for court interpreters was fully funded between ongoing and one-time funds. The Council's request for judges and commissioners was funded through one 4th District juvenile judge and one 3rd District judge. The Guardian ad Litem attorney request was also approved.

The judiciary also received funding for a 5% salary increase for judges and commissioners. For judges, this 5% increase will be automatic. The Judicial Council will need to approve the increase for court commissioners.

The request for essential software funding was approved in one-time funds. In the coming months, Mr. Gordon and Ms. Siaperas will be talking about strategies in the Budget & Fiscal Management Committee for how to fund these software needs internally going forward.

The judiciary received \$1.6M in one-time funding for senior judges and case backlog processing, which should last through the remainder of FY 2024 and through FY 2025.

The judiciary also received funding in the amount of \$1.65M for pay for performance increases. Every employee will receive a 3% COLA. The additional salary increases will be recommended by managers based on employee's performance and will be funded from the \$1.65M appropriated by the legislature.

The judiciary did not receive funding for a virtual jury selection staff, a training coordinator, at-will conversion, or a law library assistant.

Lastly, Mr. Gordon mentioned the judiciary did get funding for the American Fork courthouse rent increase, and Senator Owens championed the request for a second courtroom in Manti on behalf of his constituents.

7. COMMITTEE REPORTS:

Management Committee Report:

The work of the committee will be discussed later in the meeting.

Budget & Fiscal Management Committee Report:

The work of the committee will be discussed later in the meeting.

Liaison Committee Report:

Some of the work of the committee will be discussed later in the meeting. There is one ongoing project that is left over from the legislative session, which is the rule on the manner of appearance. Justice Paige Petersen commented that the sponsor of the bill has been very reasonable and has given the judiciary an opportunity to improve the bill. The Supreme Court created a group who is meeting about this rule, headed by Justice Pohlman, with different bench levels represented in the group.

Policy, Planning, and Technology Committee Report:

The work of the committee will be discussed later in the meeting.

Bar Commission Report:

The Bar Commission report was given earlier in the meeting.

8. BUDGETS AND GRANTS: (Karl Sweeney, Alisha Johnson,)

Alisha Johnson presented the information on the budgets and grants.

Updated 03/04/2024

Performance Raises Request

Ms. Johnson explained that this request has been withdrawn since the legislature has approved funding for pay for performance increases, so this is no longer needed.

Motion: Judge Lindsley made a motion to approve the withdrawal of the pay for performance funding request. Judge James Gardner seconded the motion, and the motion passed unanimously.

Personnel Funding Request

The judiciary did not receive enough funding for new judges for the 3rd District and 4th District Juvenile. Ms. Johnson explained that the judiciary needs \$366,950 more than what the legislature allocated for these budget items.

<u>Motion</u>: Judge Lindsley made a motion to approve the funding request of \$366,950 as presented. Judge David Mortensen seconded the motion, and the motion passed unanimously.

Grants

Jordan Murray presented a request concerning the National Center for State Courts eviction diversion initiative grant. Earlier this year, Nathanael Player and Mr. Murray informed the Council that the intended sub-recipient of these funds, a nonprofit, was suddenly and unexpectedly ceasing operations. Mr. Player immediately went to work to identify if there was a new suitable nonprofit partner that they could work with to meet the objectives of the grant. They did find a possible partnership with Utah Legal Services (ULS), and the revised application is in the material packet for the Council. He added that there has been no material changes to the scope of work, he has just replaced the name of the nonprofit.

Motion: Judge Mortensen made a motion to authorize the nonprofit partner as presented. Justice Petersen seconded the motion, and the motion passed unanimously.

Phase II System Review

Mr. Gordon explained that this request is a carry-over from last month when the Council discussed moving forward with Phase II of the System Review. The request is for the \$55,000 needed to fund this second phase.

<u>Motion</u>: Judge Thomas Low made a motion to approve the funding request for Phase II of the System Review. Judge Brian Brower seconded, and the motion passed unanimously.

Court Charge Card Fund

The courts have accepted credit cards for many years. There is a fee associated with credit cards that the court then has to pay. In the past when interest rates were high, the AOC has been able to pay the credit card fees with interest from the interest-bearing account. In years when the interest rates were low, the AOC has had to deposit money into that account to cover the credit card fees. Now that interest rates are very high, \$1.4M of interest has accumulated in this account. The change to the accounting manual as voted on by the Budget and Fiscal Management Committee was to be able to use some of these funds, if needed, for other funding needs in the courts.

Judge Lindsley commented that if the interest balance is left in the account there may be a significant amount of money available that could be used for essential needs, such as IT software. Because of the implications through the entire budget, the Budget and Fiscal Management Committee wanted the full Council to know the reasoning behind the change to the accounting manual.

9. WINGS COMMITTEE REPORT: (Judge Keith Kelly, Shonna Thomas)

The Working Interdisciplinary Network of Guardianship Stakeholders (WINGS) committee is a problem-solving body that relies on court-community partnerships to:

- Oversee guardianship practice in the courts;
- Improve the handling of guardianship cases;
- Engage in outreach/education; and
- Enhance the quality of care and quality of life of vulnerable adults.

Shonna Thomas highlighted some things WINGS has been working on over the past year:

- WINGS did a lot of work on CJA rules 6-501 and 6-507. The revised rules were ultimately approved last year, which was a really big win for the committee.
- The Forms Committee asked WINGS for assistance in updating the numerous forms that relate to guardianship, many of which have not been updated in over a decade. WINGS created a Forms Work Group to provide the preliminary revisions before going to the Forms Committee for approval. This work group consists of both court staff and individuals from outside the court.
- The Guardian Signature Program provides volunteer attorneys in guardianship cases, but has not come close to meeting the needs of the community. WINGS is looking into a pilot program where attorneys could go through a training program, participate in a mentorship, gain CLE credits, and then receive a flat rate for working a guardianship case. The Attorney Gap Subcommittee has been tasked with putting together a proposal to outline what the pilot program would look like and what kind of funding it would require.

Judge Keith Kelly asked the Council for guidance on a succession process for the committee chair, who is to be a Utah District Court Judge under UCJA 3-421 (3), and the rotation of its members. Judge Kelly has been the chair for five and a half years and suggested that it may make sense to have the Council appoint a new District Court judge to take over.

Judge Lindsley recommended staggering the committee membership so that there isn't a complete turnover all at one time. Judge Low added that appointing a vice chair with institutional knowledge would be beneficial.

<u>Motion</u>: Judge Low made a motion to have the Management Committee consider whether the rule allows for a vice chair on the WINGS committee to be appointed or if there needs to be a formal rule change to accommodate this action. Justice Petersen seconded the motion, and the motion passed unanimously.

10. TCE REPORT: (Russ Pearson, Travis Erickson)

On behalf of the Trial Court Executives, Russ Pearson addressed a few initiatives that have been going on over the past year.

- Active Shooter Training
- Several employee reward activities, commemorative coins or thank you cards
- Exercise agreements
- Mental health benefits offered to employees
- Work from home flexibility

Travis Erickson expressed appreciation to the Council and AOC leadership for implementing ongoing pay for performance for their staff, who have also expressed appreciation for these increases. He also talked about brainstorming to identify alternative ways to reward the staff during the years when that funding is not available.

11. AI SURVEY REVIEW: (Tucker Samuelson)

Mr. Gordon gave an overview about the initiation of the AI survey, which has since been sent to court staff and judges. The idea was that the results from the survey would be used to inform policies surrounding the use of AI in the judiciary.

Heather Marshall presented the results of the survey, which received a 78% response rate. Chat GBT was the AI service mostly used, followed by Claude. 11% of those who said they do not currently use AI in their job said that they would like to in the future, but the rest were split between not wanting to use AI and not being sure if they wanted to use it. Ms. Marshall then went through some of the comments from the surveys. The most common theme was a lack of understanding of how AI could be used in the courts and/or a desire for training on AI.

12. WATER LAW EDUCATION: (Judge Kate Appleby, Dr. Don Judges)

Judge Kate Appleby gave an introduction to water law and the online, on-demand education program for judges. The judiciary has partnered with the National Judicial College to provide a network for judges who hear water law cases. Dr. Don Judges gave a presentation on the course website.

Judge Appleby explained that they will need more resources to continue the work, with which they would be able to build more modules on the website. There are a handful of other states who have also committed to contribute financially to the platform as well. Judge Appleby asked for feedback from the Council, once they've had the opportunity to look at the presentation. Southern Utah University (SUU) will likely host the material on SUU's LMS system, and Dr. Judges added that he and Judge Appleby can also look at adding a link to the court's LMS.

Mr. Gordon and Chief Justice Durrant thanked Judge Appleby and Dr. Judges for spearheading this project, and for all of their hard work.

13. LEGISLATIVE UPDATE: (Michael Drechsel)

By the close of this year's legislative session, 591 bills were passed. Michael Drechsel has identified 113 bills that are the most relevant for the judiciary. He is now working on summarizing them in a document to distribute and discuss during legislative updates. Mr.

Drechsel will be holding a number of trainings and workshops to talk through the bills and the judiciary's implementation plan prior to the general effective date of May 1, 2024.

Mr. Drechsel highlighted the following two items:

As Mr. Gordon mentioned previously, SB 200 adjusted the membership of CCJJ and the Sentencing Commission. Beginning May 1, 2024, the judge members will become non-voting members. For each of those positions, they will now be appointed by the Judicial Council. In the April Judicial Council meeting, it will be necessary to decide which District Court judges and Juvenile Court judges the Council will want to appoint to those committees.

The Home Court Pilot Program, which will be operated out of the 3rd District Court, will create a court somewhere between a criminal problem solving court and a civil involuntary commitment. This is a civil court pilot based off of a petition to put an individual into the program. The judge who administers this pilot program will preside over the court as well as work with a multidisciplinary team to provide services and accountability for an individual who is eligible for the program. It will be a collaborative effort between the 3rd District Court, community stakeholders, and the Department of Health and Human Services. The pilot program won't go into effect until October 1, 2024, and the new judge takes office so that there is judicial capacity to administer the program.

14. APPROVAL OF IT SECURITY POLICIES: (Ron Gordon)

Mr. Gordon asked the Council to consider delegating the responsibility of getting final approval on technology security policies to the Management Committee, primarily to avoid potential security issues discussing those policies in open meetings.

<u>Motion</u>: Judge Low made a motion to delegate the responsibility of approving technology security policies to the Management Committee. Margaret Plane seconded the motion, and the motion passed unanimously.

15. RULES FOR FINAL APPROVAL: (Keisa Williams)

During the December 18, 2023 meeting, the Judicial Council approved amendments to Code of Judicial Administration (CJA) rule 4-202.03 on an expedited basis with a January 1, 2024 effective date. The rule then went out for a 45-day public comment period, which closed on February 3, 2024. Two public comments were received.

The Policy, Planning & Technology Committee (PP&T) recommended the adoption of one minor, clarifying amendment in response to the first public comment. Because the proposed amendments are not substantive, PP&T did not believe a second comment period was necessary. However, an expedited effective date is warranted to provide clarity for court staff. The new proposed effective date is March 18, 2024.

<u>Motion</u>: Judge Mortensen made a motion to approve the change to rule CJA 4-202.03 as presented with an effective date of March 18, 2024. Judge Jon Carpenter seconded the motion, and the motion passed unanimously.

16. OLD BUSINESS/NEW BUSINESS: (All)

There was no old or new business.

17. EXECUTIVE SESSION

<u>Motion</u>: Judge Mortensen made a motion to move into an executive session for the purpose of discussing the character, professional competence, or physical or mental health of an individual, and legal advice of counsel. Ms. Plane seconded the motion, and the motion passed unanimously.

18. ADJOURN

The meeting adjourned.

1. WELCOME / APPROVAL OF MINUTES (Judge Elizabeth Lindsley – "Presenter")

Judge Elizabeth Lindsley welcomed everyone to the meeting and asked for a motion to approve the minutes from the last meeting.

<u>Motion</u>: Judge Brian Brower moved to approve the February 12, 2024 minutes, as presented. Justice Paige Petersen seconded the motion, and it passed unanimously.

2. FY 2024 Financials / Turnover Savings / ARPA Update (Alisha Johnson – "Presenter")

Ongoing Turnover Savings ("OTS")/FY 2025 Carryforward and Ongoing Requests – Alisha Johnson reviewed the period 8 financials and gave an update on OTS. OTS for FY24 actual YTD is \$580,684. Forecasted FY24 OTS is \$200,000 (\$50,000 per month x 4 remaining months in FY 2024) and when combined with the negative \$54,821 carried over from FY23, the forecasted YE 2024 OTS is conservatively estimated to be \$780,684.

As of 2/29/2024, the OTS schedule shows \$200,000 of hot spot raises as uses that have been preauthorized by delegated authority from the Judicial Council to the State Court Administrator and

Deputy and that is expected to be used by the end of FY 2024. AOC Finance is forecasting that we will have \$580,684 in OTS available for discretionary use. The FY 2025 Carryforward and Ongoing Requests show the \$450,000 in approved performance raises as being withdrawn and \$366,900 Judiciary Amendments (SB-70) short fall funding being added as the only deduction leaving \$722,384 of OTS for other uses.

- Ongoing turnover savings only happens when a vacant position is filled at a lower rate and / or with lower benefits.
- There are currently 28 positions that have turned over within the past 90 days that are currently listed as having unknown benefits.
 As those employees select their benefits, if they select lower benefits, there will be additional savings.
- Currently, 38.95 FTE are vacant.
- 1 We are currently estimating \$50,000 of ongoing savings a month for the remainder of the fiscal year.
- 2 Authority was delegated from the Judicial Council to the State Court Administrator/Deputy in October 2022 to expend up to \$200,000 annually.
- 3 The Judicial Council funded one Commissioner position in 3rd Dist. effective 7/1/2023. A Legislative Request for ongoing funding for that position will also be presented during the upcoming Legislative Session. If approved, that will increase our available amount by \$262,550. That amount was shown on previous forecasts but has now been removed as the probability of receiving these funds is slim.

One-Time Turnover Savings/ FY 2024 YE Requests - One-time TOS are generated from position vacancies and reimbursements of payroll expenditures with ARPA funds. Alisha Johnson noted that our forecast of one-time TOS for FY 2024 (before any uses are deducted) is estimated to be \$2.27M. This is a substantially lower forecast when compared to FY 2023 actual of \$4.4M in one-time TOS primarily because there are between 40% and 50% fewer unfilled positions today than the average for FY 2023. The FY 2024 YE Requests schedule includes forecasted operational savings of \$688,241 which are added to the forecasted one-time TOS. Last year (FY 2023) we generated over \$1M of one-time operational savings.

3. FY 2024 Ongoing Turnover Savings Spending Request - Performance Raises

Request for \$450,000 ongoing turnover savings is being withdrawn. Legislature funded 2% (\$1,646,200) for performance raises.

<u>Motion</u>: Judge Keith Barnes moved to send to Judicial Council for approval. Judge Brian Brower seconded the motion, and it passed unanimously.

4. Request for Recalculation for New Judges (Karl Sweeney – "Presenter")

Karl Sweeney is requesting \$366,950 to fund personnel shortfall. The legislature approved funding for one judge and one commissioner. This request will take the commissioner funding and make it into a judge position.

<u>Motion</u>: Judge Brian Brower moved to send to Judicial Council for approval. Justice Paige Petersen seconded the motion, and it passed unanimously.

5. Incentivizing Efficiency w/ Interpreter Pay Policies (Jon Puente and Karl Sweeney – "Presenters")

Karl Sweeney and Jon Puente gave a presentation of Incentivizing Efficiency with court Interpreter pay policies Lessons from the Pennsylvania courts. Utah's current contract interpreters have no pay policies that incentives use of time. The result is inefficiencies in getting interpretation work accomplished.

Potential Model for Efficiency is Pennsylvania (PA) Courts PA focuses on filling a block of time

- 2-hour minimum
- ½ day
- Full day
- No wait time is paid if additional time beyond contracted duration is needed it is purchased in 30 min increments
- Travel time is paid at 50% of regular translator rate

Potential Utah plan could pay bonus for efficiency

- If daily efficiency above 80%, add flat bonus or
- If daily efficiency above 80%, increase hourly rate
- This should be win/win as both parties have same goal
- Interpreter Coordinators would focus on filling 2-hour min, ½ day or full day
- Would have to carve out exceptions for Rural areas so that contract interpreters are incented to take those assignments despite longer travel times

The presenters indicated they will draft a revised court interpreter pay policy for FY 2025 coincident with the new interpreter scheduling software implementation.

6. Draft Memo re Court Policy on Court Charge Card Fund (Karl Sweeney – "Presenter")

Karl Sweeney gave an overview of the draft memo "Proposed Accounting Manual Policy for General Fund Payments into Court's Credit Card Charge Fund or CCCF." For many years, the Utah Courts have accepted credit cards for various types of payments (e.g, Xchange, fines and fees). The credit card fees associated with these payments have been paid with interest generated by trust account funds invested on behalf of the Judiciary by Zions Bank supplemented by funds advanced into the trust account by the Judiciary in years where there was a surplus of general funds.

AOC Finance proposes following the procedures below for any repayments to the Judiciary of CCCF advances:

- Only CCCF advances (principal) can be repaid to the Court's operating account. Interest earned on funds advanced to the CCCF fund will not be repaid to the Court's operating account, however, interest earned in the overall trust account invested balances will be used to repay CCCF advances (principal).
- Repayment of CCCF advances to the Court's operating account will be made only on funds that can be withdrawn without incurring a loss of interest due to early termination

- of a CCCF investment. After discussion with the State Court Administrator, the Director of Finance recommends any repayment amounts to the BFMC and Judicial Council based on forecasts of 1x funding needs by the Courts versus 1x funding availability from other sources to the Courts.
- Sufficient CCCF advances will be left in the account to provide funds to cover a 24-month downturn in interest rates such that \$60,000 per month could be used to fund the gap between interest receipts and credit card fees (24 months @ \$60,000 per month means the minimum CCCF balance should be no less than \$1,440,000). This allows the Judiciary sufficient time to seek alternative sources of funding including the passage of legislation.

<u>Motion</u>: Judge Brian Brower moved to send to Judicial Council for approval. Judge Keith Barnes seconded the motion, and it passed unanimously.

7. Eviction Diversion Revised GAP (Jordan Murray – "Presenter")

Jordan Murray presented the revised Eviction Diversion grant to the committee. In its January 2024 meeting, Mr. Murray informed the BFMC that the Eviction Diversion Initiative grant, awarded by the National Center for State Courts (NCSC), was being deferred following the unexpected closure of our intended subrecipient – People's Legal Aid. NCSC permitted us to seek a new nonprofit partner to inherit the subaward and proceed with the project. Utah Legal Services, a local nonprofit law office, has come forward as an interested and capable partner for this grant. The grant application proposal approved by the Judicial Council in March 2023 has been revised. No changes have been made to the original scope of work nor the resource impact assessment.

<u>Motion</u>: Judge Keith Barnes moved to send to Judicial Council for approval. Justice Paige Petersen seconded the motion, and it passed unanimously.

8. Revised Court Interpreter Accounting Manual policy 09-00.00 (Karl Sweeney – "Presenter")

Karl Sweeney reviewed changes to the Court Interpreter policy.

<u>Motion</u>: Judge Keith Barnes moved to approve. Judge Brian Brower seconded the motion, and it passed unanimously.

(1) Welcome and approval of minutes:

Judge Chiara welcomed committee members to the meeting. The committee considered the minutes from the February 2, 2024, meeting. With no changes, Judge Carpenter moved to approve the minutes as presented. Judge DiReda seconded the motion. The motion passed unanimously.

(2) Rules back from public comment:

- CJA 3-108. Judicial assistance
- CJA 4-202.02. Records classification
- CJA 4-202.03. Records access
- CJA 4-208. Automated case processing procedures

During the December 18, 2023 meeting, the Judicial Council approved amendments to rules 3-108, 4-202.02, 4-202.03, and 4-208 on an expedited basis with a January 1, 2024 effective date. The rules also went out for a 45-day public comment period that closed on February 3, 2024. No comments were received for rules 3-108, 4-202.02, and 4-208. Two comments were received on rule 4-202.03.

The amendments approved in December change the classification of and access to certain adoption records, juvenile court social records, and juvenile court legal records to align with rules of procedure and Utah Code. The amendments also allow attorneys representing individuals authorized to access adoption, expungement, and juvenile court social records to obtain copies of their client's records with a signed and notarized release.

The first public comment notes that court staff are unable to independently verify whether requesters seeking adoption and expungement records qualify for access under the rule. PP&T agreed and added

clarifying language in lines 17-18 and 47, requiring the requester to submit evidence of qualification along with their request.

The second public comment inquired as to whether requiring a birth certificate under (2)(A) might create an uninteded barrier to accessing adoption records. Often, requesters are seeking a copy of the adoption decree in order to obtain a birth certificate. The commenter asked that a provision be included allowing an individual to file a motion with the court if the requester is unable to provide certain documents. The commenter also noted a potential discrepancy in Rule 107 of the Utah Rules of Civil Procedure and an associated request form.

URCP 107(a) states: "An adoptive parent or adult adoptee may obtain a certified copy of the adoption decree upon request and presentation of positive identification."

The definition of "adoption document" in 78B-6-103(3) includes "an adoption-related document filed with the office, a petition for adoption, a decree of adoption, an original birth certificate, or evidence submitted in support of a supplementary birth certificate." Under 78B-6-141(2), "an adoption document and any other documents filed in connection with a petition for adoption are sealed." The proposed amendments to (2)(A) encompass all of the circumstances under which court staff may release sealed adoption records absent a court order. A person can file a petition for access under URCP 107, and the court may grant the petition upon a showing of good cause (78B-6-141(3)(c)).

Ms. Williams recommended against making additional amendments in response to the second comment. The potential discrepancy in URCP 107(a) has been referred to the Supreme Court's Advisory Committee on the Rules of Civil Procedure for consideration.

Following discussion, Judge Bazzelle moved to recommend to the Judicial Council that the new amendments made to CJA 4-202.03 be adopted as final with an expedited effective date. Because the changes are not substantive, PP&T does not believe an additional 45-day public comment period is required. Judge Carpenter seconded the motion. The motion passed unanimously.

(3) CJA 4-403. Electronic signature and signature stamp

The proposed amendments expand the list of document types in paragraph (1) for which clerks may apply a judge's or commissioner's signature stamp without prior review by the judge or commissioner, and in paragraph (3)(B), give judges broad discretion to approve additional document types not listed in the rule.

As currently proposed, new paragraph (3)(B) would render the list in paragraph (1) meaningless. Paragraph (3)(B) suggests that a presiding judge in the district and juvenile court may issue a standing order listing "specific document types" that may be signed by a clerk, while a justice court judge may issue a standing order for document types specific to their court. But approved document "types" are already listed in paragraph (1). Paragraph (3) refers to individual documents, not document "types." Under (3), if a document does not fall under one of the document types in (1), judges and commissioners must review the document before they can authorize a clerk to use their signature or signature stamp on that document. If the boards want to add new approved "document types," they must be added to paragraph (1). Alternatively, the list in (1) could be removed and judges could be granted broad discretion to determine what document types may be signed without review in their district or courtroom.

The committee discussed the possibility of moving paragraph (3)(B) under paragraph (1) and granting individual judges the discretion to authorize the use of their signature or signature stamp on additional document types not listed in the rule for documents issued by that judge. This would require written documentation of the judge's authorization. PP&T determined that whether to grant judges more discretion than is currently authorized under rule 4-403 is a policy question that must be made by the Judicial Council.

Following additional discussion, PP&T asked Ms. Wiliams and Ms. Mannebach to create two separate drafts for consideration; one maintaining the status quo and one granting broad discretion to individual judges or district benches. The two drafts will be placed on a future agenda.

(4) Manner of Appearance Rule

At a recent Supreme Court conference, the Court directed their advisory committees to draft proposed rules addressing remote vs. in-person proceedings. Justice Pohlman is chairing a work group to make those procedural rules consistent. Judge Mettler is the Council representative on that work group.

Judge Mettler asked Ms. Williams to revise Michael Drechsel's initial draft of CJA rule 4-101 with the following directions: create an enforcement mechanism; strip procedural language; address notice requirements; and include a reference to related procedural rules.

During discussion, PP&T determined that the enforcement language in paragraph (3) is sufficient to put presiding judges on notice that they are responsible for ensuring compliance under rules 3-104 and 9-109 and directed Ms. Williams to ensure the definitions are consistent with the definitions in the related procedural rules. How the court should provide notice to parties regarding the manner in which a particular hearing will be held, and what information should be included in that notice, depends in part on the mechanisms outlined in the procedural rules for requesting, granting, or denying requests for a specific manner of appearance. If the request/approval/denial process is occurring informally by email with a judge's team, should the "notice" also be sent informally via email? If requests/approvals/denials can be made verbally on the record, how should the "notice" be communicated? How specific should the notice be? We likely do not have the resources to create a dedicated line for technical support if a litigant has trouble logging into a hearing. Should the notice include information about the ability to appear remotely via a kiosk at the courthouse? Could we create a webpage with instructions about remote appearances and just include a link to those instructions in the notice?

Further amendments to the draft will be made once the advisory committees finalize their drafts.

Technology report/proposals:

Technology Emergency Response Plan

The Technology Advisory Subcommittee recommended adoption of the Technology Emergency Response Plan. The plan provides guidance, a framework, and references for AOC Information Technology staff responding to a technology emergency (e.g., data center or network outage, cyberattack, data breach, facility damage, etc.).

This plan identifies required actions and resources to address technology emergencies generally and does not attempt to prescribe actions as each technology emergency event will be unique. Events that

do not rise to the level of emergency are defined as an Incident and are managed as an operational activity. Technology Incident procedures are not included in this document.

In response to a technology emergency, AOC IT staff will evaluate the circumstances of the emergency and begin to take mitigating and restorative actions. Restorative actions for the most part are normal operational tasks (e.g., building a server, restoring a database, purchasing equipment, etc.) that staff conduct on a daily or routine basis. However, the details of a particular emergency will determine the specific actions needed to restore operations that do not fall within normal operational activity.

The committee reviewed and made minor grammatical amendments to the policy. The committee thanked the Technology Advisory Subcommittee for their work.

Following further discussion, Judge DiReda moved to recommend to the Judicial Council that the AOC's Technology Emergency Response Plan be approved as final. As the plan is an internal policy, a 45-day comment period is not required. Judge Carpenter seconded the motion. The motion passed unanimously. The policy should be discussed by the Council in a closed session.

Old Business/New Business: None

Adjourn: With no further items for discussion, the meeting adjourned at 2:10 p.m. The next meeting will be held on April 5, 2024, at noon via Webex video conferencing.

Utah Court-Annexed Alternative Dispute Resolution (ADR) Program Annual Report FY2023

History

In 1994, the Utah State Legislature enacted the Utah Alternative Dispute Resolution Act which required the Judicial Council to implement a program utilizing Alternative Dispute Resolution (ADR) in the state courts. The program was implemented by Judicial Council and Supreme Court rules in January 1995.

ADR Programs

Child Welfare Mediation Statewide (Juvenile Court cases involving abuse or neglect)

Divorce Mediation Statewide (U.C.A. §30-3-39) **Co-Parenting Mediation** Third District (U.C.A. §30-3-38)

General Civil Referrals
Restorative Justice
Statewide (Mediation or Arbitration) (UCJA 4-510.05)
Statewide (Juvenile Victim/Offender & Truancy Mediation)

Probate Mediation Statewide (UCJA 6-506)
Small Claims Mediation Various Justice Courts
Small Claims Appeals Second and Third Districts

ADR Programs Structure and Rationale

The Utah Court ADR Programs are structured in various ways. In general, if the program is mandatory, we have more interest in quality assurance and require more training, oversight, and evaluation. All mediation programs administered directly by the ADR Office are offered both online and in-person.

- For **General Civil and Probate case referrals** we administer a Court Roster of private mediators and arbitrators who have met specific education, experience and ethical requirements as outlined in UCJA 4-510.03 and who requalify annually. Parties select their own mediator in these cases.
- For **Mandatory Divorce Mediation** we administer a Divorce Roster of mediators who have received additional, specialized training and mentoring.
- For **Co-parenting Mediation** referrals, which are required by statute to be mediated within 15 days of filing, we screen cases, contact parties, and assign mediations to a closed roster of private providers with specialized experience and training.
- For Child Welfare Mediation cases, which are court-ordered by Juvenile Court judges, and subject to very tight statutory timelines, we provide court staff mediators hired and trained specifically for these cases.
- For Juvenile Court Victim/Offender and Truancy cases, we provide court staff mediators hired and trained specifically for these case types.
- Small Claims Mediation programs utilize trained volunteer mediators and are administered through collaborations with universities and nonprofit community mediation organizations.

ADR Program Statistics and Services –FY2023

- 1,786 cases were referred to mediation programs that are directly administered by the Court's ADR Office. In addition, more than 4,190 cases were mediated by court-rostered mediators and arbitrators, selected by parties.
- Six ADR staff mediators (5.5 FTE) were assigned 1,420 Child Welfare mediations statewide. Of those cases mediated, 90% were resolved. (Since 1998, the Child Welfare Mediation Program has conducted over 22,700 mediations for the Utah State Juvenile Courts.)
- Two Juvenile Justice Mediators were assigned 59 Victim/Offender mediations and 24 Truancy mediations statewide.
- 93 pro bono Divorce and Co-parenting mediations were arranged by ADR staff.
- More than 850 *pro bono* mediations were provided through ADR Program collaborations with nonprofit community mediation organizations and educational institutions.
- The Utah Court Roster lists 190 ADR Providers who reported mediating 4,051 cases and arbitrating 139 cases in FY23. A total of 491 *pro bono* mediations and 35 *pro bono* arbitrations were provided by members of the Court Roster. Thirty-seven new applications and 143 roster re-qualifications were processed by the ADR Office.
- The ADR Committee of the Utah Judicial Council provides ethics outreach and education through the Utah Mediation Best Practice Guide created by the Committee in 2016. The Committee reviews and updates the Best Practice Guide based on input from outreach efforts, developments in the field of ADR and changes in communications technologies. The Committee has recently drafted a new section of the Guide which covers Best Practice for Online Mediation and will focus next on adding a section on Artificial Intelligence (AI).
- The ADR Committee has initiated a collaboration with the Utah Council on Conflict Resolution (UCCR) to provide more opportunities for newly trained mediators to observe experienced court-rostered mediators.
- In FY23, The ADR Committee provided Judicial Settlement Conference Training to 32 District Court Judges. There were 303 Judicial Settlement Conferences conducted in the past year.
- ADR Office public outreach and education efforts are ongoing and provided through annual reports, seminar and conference presentations, and the ADR Program website.

MEMORANDUM

To: Judicial Council

From: Michael C. Drechsel, Assistant State Court Administrator

Date: Monday, April 15, 2024

Re: Uniform Fine Committee – Proposed 2024 Uniform Fine Schedule

The Uniform Fine Committee recommends that the Judicial Council adopt the following four versions of the 2024 Uniform Fine Schedule ("the UFS") to be published on the indicated effective date:

- 2024 Uniform Fine Schedule May 1, 2024 version (see Attachment A);
- 2024 Uniform Fine Schedule July 1, 2024 version (see **Attachment B**);
- 2024 Uniform Fine Schedule September 1, 2024 version (see Attachment C); and
- 2024 Uniform Fine Schedule January 1, 2025 version (see **Attachment D**).

The 2024 updates to the UFS are the result of the following significant changes since the current version was approved by the Judicial Council in April 2023.

- 38 bills from the 2024 general legislative session that removed, added, or modified entries on the UFS (including a continuation of the massive multi-year criminal code recodification in HB0015).
- 2) In 2021, the legislature divided the Division of Parks and Recreation into two new entities: the Division of Outdoor Recreation and the Division of State Parks. As a result of this restructuring, the two entities have now sorted through the Utah Administrative Code and divided the existing rules into those that relate to specific statutory duties assigned to each division. This results in a nearly complete rewrite of the UFS entries currently listed under "Parks and Recreation" (but will be "Outdoor Rec & State Parks" moving forward), as well as a review and realignment of the UFS "Utah Code" entries related to offenses in Title 41, Chapter 22 (offhighway vehicles) and Title 73, Chapter 18 (boating).
- 3) Routine ongoing maintenance and corrections have been made to several of the UFS entries and the speeding tables.

Over the last six weeks, AOC staff carefully reviewed the UFS for relevant necessary changes and has generated a detailed list of **658 proposed fine schedule changes** (**326** changes to Utah Code

entries, **323** changes to parks and rec (administrative code) enties, **5** changes to wildlife resources entries, and **4** changes to federal motor carrier entries).

On April 9, 2024, the Judicial Council's Uniform Fine Committee members met and reviewed all of the proposed changes one at a time, incorporating the changes into a proposed 2024 Uniform Fine Schedule. The changes are now marked in the following materials with four color-coded labels, as follows:

ADD (127 UFS entries):

• these are offenses that were not previously included in the Uniform Fine Schedule, but have become necessary due to legislative changes or were existing offenses that were discovered as bills were reviewed;

EDIT (200 UFS entries):

• these entries retain the same offense violation code, but required some modification to the existing description, fine amount, etc. (the changed details are in **bold underline**);

RENUMBER (11 UFS entries):

• these existing entries have been renumbered to reflect changes in statutory numbering, mostly as a result of the recodification projects; and

REMOVE (320 UFS entries):

• these offense codes have been either completely eliminated from Utah Code or have been replaced with accompanying "Add," "Edit," or "Renumber" entries.

In addition to the substantive changes to offense entries, the committee also made some minor substantive revisions to the eight-page Uniform Fine Schedule introduction, including simplyifying language where possible.

Finally, while the vast majority of these changes will be effective May 1, 2024, several legislative items have delayed effective dates, as follows:

- July 1, 2024 HB0382, HB0395, and SB0061
- September 1, 2024 SB0079 and SB0095
- January 1, 2025 HB0052, HB0469, SB0045, and SB0104

To effectuate efficient publication of updated materials for each of the respective effective dates, the Uniform Fine Committee is requesting that the Judicial Council approve four versions of the fine schedule — one for each of the four effective dates.

The committee and its staff are prepared to answer any specific questions you may have about any of the identified changes in the proposed 2024 Uniform Fine Schedule.

¹ Once approved, this color-coding (which only exist to highlight the proposed changes) will be removed from the final materials made available to the public.

ATTACHMENT A

2024 Uniform Fine Schedule – May 1, 2024 version

20232024 UNIFORM FINE SCHEDULE

INTENT

It is the intent of the Uniform Fine Schedule to assist the sentencing judge in determining the appropriate fine to be imposed as a condition of the sentence in a particular case and to minimize disparity in sentencing for similar offenses and offenders. This schedule is not intended to supplant or to minimize a court's authority to impose a just sentence.

APPLICABILITY

These guidelines apply to all Utah courts whenever a criminal fine may be imposed.

In determining whether a fine is appropriate to impose as a condition of the sentence for a public offense, a judge should consider several factors, including aggravating and/or mitigating circumstances as set forth in Form 6 of the <u>Sentencing and Release Guidelines</u>, the cumulative effect of probation conditions, and the ability of the defendant to pay.

The Uniform Fine Schedule should not be used in setting a financial condition of release. See Appendix J of the Code of Judicial Administration.

In cases where a defendant may remit a fine without personally appearing before the court, the recommended fine amount may be increased by \$50 if the defendant fails to appear or pay within fourteen days after receiving the citation. The recommended fine amount may be increased by an additional \$75 if the defendant fails to appear or pay within forty days after receiving the citation. See Utah Code of Judicial Administration Rule 4-701. For information on how to calculate the surcharge on delinquent enhancements, contact the Administrative Office of the Courts.

TRAFFIC-RELATED OFFENSES

Overweight Violations

The Pursuant to Utah Code section 78A-7-120(4), the assessing court shall retain as court costs the first \$50 of the fine for offenses under Utah Code sections 72-7-404 and 72-7-406. The remainder of the fine shall be paid in accordance with Utah Code section 78A-7-120. See Gross Weight Chart for fines.

Traffic

The recommended fine may increase \$30 for moving traffic violations resulting in an accident.

In either adult or juvenile court, if an accident has occurred, it may be considered by the court as an aggravating circumstance, and the fine/amount for the cited offense (which caused the accident) may be increased by the indicated amount.

All traffic offenses involving personal injury or death require a MANDATORY APPEARANCE.

A credit of \$8 must be applied towards a fine imposed on any motor vehicle violation for the operator of a motorcycle or motor-driven cycle, class 3 electric assisted bicycle or autocycle not fully enclosed if the operator was 21 years old or older at the time of violation AND the operator was wearing protective head gear (Utah Code section 41-6a-1505), except for DUI offenses.

Nonresident Violator Compact

At the present time the following states are not members of the Nonresident Violator Compact (NRVC) and will not act on a request to suspend the driver's license of a person, who has been issued a traffic citation in the State of Utah and who failed to appear or contact the court on the citation: Alaska, California, Michigan, Montana, Oregon, and Wisconsin.

All other states, including the District of Columbia, are members of this compact and, with the exception of the following traffic offenses, will act on a request to suspend a driver license if the request reaches that state within six months of the date of the violation:

- those offenses requiring a mandatory appearance such as driving under the influence; failure to stop in the event of an accident that causes death, personal injuries, or damage to property; and offenses that the directors of the compact have determined to require a mandatory appearance such as driving on suspension, driving on revocation, etc.;
- 2. parking or standing violations;
- 3. highway weight limit violations; and
- 4. violations of the law governing the transportation of hazardous materials.

Because a request under the NRVC must reach a state within six months, it must be received by the Utah Driver License Division no later than five months after the issuance of the citation. There is no FTC in the NRVC, only FTAs. If partial payment is accepted by the court, that payment constitutes an appearance, and the court cannot issue an FTC against the out-of-state driver.

PROCEEDING ON CITATION

Utah Code section 77-7-21 allows a court to proceed with a matter on citation in lieu of an information with the consent of the defendant. It states that, where provided in the Uniform Fine Schedule, an individual may remit a fine without making a personal appearance before the court in certain circumstances.

For any class B or class C misdemeanor or any infraction listed as "Mandatory Appearance," the court may allow a defendant to voluntarily remit the fine and other penalties in lieu of appearance, unless the charge:

- 1. is a domestic violence offense;
- 2. is a DUI or driving with measurable controlled substance offense; or
- 3. appears to affect a victim or requires restitution.

For all other infractions, the court may allow the defendant to voluntarily remit the fine and other penalties in lieu of appearance.

SENTENCING

The felony matrix and misdemeanor matrix are guidelines for assessing penalties and fines after adjudication of a case requiring a mandatory appearance. The matrices include a broad range of fines from the statutory maximum to a base minimum within each category of offense. The matrices are to be used in conjunction with the criminal history assessment criteria. From the base financial sanction in each category, the schedules provide an escalation of the fine in correlation with the points accumulated in the criminal history criteria. The matrices also specify when both incarceration and a fine may be appropriate. Pre-sentence investigation reports include the criminal history data necessary to place the defendant's case on the matrix. In those cases where a pre-sentence report is not available, a defendant's criminal history should be verified before placing the defendant's case on the matrix. A defendant's ability to pay should be considered in determining whether or not to impose a fine and, if a fine is imposed, in establishing a payment plan.

CRIMINAL HISTORY ASSESSMENT FOR USE IN SENTENCING

The General Disposition Matrix, consistent with the Utah <u>Sentencing and Release Guidelines</u> — Form 1 and Form 5, classifies a defendant's criminal history in five categories from excellent (0-3 points), good (4-7 points), moderate (8-11 points), fair (12-15 points), and poor (16+ points). The appropriate classification is determined by summing points assessed in the Criminal History Scoring Section of Form 1 and Form 5 of the Utah Adult Sentencing and Release Guidelines.

In assessing fines for class A and B misdemeanor offenses, excluding statutorily mandated fine amounts, the criminal disposition matrix is as follows:

| GENERAL DISPOSITION MATRIX — Misdemeanors | | | | | | | | | | |
|---|---------------------------------------|---------------------------------------|--|--|--|--|--|--|--|--|
| CRIMINAL HISTORY | Class A Misdemeanors Person or Drugs | Class B Misdemeanors Person or Drugs | | | | | | | | |
| POOR \$2,500 \$1,000 | | | | | | | | | | |
| FAIR | \$2,010 | \$860 | | | | | | | | |
| MODERATE | \$1,510 | \$660 | | | | | | | | |
| GOOD | \$1,010 | \$460 | | | | | | | | |
| EXCELLENT | \$510 | \$260 | | | | | | | | |

THE AMOUNTS IN THIS MATRIX DO NOT INCLUDE THE SURCHARGE.

Additional considerations in assessing fines:

- fines for class C misdemeanors may be assessed from \$100 to \$750 using the same classification considerations per Utah Code section 76-3-301;
- consider jail on a second offense;
- fines for infractions may be assessed from \$0 to \$500;
- credit is allowed towards fines for time served in jail at the rate of \$100 day; and

• credit is allowed towards fines for community service at a rate of not less than \$10/hr., per Utah Code section 76-3-301.7.

2023-2024 UNIFORM FINE SCHEDULE

ANY OFFENSE NOT SPECIFICALLY NAMED ON THE FINE SCHEDULE AND NOT CONTAINED IN A SPECIFIC FINE SCHEDULE SHALL BE AS FOLLOWS:

| FELONY OFFENSES 1st degree with minimum mandatory sentence Other 1st degree 2nd degree 3rd degree | \$25,000 \$20,000 \$10,000 \$5,000 |

NOTE: Recommended and maximum includes all potential surcharges.

2023-2024 DUI FINE TABLE

Utah Code section <u>41-6a-505</u> outlines minimum mandatory fines that must be imposed upon conviction for driving under the influence of alcohol, drugs, or a combination of both. In addition to these fines, Utah Code section <u>51-9-401</u> requires that a 90% criminal surcharge be paid on each fine imposed by the court. Finally, Utah Code requires that a security surcharge be assessed in addition to any fine or other surcharge: \$53 in district court (Utah Code § <u>78A-7-122</u>) and \$60 in justice court (Utah Code § <u>78A-7-122</u>). The tables below outline these amounts.

| | In District Court | In Justice Court | | | |
|---|-------------------|------------------|--|--|--|
| MISDEMEANOR DUI First Conviction | \$1,383 | \$1,390 | | | |
| Minimum Mandatory Fine 41-6a-505(1)(a)(v) and (3)(a)(v) | \$7 | 00 | | | |
| Criminal Surcharge (90%) 51-9-401(1)(b)(i)(C) | \$630 | | | | |
| Security Surcharge District: 78A-2-601(1); Justice: 78A-7-122(1) | \$53 | \$60 | | | |

| | In District Court | In Justice Court | | | |
|---|-------------------|------------------|--|--|--|
| MISDEMEANOR DUI Prior Conviction within 10 Years | \$1,573 | \$1,580 | | | |

| Security Surcharge 78A-2-601(1) | \$53 |

GUIDE TO THE UNIFORM FINE SCHEDULE

The Uniform Fine Schedule is published in both .PDF (Adobe Acrobat) and .XLS (Excel) file formats. The .PDF format is organized for ease of printing and the .XLS format has been provided for ease in sorting. You can access these files here.

"Violation Code" Column

The code for the violation is based on Utah statute.

"Description" Column

Description of the applicable violation.

"Default Severity" Column

The severity of the offense as determined by statute.

"Mandatory Appearance" Column

This column is marked Y (Yes) if a court appearance is required to resolve this offense or N (No) if no appearance is necessary and the offense can be resolved by paying the designated fine.

"Suggested Fine" Column

The total Suggested Fine and Security Surcharge.

This includes the \$60 security surcharge for justice courts.

"Comp Credit" Column (Compliance Credit)

This is the amount of credit given for complying with violation requirements prior to resolving the offense. The "Comments" column describes the compliance required.

"Non-Moving Traffic" Column

This column is marked "Y" (yes) if the offense is a non-moving traffic violation and "N" (no) if the offense is not a non-moving traffic violation. No surcharge should be imposed in non-moving traffic offenses. The Utah Judicial Council, through the designated Uniform Fine Committee, has the responsibility to define which offenses are moving and which are non-moving. They have established definitions as follows:

Moving violations involve an act or omission dealing with the actual driving of the motor vehicle (e.g., failure to yield, speeding).

Non-moving violations encompass status or conditions of the vehicle or driver license violations (*e.g.*, not registered, not licensed, broken equipment).

"Surcharae" Column

Utah Code section 51-9-401(1)(a) provides that "[a] surcharge shall be paid on all criminal fines, penalties, and forfeitures imposed by the courts." It also provides that the surcharge shall be:

- (i) **90%** upon conviction of a:
 - (A) felony;
 - (B) class A misdemeanor;
 - (C) violation of Title 41, Chapter 6a, Part 5, Driving Under the Influence and Reckless Driving; or

- (D) class B misdemeanor not classified within Title 41, Motor Vehicles, including violation of comparable county or municipal ordinances; or
- (ii) **35%** upon conviction of any other offense, including violation of county or municipal ordinances not subject to the 90% surcharge.

Under the statute, a surcharge may not be imposed upon:

- (a) non-moving traffic violations;
- (b) upon court orders when the offender is ordered to perform compensatory service work in lieu of paying a fine; and
- (c) upon penalties assessed by the juvenile court as part of the non-judicial adjustment of a case under Utah Code section <u>80-6-304</u>.

"DLD Reportable" Column

This column will be marked "Y" (yes) if the offense is reportable to the Utah Driver License Division and "N" (no) if not reportable. All states and the Canadian Provinces are members of the compact that shares information regarding convictions for traffic violations. If the convicted violator has a Utah, an out-of-state, or a Canadian driver license, a record of a conviction for an offense with a "Y" in this column will be sent to the Utah Driver License Division within 10 days of the conviction or bail forfeiture. See Utah Code section 77-7-25 and Utah Code section 53-3-218.

A plea in abeyance in Utah will not assess points to a driving record. A plea in abeyance may be handled differently in the motorist's home state.

Pleas in Abeyance:

For a Utah non-CDL (commercial driver license) driver:

A plea in abeyance does not assess points on the driver's motor vehicle record (MVR).

For a CDL (commercial driver license) driver:

A plea in abeyance will be reflected as a citation on the MVR for a CDL driver because federal law prohibits the Driver License Division (DLD) from masking or deferring judgment for a traffic citation for CDL drivers. If the violation requires a mandatory CDL license disqualification, DLD will also take action on an abeyance.

For a non-resident, non-CDL driver:

A plea in abeyance disposition may or may not result in assessed points on a license issued in a NRVC (Non-Resident Violator Compact) state. Drivers should contact their home state driver license division to determine if a plea in abeyance disposition in Utah will be recognized as a conviction or a diversion.

"BCI Reportable" Column

This column will be marked "Y" (yes) if the offense is reportable to the Utah Bureau of Criminal Identification (BCI) and "N" (no) if it is not reportable. Offenses are determined reportable by the Utah Bureau of Criminal Identification.

"Transport" Column

This column is used to designate transportation requirements for individuals arrested in a county other than the county from which the warrant was issued. Utah Code of Judicial Administration Rule 4-613.

- C requires transportation only within the county.
- S requires transportation within the state.

Unless otherwise ordered by the court, warrants for the following offenses will require transportation from the county in which the defendant is arrested:

- felonies;
- class A misdemeanors; and
- class B misdemeanors charged under Utah Code Title 76, Chapter 5 (Offenses Against the Person), Title 76, Chapter 10, Part 5 (Weapons), and Title 41, Chapter 6a, Part 5 (Driving Under the Influence and Reckless Driving).

Unless otherwise ordered by the court, warrants for the following offenses will require transportation only within the county from which the warrant originates:

- class B misdemeanors not included above; and
- class C misdemeanors.

"Comments" Column

This field may contain comments regarding offense codes.

2024 Uniform Fine Schedule – July 1, 2024 version

2024 UNIFORM FINE SCHEDULE

INTENT

It is the intent of the Uniform Fine Schedule to assist the sentencing judge in determining the appropriate fine to be imposed as a condition of the sentence in a particular case and to minimize disparity in sentencing for similar offenses and offenders. This schedule is not intended to supplant or to minimize a court's authority to impose a just sentence.

APPLICABILITY

These guidelines apply to all Utah courts whenever a criminal fine may be imposed.

In determining whether a fine is appropriate to impose as a condition of the sentence for a public offense, a judge should consider several factors, including aggravating and/or mitigating circumstances as set forth in Form 6 of the <u>Sentencing and Release Guidelines</u>, the cumulative effect of probation conditions, and the ability of the defendant to pay.

The Uniform Fine Schedule should not be used in setting a financial condition of release. See Appendix J of the Code of Judicial Administration.

In cases where a defendant may remit a fine without personally appearing before the court, the recommended fine amount may be increased by \$50 if the defendant fails to appear or pay within fourteen days after receiving the citation. The recommended fine amount may be increased by an additional \$75 if the defendant fails to appear or pay within forty days after receiving the citation. See Utah Code of Judicial Administration Rule 4-701. For information on how to calculate the surcharge on delinquent enhancements, contact the Administrative Office of the Courts.

TRAFFIC-RELATED OFFENSES

Overweight Violations

Pursuant to Utah Code section $\frac{78A-7-120(4)}{100}$, the assessing court shall retain as court costs the first \$50 of the fine for offenses under Utah Code sections $\frac{72-7-404}{100}$ and $\frac{72-7-406}{100}$. The remainder of the fine shall be paid in accordance with Utah Code section $\frac{78A-7-120}{100}$. See Gross Weight Chart for fines.

Traffic

The recommended fine may increase \$30 for moving traffic violations resulting in an accident.

In either adult or juvenile court, if an accident has occurred, it may be considered by the court as an aggravating circumstance, and the fine/amount for the cited offense (which caused the accident) may be increased by the indicated amount.

All traffic offenses involving personal injury or death require a MANDATORY APPEARANCE.

A credit of \$8 must be applied towards a fine imposed on any motor vehicle violation for the operator of a motorcycle or motor-driven cycle, class 3 electric assisted bicycle or autocycle not fully enclosed if the operator was 21 years old or older at the time of violation AND the operator was wearing protective head gear (Utah Code section 41-6a-1505), except for DUI offenses.

Nonresident Violator Compact

At the present time the following states are not members of the Nonresident Violator Compact (NRVC) and will not act on a request to suspend the driver's license of a person, who has been issued a traffic citation in the State of Utah and who failed to appear or contact the court on the citation: Alaska, California, Michigan, Montana, Oregon, and Wisconsin.

All other states, including the District of Columbia, are members of this compact and, with the exception of the following traffic offenses, will act on a request to suspend a driver license if the request reaches that state within six months of the date of the violation:

- 1. those offenses requiring a mandatory appearance such as driving under the influence; failure to stop in the event of an accident that causes death, personal injuries, or damage to property; and offenses that the directors of the compact have determined to require a mandatory appearance such as driving on suspension, driving on revocation, etc.;
- 2. parking or standing violations;
- 3. highway weight limit violations; and
- 4. violations of the law governing the transportation of hazardous materials.

Because a request under the NRVC must reach a state within six months, it must be received by the Utah Driver License Division no later than five months after the issuance of the citation. There is no FTC in the NRVC, only FTAs. If partial payment is accepted by the court, that payment constitutes an appearance, and the court cannot issue an FTC against the out-of-state driver.

PROCEEDING ON CITATION

Utah Code section 77-7-21 allows a court to proceed with a matter on citation in lieu of an information with the consent of the defendant. It states that, where provided in the Uniform Fine Schedule, an individual may remit a fine without making a personal appearance before the court in certain circumstances.

For any class B or class C misdemeanor or any infraction listed as "Mandatory Appearance," the court may allow a defendant to voluntarily remit the fine and other penalties in lieu of appearance, unless the charge:

- 1. is a domestic violence offense;
- 2. is a DUI or driving with measurable controlled substance offense; or
- 3. appears to affect a victim or requires restitution.

For all other infractions, the court may allow the defendant to voluntarily remit the fine and other penalties in lieu of appearance.

SENTENCING

The felony matrix and misdemeanor matrix are guidelines for assessing penalties and fines after adjudication of a case requiring a mandatory appearance. The matrices include a broad range of fines from the statutory maximum to a base minimum within each category of offense. The matrices are to be used in conjunction with the criminal history assessment criteria. From the base financial sanction in each category, the schedules provide an escalation of the fine in correlation with the points accumulated in the criminal history criteria. The matrices also specify when both incarceration and a fine may be appropriate. Pre-sentence investigation reports include the criminal history data necessary to place the defendant's case on the matrix. In those cases where a pre-sentence report is not available, a defendant's criminal history should be verified before placing the defendant's case on the matrix. A defendant's ability to pay should be considered in determining whether or not to impose a fine and, if a fine is imposed, in establishing a payment plan.

CRIMINAL HISTORY ASSESSMENT FOR USE IN SENTENCING

The General Disposition Matrix, consistent with the Utah <u>Sentencing and Release Guidelines</u> — Form 1 and Form 5, classifies a defendant's criminal history in five categories from excellent (0-3 points), good (4-7 points), moderate (8-11 points), fair (12-15 points), and poor (16+ points). The appropriate classification is determined by summing points assessed in the Criminal History Scoring Section of Form 1 and Form 5 of the Utah Adult Sentencing and Release Guidelines.

In assessing fines for class A and B misdemeanor offenses, excluding statutorily mandated fine amounts, the criminal disposition matrix is as follows:

| C | GENERAL DISPOSITION MATRIX — Misdemeanors | | | | | | | | | | |
|----------------------|---|---------------------------------------|--|--|--|--|--|--|--|--|--|
| CRIMINAL HISTORY | Class A Misdemeanors Person or Drugs | Class B Misdemeanors Person or Drugs | | | | | | | | | |
| POOR \$2,500 \$1,000 | | | | | | | | | | | |
| FAIR | \$2,010 | \$860 | | | | | | | | | |
| MODERATE | \$1,510 | \$660 | | | | | | | | | |
| GOOD | \$1,010 | \$460 | | | | | | | | | |
| EXCELLENT | \$510 | \$260 | | | | | | | | | |

THE AMOUNTS IN THIS MATRIX DO NOT INCLUDE THE SURCHARGE.

Additional considerations in assessing fines:

- fines for class C misdemeanors may be assessed from \$100 to \$750 using the same classification considerations per Utah Code section 76-3-301;
- consider jail on a second offense;
- fines for infractions may be assessed from \$0 to \$500;
- credit is allowed towards fines for time served in jail at the rate of \$100 day; and

• credit is allowed towards fines for community service at a rate of \$10/hr., per Utah Code section 76-3-301.7.

2024 UNIFORM FINE SCHEDULE

ANY OFFENSE NOT SPECIFICALLY NAMED ON THE FINE SCHEDULE AND NOT CONTAINED IN A SPECIFIC FINE SCHEDULE SHALL BE AS FOLLOWS:

| FELONY OFFENSES 1st degree with minimum mandatory sentence Other 1st degree 2nd degree 3rd degree | \$25,000 \$20,000 \$10,000 \$5,000 |
|---|--|
| MISDEMEANORS (other than local ordinances) Class A Class B Class C Infractions | RECOMMENDED / MAXIMUM: \$1,960 / \$4,813 \$690 / \$1,970 \$350 / \$1,082.50 \$110 / \$1,082.50 |
| LOCAL ORDINANCES • Class B • Class C • Infractions | RECOMMENDED / MAXIMUM: \$350 / \$1,082.50 \$110 / \$1,082.50 \$110 / \$1,082.50 |

NOTE: Recommended and maximum includes all potential surcharges.

2024 DUI FINE TABLE

Utah Code section <u>41-6a-505</u> outlines minimum mandatory fines that must be imposed upon conviction for driving under the influence of alcohol, drugs, or a combination of both. In addition to these fines, Utah Code section <u>51-9-401</u> requires that a 90% criminal surcharge be paid on each fine imposed by the court. Finally, Utah Code requires that a security surcharge be assessed in addition to any fine or other surcharge: \$53 in district court (Utah Code § <u>78A-7-122</u>) and \$60 in justice court (Utah Code § <u>78A-7-122</u>). The tables below outline these amounts.

| | In District Court | In Justice Court | | |

GUIDE TO THE UNIFORM FINE SCHEDULE

The Uniform Fine Schedule is published in both .PDF (Adobe Acrobat) and .XLS (Excel) file formats. The .PDF format is organized for ease of printing and the .XLS format has been provided for ease in sorting. You can access these files here.

"Violation Code" Column

The code for the violation is based on Utah statute.

"Description" Column

Description of the applicable violation.

"Default Severity" Column

The severity of the offense as determined by statute.

"Mandatory Appearance" Column

This column is marked Y (Yes) if a court appearance is required to resolve this offense or N (No) if no appearance is necessary and the offense can be resolved by paying the designated fine.

"Suggested Fine" Column

The total Suggested Fine and Security Surcharge.

This includes the \$60 security surcharge for justice courts.

"Comp Credit" Column (Compliance Credit)

This is the amount of credit given for complying with violation requirements prior to resolving the offense. The "Comments" column describes the compliance required.

"Non-Moving Traffic" Column

This column is marked "Y" (yes) if the offense is a non-moving traffic violation and "N" (no) if the offense is not a non-moving traffic violation. No surcharge should be imposed in non-moving traffic offenses. The Utah Judicial Council, through the designated Uniform Fine Committee, has the responsibility to define which offenses are moving and which are non-moving. They have established definitions as follows:

Moving violations involve an act or omission dealing with the actual driving of the motor vehicle (e.g., failure to yield, speeding).

Non-moving violations encompass status or conditions of the vehicle or driver license violations (*e.g.*, not registered, not licensed, broken equipment).

"Surcharae" Column

Utah Code section 51-9-401(1)(a) provides that "[a] surcharge shall be paid on all criminal fines, penalties, and forfeitures imposed by the courts." It also provides that the surcharge shall be:

- (i) **90%** upon conviction of a:
 - (A) felony;
 - (B) class A misdemeanor;
 - (C) violation of Title 41, Chapter 6a, Part 5, Driving Under the Influence and Reckless Driving; or

- (D) class B misdemeanor not classified within Title 41, Motor Vehicles, including violation of comparable county or municipal ordinances; or
- (ii) **35%** upon conviction of any other offense, including violation of county or municipal ordinances not subject to the 90% surcharge.

Under the statute, a surcharge may not be imposed upon:

- (a) non-moving traffic violations;
- (b) upon court orders when the offender is ordered to perform compensatory service work in lieu of paying a fine; and
- (c) upon penalties assessed by the juvenile court as part of the non-judicial adjustment of a case under Utah Code section <u>80-6-304</u>.

"DLD Reportable" Column

This column will be marked "Y" (yes) if the offense is reportable to the Utah Driver License Division and "N" (no) if not reportable. All states and the Canadian Provinces are members of the compact that shares information regarding convictions for traffic violations. If the convicted violator has a Utah, an out-of-state, or a Canadian driver license, a record of a conviction for an offense with a "Y" in this column will be sent to the Utah Driver License Division within 10 days of the conviction or bail forfeiture. See Utah Code section 77-7-25 and Utah Code section 53-3-218.

A plea in abeyance in Utah will not assess points to a driving record. A plea in abeyance may be handled differently in the motorist's home state.

Pleas in Abeyance:

For a Utah non-CDL (commercial driver license) driver:

A plea in abeyance does not assess points on the driver's motor vehicle record (MVR).

For a CDL (commercial driver license) driver:

A plea in abeyance will be reflected as a citation on the MVR for a CDL driver because federal law prohibits the Driver License Division (DLD) from masking or deferring judgment for a traffic citation for CDL drivers. If the violation requires a mandatory CDL license disqualification, DLD will also take action on an abeyance.

For a non-resident, non-CDL driver:

A plea in abeyance disposition may or may not result in assessed points on a license issued in a NRVC (Non-Resident Violator Compact) state. Drivers should contact their home state driver license division to determine if a plea in abeyance disposition in Utah will be recognized as a conviction or a diversion.

"BCI Reportable" Column

This column will be marked "Y" (yes) if the offense is reportable to the Utah Bureau of Criminal Identification (BCI) and "N" (no) if it is not reportable. Offenses are determined reportable by the Utah Bureau of Criminal Identification.

"Transport" Column

This column is used to designate transportation requirements for individuals arrested in a county other than the county from which the warrant was issued. Utah Code of Judicial Administration Rule 4-613.

- C requires transportation only within the county.
- S requires transportation within the state.

Unless otherwise ordered by the court, warrants for the following offenses will require transportation from the county in which the defendant is arrested:

- felonies;
- class A misdemeanors; and
- class B misdemeanors charged under Utah Code Title 76, Chapter 5 (Offenses Against the Person), Title 76, Chapter 10, Part 5 (Weapons), and Title 41, Chapter 6a, Part 5 (Driving Under the Influence and Reckless Driving).

Unless otherwise ordered by the court, warrants for the following offenses will require transportation only within the county from which the warrant originates:

- class B misdemeanors not included above; and
- class C misdemeanors.

"Comments" Column

This field may contain comments regarding offense codes.

2024 Uniform Fine Schedule – September 1, 2024 version

2024 UNIFORM FINE SCHEDULE

INTENT

It is the intent of the Uniform Fine Schedule to assist the sentencing judge in determining the appropriate fine to be imposed as a condition of the sentence in a particular case and to minimize disparity in sentencing for similar offenses and offenders. This schedule is not intended to supplant or to minimize a court's authority to impose a just sentence.

APPLICABILITY

These guidelines apply to all Utah courts whenever a criminal fine may be imposed.

In determining whether a fine is appropriate to impose as a condition of the sentence for a public offense, a judge should consider several factors, including aggravating and/or mitigating circumstances as set forth in Form 6 of the <u>Sentencing and Release Guidelines</u>, the cumulative effect of probation conditions, and the ability of the defendant to pay.

The Uniform Fine Schedule should not be used in setting a financial condition of release. See Appendix J of the Code of Judicial Administration.

In cases where a defendant may remit a fine without personally appearing before the court, the recommended fine amount may be increased by \$50 if the defendant fails to appear or pay within fourteen days after receiving the citation. The recommended fine amount may be increased by an additional \$75 if the defendant fails to appear or pay within forty days after receiving the citation. See Utah Code of Judicial Administration Rule 4-701. For information on how to calculate the surcharge on delinquent enhancements, contact the Administrative Office of the Courts.

TRAFFIC-RELATED OFFENSES

Overweight Violations

Pursuant to Utah Code section $\frac{78A-7-120(4)}{100}$, the assessing court shall retain as court costs the first \$50 of the fine for offenses under Utah Code sections $\frac{72-7-404}{100}$ and $\frac{72-7-406}{100}$. The remainder of the fine shall be paid in accordance with Utah Code section $\frac{78A-7-120}{100}$. See Gross Weight Chart for fines.

Traffic

The recommended fine may increase \$30 for moving traffic violations resulting in an accident.

In either adult or juvenile court, if an accident has occurred, it may be considered by the court as an aggravating circumstance, and the fine/amount for the cited offense (which caused the accident) may be increased by the indicated amount.

All traffic offenses involving personal injury or death require a MANDATORY APPEARANCE.

A credit of \$8 must be applied towards a fine imposed on any motor vehicle violation for the operator of a motorcycle or motor-driven cycle, class 3 electric assisted bicycle or autocycle not fully enclosed if the operator was 21 years old or older at the time of violation AND the operator was wearing protective head gear (Utah Code section 41-6a-1505), except for DUI offenses.

Nonresident Violator Compact

At the present time the following states are not members of the Nonresident Violator Compact (NRVC) and will not act on a request to suspend the driver's license of a person, who has been issued a traffic citation in the State of Utah and who failed to appear or contact the court on the citation: Alaska, California, Michigan, Montana, Oregon, and Wisconsin.

All other states, including the District of Columbia, are members of this compact and, with the exception of the following traffic offenses, will act on a request to suspend a driver license if the request reaches that state within six months of the date of the violation:

- those offenses requiring a mandatory appearance such as driving under the influence; failure to stop in the event of an accident that causes death, personal injuries, or damage to property; and offenses that the directors of the compact have determined to require a mandatory appearance such as driving on suspension, driving on revocation, etc.;
- 2. parking or standing violations;
- 3. highway weight limit violations; and
- 4. violations of the law governing the transportation of hazardous materials.

Because a request under the NRVC must reach a state within six months, it must be received by the Utah Driver License Division no later than five months after the issuance of the citation. There is no FTC in the NRVC, only FTAs. If partial payment is accepted by the court, that payment constitutes an appearance, and the court cannot issue an FTC against the out-of-state driver.

PROCEEDING ON CITATION

Utah Code section 77-7-21 allows a court to proceed with a matter on citation in lieu of an information with the consent of the defendant. It states that, where provided in the Uniform Fine Schedule, an individual may remit a fine without making a personal appearance before the court in certain circumstances.

For any class B or class C misdemeanor or any infraction listed as "Mandatory Appearance," the court may allow a defendant to voluntarily remit the fine and other penalties in lieu of appearance, unless the charge:

- 1. is a domestic violence offense;
- 2. is a DUI or driving with measurable controlled substance offense; or
- 3. appears to affect a victim or requires restitution.

For all other infractions, the court may allow the defendant to voluntarily remit the fine and other penalties in lieu of appearance.

SENTENCING

The felony matrix and misdemeanor matrix are guidelines for assessing penalties and fines after adjudication of a case requiring a mandatory appearance. The matrices include a broad range of fines from the statutory maximum to a base minimum within each category of offense. The matrices are to be used in conjunction with the criminal history assessment criteria. From the base financial sanction in each category, the schedules provide an escalation of the fine in correlation with the points accumulated in the criminal history criteria. The matrices also specify when both incarceration and a fine may be appropriate. Pre-sentence investigation reports include the criminal history data necessary to place the defendant's case on the matrix. In those cases where a pre-sentence report is not available, a defendant's criminal history should be verified before placing the defendant's case on the matrix. A defendant's ability to pay should be considered in determining whether or not to impose a fine and, if a fine is imposed, in establishing a payment plan.

CRIMINAL HISTORY ASSESSMENT FOR USE IN SENTENCING

The General Disposition Matrix, consistent with the Utah <u>Sentencing and Release Guidelines</u> — Form 1 and Form 5, classifies a defendant's criminal history in five categories from excellent (0-3 points), good (4-7 points), moderate (8-11 points), fair (12-15 points), and poor (16+ points). The appropriate classification is determined by summing points assessed in the Criminal History Scoring Section of Form 1 and Form 5 of the Utah Adult Sentencing and Release Guidelines.

In assessing fines for class A and B misdemeanor offenses, excluding statutorily mandated fine amounts, the criminal disposition matrix is as follows:

| | GENERAL DISPOSITION MATRIX — N | Misdemeanors |
|------------------|---------------------------------------|---------------------------------------|
| CRIMINAL HISTORY | Class A Misdemeanors Person or Drugs | Class B Misdemeanors Person or Drugs |
| POOR | \$2,500 | \$1,000 |
| FAIR | \$2,010 | \$860 |
| MODERATE | \$1,510 | \$660 |
| GOOD | \$1,010 | \$460 |
| EXCELLENT | \$510 | \$260 |

THE AMOUNTS IN THIS MATRIX DO NOT INCLUDE THE SURCHARGE.

Additional considerations in assessing fines:

- fines for class C misdemeanors may be assessed from \$100 to \$750 using the same classification considerations per Utah Code section 76-3-301;
- consider jail on a second offense;
- fines for infractions may be assessed from \$0 to \$500;
- credit is allowed towards fines for time served in jail at the rate of \$100 day; and

• credit is allowed towards fines for community service at a rate of \$10/hr., per Utah Code section 76-3-301.7.

2024 UNIFORM FINE SCHEDULE

ANY OFFENSE NOT SPECIFICALLY NAMED ON THE FINE SCHEDULE AND NOT CONTAINED IN A SPECIFIC FINE SCHEDULE SHALL BE AS FOLLOWS:

| FELONY OFFENSES • 1st degree with minimum mandatory sentence • Other 1st degree • 2nd degree • 3rd degree | \$25,000 \$20,000 \$10,000 \$5,000 |
|--|--|
| MISDEMEANORS (other than local ordinances) Class A Class B Class C Infractions | RECOMMENDED / MAXIMUM: \$1,960 / \$4,813 \$690 / \$1,970 \$350 / \$1,082.50 \$110 / \$1,082.50 |
| LOCAL ORDINANCES • Class B • Class C • Infractions | RECOMMENDED / MAXIMUM: \$350 / \$1,082.50 \$110 / \$1,082.50 \$110 / \$1,082.50 |

NOTE: Recommended and maximum includes all potential surcharges.

2024 DUI FINE TABLE

Utah Code section <u>41-6a-505</u> outlines minimum mandatory fines that must be imposed upon conviction for driving under the influence of alcohol, drugs, or a combination of both. In addition to these fines, Utah Code section <u>51-9-401</u> requires that a 90% criminal surcharge be paid on each fine imposed by the court. Finally, Utah Code requires that a security surcharge be assessed in addition to any fine or other surcharge: \$53 in district court (Utah Code § <u>78A-7-122</u>) and \$60 in justice court (Utah Code § <u>78A-7-122</u>). The tables below outline these amounts.

| | In District Court | In Justice Court | | | |
|---|--|------------------|--|--|--|
| MISDEMEANOR DUI First Conviction | \$1,383 \$1,390 \$700 \$630 \$53 \$60 | \$1,390 | | | |

GUIDE TO THE UNIFORM FINE SCHEDULE

The Uniform Fine Schedule is published in both .PDF (Adobe Acrobat) and .XLS (Excel) file formats. The .PDF format is organized for ease of printing and the .XLS format has been provided for ease in sorting. You can access these files here.

"Violation Code" Column

The code for the violation is based on Utah statute.

"Description" Column

Description of the applicable violation.

"Default Severity" Column

The severity of the offense as determined by statute.

"Mandatory Appearance" Column

This column is marked Y (Yes) if a court appearance is required to resolve this offense or N (No) if no appearance is necessary and the offense can be resolved by paying the designated fine.

"Suggested Fine" Column

The total Suggested Fine and Security Surcharge.

This includes the \$60 security surcharge for justice courts.

"Comp Credit" Column (Compliance Credit)

This is the amount of credit given for complying with violation requirements prior to resolving the offense. The "Comments" column describes the compliance required.

"Non-Moving Traffic" Column

This column is marked "Y" (yes) if the offense is a non-moving traffic violation and "N" (no) if the offense is not a non-moving traffic violation. No surcharge should be imposed in non-moving traffic offenses. The Utah Judicial Council, through the designated Uniform Fine Committee, has the responsibility to define which offenses are moving and which are non-moving. They have established definitions as follows:

Moving violations involve an act or omission dealing with the actual driving of the motor vehicle (e.g., failure to yield, speeding).

Non-moving violations encompass status or conditions of the vehicle or driver license violations (*e.g.*, not registered, not licensed, broken equipment).

"Surcharae" Column

Utah Code section 51-9-401(1)(a) provides that "[a] surcharge shall be paid on all criminal fines, penalties, and forfeitures imposed by the courts." It also provides that the surcharge shall be:

- (i) **90%** upon conviction of a:
 - (A) felony;
 - (B) class A misdemeanor;
 - (C) violation of Title 41, Chapter 6a, Part 5, Driving Under the Influence and Reckless Driving; or

- (D) class B misdemeanor not classified within Title 41, Motor Vehicles, including violation of comparable county or municipal ordinances; or
- (ii) **35%** upon conviction of any other offense, including violation of county or municipal ordinances not subject to the 90% surcharge.

Under the statute, a surcharge may not be imposed upon:

- (a) non-moving traffic violations;
- (b) upon court orders when the offender is ordered to perform compensatory service work in lieu of paying a fine; and
- (c) upon penalties assessed by the juvenile court as part of the non-judicial adjustment of a case under Utah Code section <u>80-6-304</u>.

"DLD Reportable" Column

This column will be marked "Y" (yes) if the offense is reportable to the Utah Driver License Division and "N" (no) if not reportable. All states and the Canadian Provinces are members of the compact that shares information regarding convictions for traffic violations. If the convicted violator has a Utah, an out-of-state, or a Canadian driver license, a record of a conviction for an offense with a "Y" in this column will be sent to the Utah Driver License Division within 10 days of the conviction or bail forfeiture. See Utah Code section 77-7-25 and Utah Code section 53-3-218.

A plea in abeyance in Utah will not assess points to a driving record. A plea in abeyance may be handled differently in the motorist's home state.

Pleas in Abeyance:

For a Utah non-CDL (commercial driver license) driver:

A plea in abeyance does not assess points on the driver's motor vehicle record (MVR).

For a CDL (commercial driver license) driver:

A plea in abeyance will be reflected as a citation on the MVR for a CDL driver because federal law prohibits the Driver License Division (DLD) from masking or deferring judgment for a traffic citation for CDL drivers. If the violation requires a mandatory CDL license disqualification, DLD will also take action on an abeyance.

For a non-resident, non-CDL driver:

A plea in abeyance disposition may or may not result in assessed points on a license issued in a NRVC (Non-Resident Violator Compact) state. Drivers should contact their home state driver license division to determine if a plea in abeyance disposition in Utah will be recognized as a conviction or a diversion.

"BCI Reportable" Column

This column will be marked "Y" (yes) if the offense is reportable to the Utah Bureau of Criminal Identification (BCI) and "N" (no) if it is not reportable. Offenses are determined reportable by the Utah Bureau of Criminal Identification.

"Transport" Column

This column is used to designate transportation requirements for individuals arrested in a county other than the county from which the warrant was issued. Utah Code of Judicial Administration Rule 4-613.

- C requires transportation only within the county.
- S requires transportation within the state.

Unless otherwise ordered by the court, warrants for the following offenses will require transportation from the county in which the defendant is arrested:

- felonies;
- class A misdemeanors; and
- class B misdemeanors charged under Utah Code Title 76, Chapter 5 (Offenses Against the Person), Title 76, Chapter 10, Part 5 (Weapons), and Title 41, Chapter 6a, Part 5 (Driving Under the Influence and Reckless Driving).

Unless otherwise ordered by the court, warrants for the following offenses will require transportation only within the county from which the warrant originates:

- class B misdemeanors not included above; and
- class C misdemeanors.

"Comments" Column

This field may contain comments regarding offense codes.

2024 Uniform Fine Schedule – January 1, 2025 version

2024 UNIFORM FINE SCHEDULE

INTENT

It is the intent of the Uniform Fine Schedule to assist the sentencing judge in determining the appropriate fine to be imposed as a condition of the sentence in a particular case and to minimize disparity in sentencing for similar offenses and offenders. This schedule is not intended to supplant or to minimize a court's authority to impose a just sentence.

APPLICABILITY

These guidelines apply to all Utah courts whenever a criminal fine may be imposed.

In determining whether a fine is appropriate to impose as a condition of the sentence for a public offense, a judge should consider several factors, including aggravating and/or mitigating circumstances as set forth in Form 6 of the <u>Sentencing and Release Guidelines</u>, the cumulative effect of probation conditions, and the ability of the defendant to pay.

The Uniform Fine Schedule should not be used in setting a financial condition of release. See Appendix J of the Code of Judicial Administration.

In cases where a defendant may remit a fine without personally appearing before the court, the recommended fine amount may be increased by \$50 if the defendant fails to appear or pay within fourteen days after receiving the citation. The recommended fine amount may be increased by an additional \$75 if the defendant fails to appear or pay within forty days after receiving the citation. See Utah Code of Judicial Administration Rule 4-701. For information on how to calculate the surcharge on delinquent enhancements, contact the Administrative Office of the Courts.

TRAFFIC-RELATED OFFENSES

Overweight Violations

Pursuant to Utah Code section $\frac{78A-7-120(4)}{100}$, the assessing court shall retain as court costs the first \$50 of the fine for offenses under Utah Code sections $\frac{72-7-404}{100}$ and $\frac{72-7-406}{100}$. The remainder of the fine shall be paid in accordance with Utah Code section $\frac{78A-7-120}{100}$. See Gross Weight Chart for fines.

Traffic

The recommended fine may increase \$30 for moving traffic violations resulting in an accident.

In either adult or juvenile court, if an accident has occurred, it may be considered by the court as an aggravating circumstance, and the fine/amount for the cited offense (which caused the accident) may be increased by the indicated amount.

All traffic offenses involving personal injury or death require a MANDATORY APPEARANCE.

A credit of \$8 must be applied towards a fine imposed on any motor vehicle violation for the operator of a motorcycle or motor-driven cycle, class 3 electric assisted bicycle or autocycle not fully enclosed if the operator was 21 years old or older at the time of violation AND the operator was wearing protective head gear (Utah Code section 41-6a-1505), except for DUI offenses.

Nonresident Violator Compact

At the present time the following states are not members of the Nonresident Violator Compact (NRVC) and will not act on a request to suspend the driver's license of a person, who has been issued a traffic citation in the State of Utah and who failed to appear or contact the court on the citation: Alaska, California, Michigan, Montana, Oregon, and Wisconsin.

All other states, including the District of Columbia, are members of this compact and, with the exception of the following traffic offenses, will act on a request to suspend a driver license if the request reaches that state within six months of the date of the violation:

- 1. those offenses requiring a mandatory appearance such as driving under the influence; failure to stop in the event of an accident that causes death, personal injuries, or damage to property; and offenses that the directors of the compact have determined to require a mandatory appearance such as driving on suspension, driving on revocation, etc.;
- 2. parking or standing violations;
- 3. highway weight limit violations; and
- 4. violations of the law governing the transportation of hazardous materials.

Because a request under the NRVC must reach a state within six months, it must be received by the Utah Driver License Division no later than five months after the issuance of the citation. There is no FTC in the NRVC, only FTAs. If partial payment is accepted by the court, that payment constitutes an appearance, and the court cannot issue an FTC against the out-of-state driver.

PROCEEDING ON CITATION

Utah Code section 77-7-21 allows a court to proceed with a matter on citation in lieu of an information with the consent of the defendant. It states that, where provided in the Uniform Fine Schedule, an individual may remit a fine without making a personal appearance before the court in certain circumstances.

For any class B or class C misdemeanor or any infraction listed as "Mandatory Appearance," the court may allow a defendant to voluntarily remit the fine and other penalties in lieu of appearance, unless the charge:

- 1. is a domestic violence offense;
- 2. is a DUI or driving with measurable controlled substance offense; or
- 3. appears to affect a victim or requires restitution.

For all other infractions, the court may allow the defendant to voluntarily remit the fine and other penalties in lieu of appearance.

SENTENCING

The felony matrix and misdemeanor matrix are guidelines for assessing penalties and fines after adjudication of a case requiring a mandatory appearance. The matrices include a broad range of fines from the statutory maximum to a base minimum within each category of offense. The matrices are to be used in conjunction with the criminal history assessment criteria. From the base financial sanction in each category, the schedules provide an escalation of the fine in correlation with the points accumulated in the criminal history criteria. The matrices also specify when both incarceration and a fine may be appropriate. Pre-sentence investigation reports include the criminal history data necessary to place the defendant's case on the matrix. In those cases where a pre-sentence report is not available, a defendant's criminal history should be verified before placing the defendant's case on the matrix. A defendant's ability to pay should be considered in determining whether or not to impose a fine and, if a fine is imposed, in establishing a payment plan.

CRIMINAL HISTORY ASSESSMENT FOR USE IN SENTENCING

The General Disposition Matrix, consistent with the Utah <u>Sentencing and Release Guidelines</u> — Form 1 and Form 5, classifies a defendant's criminal history in five categories from excellent (0-3 points), good (4-7 points), moderate (8-11 points), fair (12-15 points), and poor (16+ points). The appropriate classification is determined by summing points assessed in the Criminal History Scoring Section of Form 1 and Form 5 of the Utah Adult Sentencing and Release Guidelines.

In assessing fines for class A and B misdemeanor offenses, excluding statutorily mandated fine amounts, the criminal disposition matrix is as follows:

| C | GENERAL DISPOSITION MATRIX — N | Misdemeanors |
|------------------|---------------------------------------|---------------------------------------|
| CRIMINAL HISTORY | Class A Misdemeanors Person or Drugs | Class B Misdemeanors Person or Drugs |
| POOR | \$2,500 | \$1,000 |
| FAIR | \$2,010 | \$860 |
| MODERATE | \$1,510 | \$660 |
| GOOD | \$1,010 | \$460 |
| EXCELLENT | \$510 | \$260 |

THE AMOUNTS IN THIS MATRIX DO NOT INCLUDE THE SURCHARGE.

Additional considerations in assessing fines:

- fines for class C misdemeanors may be assessed from \$100 to \$750 using the same classification considerations per Utah Code section 76-3-301;
- consider jail on a second offense;
- fines for infractions may be assessed from \$0 to \$500;
- credit is allowed towards fines for time served in jail at the rate of \$100 day; and

• credit is allowed towards fines for community service at a rate of \$10/hr., per Utah Code section 76-3-301.7.

2024 UNIFORM FINE SCHEDULE

ANY OFFENSE NOT SPECIFICALLY NAMED ON THE FINE SCHEDULE AND NOT CONTAINED IN A SPECIFIC FINE SCHEDULE SHALL BE AS FOLLOWS:

| FELONY OFFENSES 1st degree with minimum mandatory sentence Other 1st degree 2nd degree 3rd degree | \$25,000 \$20,000 \$10,000 \$5,000 |
|---|--|
| MISDEMEANORS (other than local ordinances) Class A Class B Class C Infractions | RECOMMENDED / MAXIMUM: \$1,960 / \$4,813 \$690 / \$1,970 \$350 / \$1,082.50 \$110 / \$1,082.50 |
| LOCAL ORDINANCES • Class B • Class C • Infractions | RECOMMENDED / MAXIMUM: \$350 / \$1,082.50 \$110 / \$1,082.50 \$110 / \$1,082.50 |

NOTE: Recommended and maximum includes all potential surcharges.

2024 DUI FINE TABLE

Utah Code section <u>41-6a-505</u> outlines minimum mandatory fines that must be imposed upon conviction for driving under the influence of alcohol, drugs, or a combination of both. In addition to these fines, Utah Code section <u>51-9-401</u> requires that a 90% criminal surcharge be paid on each fine imposed by the court. Finally, Utah Code requires that a security surcharge be assessed in addition to any fine or other surcharge: \$53 in district court (Utah Code § <u>78A-7-122</u>) and \$60 in justice court (Utah Code § <u>78A-7-122</u>). The tables below outline these amounts.

| | In District Court | In Justice Court | | | | |

GUIDE TO THE UNIFORM FINE SCHEDULE

The Uniform Fine Schedule is published in both .PDF (Adobe Acrobat) and .XLS (Excel) file formats. The .PDF format is organized for ease of printing and the .XLS format has been provided for ease in sorting. You can access these files here.

"Violation Code" Column

The code for the violation is based on Utah statute.

"Description" Column

Description of the applicable violation.

"Default Severity" Column

The severity of the offense as determined by statute.

"Mandatory Appearance" Column

This column is marked Y (Yes) if a court appearance is required to resolve this offense or N (No) if no appearance is necessary and the offense can be resolved by paying the designated fine.

"Suggested Fine" Column

The total Suggested Fine and Security Surcharge.

This includes the \$60 security surcharge for justice courts.

"Comp Credit" Column (Compliance Credit)

This is the amount of credit given for complying with violation requirements prior to resolving the offense. The "Comments" column describes the compliance required.

"Non-Moving Traffic" Column

This column is marked "Y" (yes) if the offense is a non-moving traffic violation and "N" (no) if the offense is not a non-moving traffic violation. No surcharge should be imposed in non-moving traffic offenses. The Utah Judicial Council, through the designated Uniform Fine Committee, has the responsibility to define which offenses are moving and which are non-moving. They have established definitions as follows:

Moving violations involve an act or omission dealing with the actual driving of the motor vehicle (e.g., failure to yield, speeding).

Non-moving violations encompass status or conditions of the vehicle or driver license violations (*e.g.*, not registered, not licensed, broken equipment).

"Surcharae" Column

Utah Code section 51-9-401(1)(a) provides that "[a] surcharge shall be paid on all criminal fines, penalties, and forfeitures imposed by the courts." It also provides that the surcharge shall be:

- (i) **90%** upon conviction of a:
 - (A) felony;
 - (B) class A misdemeanor;
 - (C) violation of Title 41, Chapter 6a, Part 5, Driving Under the Influence and Reckless Driving; or

- (D) class B misdemeanor not classified within Title 41, Motor Vehicles, including violation of comparable county or municipal ordinances; or
- (ii) **35%** upon conviction of any other offense, including violation of county or municipal ordinances not subject to the 90% surcharge.

Under the statute, a surcharge may not be imposed upon:

- (a) non-moving traffic violations;
- (b) upon court orders when the offender is ordered to perform compensatory service work in lieu of paying a fine; and
- (c) upon penalties assessed by the juvenile court as part of the non-judicial adjustment of a case under Utah Code section <u>80-6-304</u>.

"DLD Reportable" Column

This column will be marked "Y" (yes) if the offense is reportable to the Utah Driver License Division and "N" (no) if not reportable. All states and the Canadian Provinces are members of the compact that shares information regarding convictions for traffic violations. If the convicted violator has a Utah, an out-of-state, or a Canadian driver license, a record of a conviction for an offense with a "Y" in this column will be sent to the Utah Driver License Division within 10 days of the conviction or bail forfeiture. See Utah Code section 77-7-25 and Utah Code section 53-3-218.

A plea in abeyance in Utah will not assess points to a driving record. A plea in abeyance may be handled differently in the motorist's home state.

Pleas in Abeyance:

For a Utah non-CDL (commercial driver license) driver:

A plea in abeyance does not assess points on the driver's motor vehicle record (MVR).

For a CDL (commercial driver license) driver:

A plea in abeyance will be reflected as a citation on the MVR for a CDL driver because federal law prohibits the Driver License Division (DLD) from masking or deferring judgment for a traffic citation for CDL drivers. If the violation requires a mandatory CDL license disqualification, DLD will also take action on an abeyance.

For a non-resident, non-CDL driver:

A plea in abeyance disposition may or may not result in assessed points on a license issued in a NRVC (Non-Resident Violator Compact) state. Drivers should contact their home state driver license division to determine if a plea in abeyance disposition in Utah will be recognized as a conviction or a diversion.

"BCI Reportable" Column

This column will be marked "Y" (yes) if the offense is reportable to the Utah Bureau of Criminal Identification (BCI) and "N" (no) if it is not reportable. Offenses are determined reportable by the Utah Bureau of Criminal Identification.

"Transport" Column

This column is used to designate transportation requirements for individuals arrested in a county other than the county from which the warrant was issued. Utah Code of Judicial Administration Rule 4-613.

- C requires transportation only within the county.
- S requires transportation within the state.

Unless otherwise ordered by the court, warrants for the following offenses will require transportation from the county in which the defendant is arrested:

- felonies;
- class A misdemeanors; and
- class B misdemeanors charged under Utah Code Title 76, Chapter 5 (Offenses Against the Person), Title 76, Chapter 10, Part 5 (Weapons), and Title 41, Chapter 6a, Part 5 (Driving Under the Influence and Reckless Driving).

Unless otherwise ordered by the court, warrants for the following offenses will require transportation only within the county from which the warrant originates:

- class B misdemeanors not included above; and
- class C misdemeanors.

"Comments" Column

This field may contain comments regarding offense codes.

MEMORANDUM

TO: Utah Judicial Council

FROM: Jim Peters

DATE: April 15, 2024

RE: Request to Require Compliance with Clerk Certification for Continuing Access to

CORIS

Rule 3-303(5) of the Code of Judicial Administration requires that justice court clerks "be certified on an annual basis by demonstrating proficiency with the training required by the Board of Justice Court Judges." This rule is the basis for Clerk Certification for Justice Court Clerks, a program where training is continuously developed by the Justice Court Clerk Education Committee and AOC staff. Together, the committee and staff propose training to the Board of Justice Court Judges in six-month increments which, with the Board's approval, is then provided to justice court clerks through Learning Management System.

Because ongoing compliance with Clerk Certification is a requirement for court certification, ¹ it was part of the discussion with the Judicial Council when the municipal courts were seeking to be recertified. At that time, 66 clerks (or approximately one sixth of justice court staff) were not current with training. ² Rather than decline to recertify those courts, the Board recommended that staff who were not current with training by March 15, 2024 have their CORIS access suspended until they had completed the training required through September 2023. The Judicial Council approved the Board's recommendation. As a result, not one clerk lost access to CORIS.

¹ See standard (2)(M) to Appendix B to the Code of Judicial Administration.

² For purposes of recertifying the court, clerks had to be current with the training required through September 2023.

As this approach proved to be extremely effective, and options are few to incentivize clerks who are not employees of the judiciary at the state level, the Board of Justice Court Judges would request that authority to suspend CORIS for clerks who are not current with Clerk Certification be granted on a go-forward basis. Specifically, the Board would propose that compliance be determined every six months. Within two weeks following June 30 and December 31 of each year, clerks who are not current with training requirements from their start date to that point would lose access to CORIS until they have come current with their training (unless the Board provides an extension for good cause).

The Learning Management System has been revamped to provide clear and timely feedback on which courses are required and which have yet to be completed. At the end of each month, an email will automatically be sent to the clerk and the clerk's supervisor (and eventually the clerk's judge) if a course remains unfinished. An email will also be sent at the conclusion of each sixmonth period if a clerk is at risk of losing access to CORIS. In addition to these email reminders, the dashboard in the Learning Management System will readily indicate where courses are complete and where they are not.

The Board appreciates the Judicial Council's support for Clerk Certification. It is part of a plan for transforming Utah's Justice Courts into a learning organization that will be increasingly capable of providing superior service to the tens of thousands of people it serves. Thank you for your consideration.

MEMORANDUM

RE: Rules for Final and Expedited Approval

Final Approval

Proposed amendments to CJA rules 3-201 and 1-201 are back from a 45-day public comment period. No public comments were received. The Policy, Planning and Technology Committee (PP&T) recommends that the rules be adopted as final with a *May 1, 2024 effective date*.

CJA 3-201. Court commissioners.

Currently, rule 3-201 creates standing commissioner nominating committees in each judicial district, with members serving three-year terms. Because commissioners are appointed so rarely, and there will now be both domestic and criminal commissioners, the proposed amendments would eliminate standing committees. A new nominating committee would be formed each time a vacancy occurs. The rule does not require or prevent the creation of separate domestic and criminal nominating committees. Paragraph (3)(D) is unnecessary because (3)(C) already accounts for joint committees when a commissioner serves more than one district.

CJA 1-201. Judicial Council Membership – Election.

Effective July 1, 2024, the Business and Chancery Court must have a representative on the Judicial Council (78A-2-104). The proposed amendments account for that addition.

Expedited Approval

PP&T recommends that each of the following rules be approved on an expedited basis with a *May 1, 2024 effective date*, followed by a 45-day public comment period.

CJA 4-601 (REPEAL). Selection of indigent aggravated murder and defense fund counsel. PP&T recommends that rule 4-601 be repealed. Under <u>S.B. 160</u>, effective May 1, 2024, the Office of Indigent Defense Services will be responsible for administering the Indigent Aggravated Murder Defense Fund and assigning an indigent defense service provider to represent individuals prosecuted for aggravated murder (*lines 230-234*).

The mission of the Utah judiciary is to provide an open, fair, efficient, and independent system for the advancement of justice under the law.

Courts will only be required to notify the Office of Indigent Defense Services of a finding of indigency in an aggravated murder case when defense counsel is to be paid from the Indigent Aggravated Murder Defense Fund (*lines 140-146*). The Office will assign counsel from their list of qualified, contracted attorneys.

CJA 2-212. Communication with the Office of Legislative Research and General Counsel. H.B. 344, effective May 1, 2024, combines the legislature's "Judicial Rules Review Committee" and "Administrative Rules Review and General Oversight Committee" into one committee called the "Rules Review and General Oversight Committee" ("Committee") and imposes new reporting requirements related to court rules (*lines 912-922*). "Court rules" includes rules adopted by the Council "for the administration of the courts of the state" (*lines 746-750*). The Committee may not examine internal policies, procedures, or practices of any judicial branch entity (*lines 849-851*).

The Council is now required to submit each new and proposed court rule, and "any additional information related to the court rule that the...Judicial Council considers relevant," to the Committee and the governor "when the court rule is:"

- 1. submitted to the Council for consideration or approval for public comment; and
- 2. made available to members of the bar and the public for public comment.

At the time of submission, the Council must also provide the name and contact information of a Council employee whom the Committee may contact about the submission (*lines 923-926*).

To comply with the 2nd requirement, court staff can add Committee members and the governor (or their designated representatives) to the email distribution list when rules go out for public comment or are approved as final. Emails would include employee contact information.

As for the 1st requirement and "relevant material," the Council's meeting agenda, minutes, recordings, and a webex link can all be found on the <u>Utah Public Notice</u> website. The same information, along with Council materials, can be found on the <u>Judicial Council</u> page on the courts' website. I think we can reasonably satisfy the 1st requirement by notifying the Committee and the governor that Council materials will be posted to those sites each month and any rules for consideration or approval will be included therein.

CJA 4-907. Divorce eduation and divorce orientaton course.

Under <u>H.B. 337</u>, effective May 1, 2024, the Judicial Council is now required to provide a separate mandatory parenting course "for unmarried parties in a parentage action determining issues of child custody and parent-time" (*lines 323-329*) and must adopt rules to implement and administer that course. The Judicial Institute is working to develop the new unmarried parties course, but it will not be ready by May 1st. In the meantime, under paragraph (3), unmarried parties must attend the married parents course. The amendments to paragraph (2) bring the rule in line with current practice following the pandemic. Parties may attend a live course or take an interactive online course, regardless of circumstance, and permission is not required.

1 Rule 1-201. Judicial Council Membership - Election.

3 Intent:

4 To establish the manner of election of Council members as authorized by statute.

To establish the procedure for filling a vacancy on the Council as authorized by statute.

Applicability:

9 This rule shall apply to all elected members of the Council. This rule shall not apply to the Chief Justice of the Supreme Court.

This rule shall apply to the Boards of Judges and the Board of Commissioners of the Utah State Bar.

As used in this rule, unless the context indicates otherwise, "Board" includes the Boards of Judges and the Board of Commissioners of the Utah State Bar.

Statement of the Rule:

(1) The composition of the Council, the term of office of elected Council members, and the electorate of elected Council members shall be as prescribed by law.

(2) **Term.** The term of office of all elected Council members shall begin with the Council meeting immediately following the annual judicial conference. <u>NExcept for the Business and Chancery</u> <u>Court member, no person shall serve on the Judicial Council for more than two consecutive three-year terms plus the remainder of any unexpired portion of a term.</u>

(32) **Election.** Election of judicial members of the Council shall take place during the annual judicial conference at the business meeting of each respective court. Election of the representative of the Utah State Bar shall take place at a regularly scheduled meeting of the Board of Commissioners.

(43) Vacancies

(43)(A) **Judges.** If a vacancy exists for a judicial member of the Council who represents a trial court, the Board for the court represented by that seat shall appoint a judge to serve on the Council until the next judicial conference. At such conference, the judges shall elect a member to the Council to serve for the unexpired portion of the original term. If a judicial member of the Council who represents an appellate court is unable to complete a term of office, the members of that court shall appoint a judge to serve on the Council until the expiration of the vacated term.

(43)(B) **Bar representative.** If the representative of the Utah State Bar is unable to complete a term of office, the Board of Commissioners shall elect a member or ex officio

member of the Board of Commissioners to serve for the unexpired portion of the original term.

(54) **Board nomination procedures.** The Boards shall develop procedures for the nomination and election of Council members and shall certify to the Council the names of the members elected. The Boards shall give due regard to geographic representation, security of the election, timely publication of Council vacancies or expired terms, and ease of administration.

(65) **Meeting attendance.** When a judicial member of the Council is unable to attend a Council meeting, that member may designate a judge from the same level of court to attend the Council meeting and observe the proceedings. When the representative of the Utah State Bar is unable to attend a Council meeting, that member may designate a member or ex officio member of the Board of Commissioners to attend the Council meeting and observe the proceedings. The designee shall be provided with a copy of the Council agenda and other meeting materials, and may attend the open and closed sessions of the meeting. The designee may participate in the general discussion of agenda items but may not make motions or vote on Council issues.

(76) **Expenses.** Council members or their designated substitutes may be reimbursed for actual and necessary expenses incurred in the execution of their duties as Council members.

 (87) **Board membership.** CWith the exception of the Business and Chancery Court member, Council members may not serve as voting members of a Board of Judges of a trial court or serve as members of the standing committees of the Council, except for the Standing Committee on Judicial Fairness and Accountability. The representative of the Utah State Bar may vote at meetings of the Board of Commissioners if permitted to vote under rules governing the conduct of the Board of Commissioners.

Effective: May 1, 20243

| 1 2 | Rule 3-201. Court Commissioners. |
|---|---|
| 3 | Intent: |
| 4 5 | To define the role of court commissioner. |
| 6 7 | To establish a term of office for court commissioners. |
| 8 9 10 | To establish uniform administrative policies governing the qualifications, appointment, supervision, discipline and removal of court commissioners. |
| 11 12 13 | To establish uniform administrative policies governing the salaries, benefits and privileges of the office of court commissioner. |
| 14 | Applicability: |
| 15 16 | This rule shall apply to all trial courts of record. |
| 17 | Statement of the Rule: |
| 18 19 | (1) Definition. Court commissioners are quasi-judicial officers established by the Utah Code. |
| 20 | (2) Qualifications. |
| 21 22 23 24 25 | (2)(A) Court commissioners must be at least 25 years of age, United States citizens, Utah residents for three years preceding appointment and residents of Utah while serving as commissioners. A court commissioner shall reside in a judicial district the commissioner serves. |
| 26 27 28 | (2)(B) Court commissioners must be admitted to practice law in Utah and exhibit good character. Court commissioners must possess ability and experience in the areas of law in which the court commissioner serves. |
| 29303132 | (2)(C) Court commissioners shall serve full time and shall comply with Utah Code Section 78A-2-221. |
| 33 | (3) Appointment- Oath of office. |
| 34 35 36 | (3)(A) Selection of court commissioners shall be based solely upon consideration of fitness for office. |
| 37 38 39 40 | (3)(B) When a vacancy occurs or is about to occur in the office of a court commissioner, the Council shall determine whether to fill the vacancy. The Council may determine that the court commissioner will serve more than one judicial district. |
| 41 | (3)(C) A-After the determination required by paragraph (3)(B), the presiding judge(s) of |

the district(s) the commissioner will serve, will form a committee for the purpose of

42

nominating candidates. The committee will for the position of court commissioner shall consist of the presiding judge(s) or designee(s) from each court level and judicial district that the commissioner will serve, three lawyers, and two members of the public. Committee members shall be appointed by the presiding judge(s)-of the district court of each judicial district. The committee members shall serve three year terms, staggered so that not more than one term of a member of the bench, bar, or public expires during the same calendar year. The presiding judge(s) or judges shall designate a chair of the committee. All members of the committee shall reside in the judicial district(s). All members of the committee shall be voting members. A quorum of one-half the committee members is necessary for the committee to act. The committee shall act by the concurrence of a majority of the members voting. When voting upon the qualifications of a candidate, the committee shall follow the procedures established in the commissioner nominating manual.

(3)(D) If the commissioner will serve more than one judicial district, the presiding judges of the districts involved shall select representatives from each district's nominating committee to form a joint nominating committee with a size and composition equivalent to that of a district committee, except that a maximum of two judges from each district shall serve on the joint nominating committee.

(3)(DE) No member of the committee may vote upon the qualifications of any candidate who is the spouse of that committee member or is related to that committee member within the third degree of relationship. No member of the committee may vote upon the qualifications of a candidate who is associated with that committee member in the practice of law. The committee member shall declare to the committee any other potential conflict of interest between that member and any candidate as soon as the member becomes aware of the potential conflict of interest. The committee shall determine whether the potential conflict of interest will preclude the member from voting upon the qualifications of any candidate. The committee shall record all declarations of potential conflicts of interest and the decision of the committee upon the issue.

(3)(EF) The administrative office of the courts shall advertise for qualified applicants and shall remove from consideration those applicants who do not meet minimum qualifications of age, citizenship, residency, and admission to the practice of law. The administrative office of the courts shall develop uniform guidelines for the application process for court commissioners.

(3)(FG) The nominating committee shall review the applications of qualified applicants and may investigate the qualifications of applicants to its satisfaction. The committee shall interview selected applicants and select the three best qualified candidates. All voting shall be by confidential ballot. The committee shall receive public comment on those candidates as provided in paragraph (4). Any candidate may be reconsidered upon motion by a committee member and upon agreement by a majority of nominating committee members.

(3)(GH) When the public comment period as provided in paragraph (4) has closed, the comments shall be given to the nominating committee. If any comments would

negatively affect the committee's decision on whether to recommend a candidate, the 86 candidate shall be given all comments with the commenters' names redacted and an 87 88 opportunity to respond to the comments. If the committee decides not to recommend a candidate based on the comments, the committee shall select another candidate from 89 the interviewed applicants and again receive public comment on the candidates as 90 91 provided in paragraph (4). 92 (3)(H) The chair of the nominating committee shall present the names, applications, and the results of background investigations of the nominees to the judges of the courts the 93 94 court commissioner will serve. The committee may indicate its order of preference. 95 (3)(IJ) The judges of each court level the court commissioner will serve shall together select one of the nominees by a concurrence of a majority of judges voting. If the 96 97 commissioner will serve more than one judicial district, the concurrence of a majority of 98 judges in each district is necessary for selection. 99 (3)(JK) The presiding judge of the district the court commissioner will primarily serve shall present the name of the selected candidate to the Council. The selection shall be 100 final upon the concurrence of two-thirds of the members of the Council. The Council 101 shall vote upon the selection within 45 days of the selection or the concurrence of the 102 103 Council shall be deemed granted. 104 (3)(KL) If the Council does not concur in the selection, the judges of the district may select another of the nominees or a new nominating process will be commenced. 105 106 (3)(LM) The appointment shall be effective upon the court commissioner taking and subscribing to the oath of office required by the Utah Constitution and taking any other 107 108 steps necessary to qualify for office. The court commissioner shall qualify for office within 45 days after the concurrence by the Council. 109 110 (4) Public comment for appointment and retention. 111 (4)(A) Final candidates for appointment and court commissioners who are up for retention shall be subject to public comment. 112 (4)(B) For final candidates, the nominating committee shall be responsible for 113 giving notice of the public comment period. 114 (4)(C) For court commissioners, the district in which the commissioner serves 115 shall be responsible for giving notice of the public comment period. 116 (4)(D) The nominating committee or district in which the commissioner serves 117 shall: 118 (4)(D)(i) email notice to each active member of the Utah State Bar 119 120 including the names of the nominees or court commissioner with instructions on how to submit comments; 121

| 122 123 124 | (4)(D)(ii) issue a press release and other public notices listing the names of the nominees or court commissioner with instructions on how to submit comments; and |
|---|---|
| 125 | (4)(D)(iii) allow at least 10 days for public comment. |
| 126 127 | (4)(E) Individuals who comment on the nominees or commissioners should be encouraged, but not required, to provide their names and contact information. |
| 128 129 | (4)(F) The comments are classified as protected court records and shall not be made available to the public. |
| 130 131 132 133 134 135 136 | (5) Term of office. The court commissioner shall be appointed until December 31 of the third year following concurrence by the Council. At the conclusion of the first term of office and each subsequent term, the court commissioner shall be retained for a term of four years unless the judges of the courts the commissioner serves vote not to retain the commissioner in accordance with paragraph (8)(B) or unless the Judicial Council does not certify the commissioner for retention under rule 3-111. The term of office of court commissioners holding office on April 1, 2011 shall end December 31 of the year in which their term would have ended under the former rule. |
| 138 | (6) Court commissioner performance review. |
| 139 140 141 142 143 | (6)(A) Performance evaluations and performance plans. The presiding judge of each district and court level the commissioner serves shall prepare an evaluation of the commissioner's performance and a performance plan in accordance with Rule 3-111. Court commissioners shall comply with the program for judicial performance evaluation, including expectations set forth in a performance plan. |
| 145 146 147 148 149 150 | (6)(B) Public comment period results. When the public comment period for a commissioner provided in paragraph (4) closes, the comments shall be given to and reviewed by the presiding judge of each district and court level the commissioner serves. If there are any negative comments, the negative comments shall be provided to the commissioner with the commenters' names redacted and the commissioner shall be given an opportunity to respond to the comments. |
| 152 | (7) Corrective action or removal during a commissioner's term. |
| 153 | (7)(A) Corrective action. |
| 154 155 | (7)(A)(i) The Council may take corrective actions as the result of a complaint filed under rule 3-201.02. |
| 156 157 158 159 | (7)(A)(ii) If the commissioner's performance is not satisfactory, corrective actions may be taken in accordance with paragraph (7)(A)(iii) by the presiding judge, or presiding judges if the commissioner serves multiple districts or court levels, with the concurrence of a majority of the judges in either district or court level the commissioner serves. |

| 161 162 163 164 | (7)(A)(iii) Corrective actions may include but are not limited to private or public censure, restrictions in case assignments with corresponding reduction in salary, mandatory remedial education, suspension without pay for a period not to exceed 60 days, and removal under (7)(B)(i)(c). |
|--------------------------|---|
| 165 | (7)(B) Removal. |
| 166 167 | (7)(B)(i) Removal by Judicial Council. During a commissioner's term, the court commissioner may be removed by the Council: |
| 168 | (7)(B)(i)(a) as part of a reduction in force; |
| 169 | (7)(B)(i)(b) for failure to meet the evaluation requirements; or |
| 170 171 | (7)(B)(i)(c) as the result of a complaint filed under rule 3-201.02 upon the concurrence of two-thirds of the Council. |
| 172 | (7)(B)(ii) Removal by District or Court Level. |
| 173 174 | (7)(B)(ii)(a) During a commissioner's term, if the commissioner's performance is not satisfactory, the commissioner may be |
| 175 | removed by the presiding judge, or presiding judges if the |
| 175 176 | commissioner serves multiple districts or court levels, only with the |
| | · · |
| 177 178 | concurrence of a majority of the judges in each district or court level the commissioner serves. |
| 179 | (7)(B)(ii)(b) If the commissioner serves multiple districts or court |
| 180 | levels and one district or court level contests a commissioner |
| 181 | removal decision made by the other district or court level, the |
| 182 | Management Committee will review the decision, with final |
| 183 | determination by the Judicial Council. |
| 184 | (7)(C) Review of District or Court Level Decisions. If the commissioner |
| 185 | disagrees with a district or court level's decision to remove the commissioner or |
| 186 | take corrective actions, the commissioner may request a review of the decision |
| 187 | by the Management Committee of the Council. |
| 188 | (8) Retention. |
| 189 | (8)(A) The Council shall review materials on the commissioner's performance |
| 190 | prior to the end of the commissioner's term of office and the Council shall vote on |
| 191 | whether the commissioner is eligible to be retained for another term in |
| 192 | accordance with rule 3-111. |
| 193 | (8)(B) At the end of a commissioner's term, the judges of each district and court |
| 194 | level the commissioner serves may vote not to retain the commissioner for |
| 195 | another term of office. The decision not to retain is without cause and shall be by |
| 196 | the concurrence of a majority of the judges in each district and court level the |
| 107 | commissioner serves. A decision not to retain a commissioner under this |

| 198 199 200 | paragraph shall be communicated to the commissioner within a reasonable time after the decision is made, and not less than 60 days prior to the end of the commissioner's term. |
|-------------------|---|
| 201 | (9) Salaries and benefits. |
| 202 | (9)(A) The Council shall annually establish the salary of court commissioners. In |
| 203 | determining the salary of the court commissioners, the Council shall consider the |
| 204 | effect of any salary increase for judges authorized by the Legislature and other |
| 205 | relevant factors. Except as provided in paragraph (6), the salary of a |
| 206 | commissioner shall not be reduced during the commissioner's tenure. |
| 207 | (9)(B) Court commissioners shall receive annual leave of 20 days per calendar |
| 208 | year and the same sick leave benefits as judges of the courts of record. Annual |
| 209 | leave not used at the end of the calendar year shall not accrue to the following |
| 210 | year. A commissioner hired part way through the year shall receive annual leave |
| 211 | on a prorated basis. Court commissioners shall receive the same retirement |
| 212 | benefits as non-judicial officers employed in the judicial branch. |
| 213 | (10) Support services. |
| 214 | (10)(A) Court commissioners shall be provided with support personnel, |
| 215 | equipment, and supplies necessary to carry out the duties of the office as |
| 216 | determined by the presiding judge. |
| 217 | (10)(B) Court commissioners are responsible for requesting necessary support |
| 218 | services from the presiding judge. |

CJA 4-601 (REPEAL)

- 1 Rule 4-601. Selection of indigent aggravated murder defense fund counsel.
- 2 Intent:
- 3 To establish the process to be used to select pre-contracted attorneys from the roster
- 4 maintained by the Indigent Defense Funds Board in aggravated murder cases.
- 5 Applicability:
- 6 This rule shall apply to the district court.
- 7 Statement of the Rule:
- 8 After determining that a defendant is eligible for indigent defense counsel in an aggravated
- 9 murder case, as provided in U.C.A. Title 77, Chapter 32, if the defense counsel is to be paid
- 10 from the Indigent Aggravated Murder Defense Fund, the following process shall be used:
- 11 (1) The judge responsible for assignment of defense counsel shall, as soon as practical upon
- 12 determining eligibility, contact the member of the Indigent Defense Funds Board designated by
- 13 the Administrative Office of the Courts.
- 14 (2) That board member shall randomly identify, for each eligible defendant, five attorneys
- 15 currently on the roster of qualified pre-contracted attorneys.
- 16 (3) The board member shall then promptly contact each of those attorneys and determine if they
- 17 would be willing to undertake the representation of the defendant. If fewer than three attorneys
- 18 are willing to undertake the representation, additional pre-contracted attorneys should be
- 19 contacted until there are at least three attorneys from which the judge can choose.
- 20 (4) The judge shall then select one of the willing attorneys for appointment.

MEMORANDUM

TO: Management Committee, Utah Judicial Council

FROM: Katy Collins, Statewide Treatment Court Coordinator

RE: Treatment Court Certification - Recommendations

According to UCJA Rule 4-409 Council Approval of Problem-Solving Courts, each problem-solving court must be considered for certification by the Judicial Council every two years. Prior to submitting certification recommendations to the Judicial Council, the Statewide Treatment Court Coordinator conducts site visits with each court to observe the pre-court staffing and treatment court hearings and interviews team members. The coordinator also reviewed the Certification Checklist, staffing documents and the policy and procedure manuals for each treatment court. The coordinator completed a jurisdiction report for each court which includes the strengths and recommendations. A sample report is included in the materials packet for the Judicial Council's information.

The following courts are submitted to the Council for approval:

Seventh District San Juan County, Monticello, Judge Torgerson, Adult Drug Court meets all certification criteria..

Presumed Criteria #35 - The drug court has a minimum of 15 participants and not more than 125 participants. Judge Torgerson reports historically the court averages 8-10 participants.

First District, Box Elder County, Brigham City, Judge Maynard, Adult Drug Court, meets all certification criteria.

Presumed Criteria #11 - Drug test results are available within 48 hours. The Court checked no incorrectly. They do receive test results within 48 hours. The toxicology agency has decreased the processing time for confirmation tests.

First District, Cache County, Logan, Judge Canell, Adult Drug Court, meets all certification criteria

The mission of the Utah judiciary is to provide the people an open, fair, efficient, and independent system for the advancement of justice under the law.

Sixth District, Sevier County, Richfield, **Judge Bagley**, Adult Drug Court, meets all certification criteria

Fourth District, Utah County, Provo, Judge Eldridge, Adult Drug Court, meets all certification criteria

Background and Overview:

A site visit was conducted with the San Juan County Adult Drug Treatment Court on February 5th, 2024, by Katy Collins, Statewide Treatment Court Coordinator. This report summarizes the key findings of the review process.

Summary of Best Practices:

The San Juan County Adult Drug Treatment Court has implemented practices that follow the 10 Key Components of Drug Court and NADCP's Adult Best Practice Standards (Volume I 2013, Volume II 2015). Research shows that programs that implement these practices have more positive outcomes than programs that do not. Congratulations on your program's achievements in these areas!

- 1. The San Juan County Drug Treatment Court has a written Participant Manual.
- 2. All key team members attend both the pre-court staffing meeting and court sessions/status review hearings. Each team member views, interacts, or discusses a participant from a different perspective. They may also see the person at a different time from most of the team, which may offer additional, useful information for the team to draw from in determining court responses that will change participant behavior.
- 3. A prosecuting attorney is part of the drug court team and attends both the precourt staffing and the court review hearings.
- 4. A defense attorney is part of the drug court team and attends both the precourt staffing and the court review hearings.
- 5. The program uses validated, standardized assessment tools(s) to determine eligibility and level or type of services needed.
- 6. The drug court offers a continuum of care for substance abuse treatment (detoxification, outpatient, intensive outpatient, day treatment, and residential).

The mission of the Utah judiciary is to provide the people an open, fair, efficient, and independent system for the advancement of justice under the law.

- 7. The judge spent an average of three minutes or greater per participant during status review hearings. During the status review hearing the judge spent an average of 5.8 minutes per participant.
- 8. The drug court offers mental health treatment. Offenders with serious mental health issues are eligible to enter the court as long as appropriate treatment is available.
- 9. The program provides (or partners with service providers who provide) participants with legally prescribed psychotropic or addiction medication (MAT).
- 10. The minimum length of the drug court program is twelve months or more.
- 11. Participants are expected to have ninety days or more of negative drug tests immediately prior to graduation.
- 12. The drug court has incentives for graduation, including avoiding a criminal record, avoiding incarceration, or receiving a substantially reduced sentence.
- 13. Team members are given a written copy of the incentive and sanction guidelines.
- 14. The program has a range of sanction options, including less severe sanctions such as writing assignments and community services and more severe sanctions such as jail time.

Priority Recommendations:

The following section lists several areas in your treatment court that are not currently aligned with best practices. Research indicates that implementing these practices will benefit the participants in your program. A full set of practices and whether or not they are implemented by your treatment court are included as an attachment to this report. Additional recommendations are listed at the end of this report.

- 1. All members of the drug court team should be provided with training in the drug court model. The program should have a formal policy on staff training requirements and continuing education. Documentation should outline staff training requirements for both existing and new team members. The NDCI website has sample new staff orientation sheets for team members, located at https://www.ndci.org/resource/sample-documents/ under the New Staff Training Guide section. The program is highly encouraged to provide regular (yearly, at a minimum) training to team members on the drug court model as well as provide training to new team members on the drug court model and their specific role as soon as possible after the new member joins the team. Drug court staff should also participate in ongoing cultural competency training on an annual basis. Research has demonstrated that regular training for team members is related to greater reductions in recidivism and higher cost savings.
- 2. The court maintains data in CORIS that are critical to monitoring and evaluation.

3. Review of the data and/or regular reporting of program statistics has led to modifications in drug court operations.

Additional Observations:

TEAM TURNOVER:

There are two team members who joined the treatment court in the last 2 years: a treatment provider and the prosecutor. The team should consider applying for an operational tune up training with All Rise or sending team members to the Rise24 Conference. There are also free webinars and training resources for new and existing team members. No team member indicated that they had plans to leave the treatment court at the time of the visit.

SUCCESSES, ACCOMPLISHMENTS AND INNOVATIVE PRACTICES

- 1. Team members are highly functional, express a clear understanding of their individual roles on the team, and feel like their opinions are being heard. They also have a good understanding of other team members' roles and duties and feel they can truly act as a team when making decisions. It is clear the team understands that professional disagreements are based on the desire to find ways to motivate participants in their path towards recovery. All team members expressed that they feel comfortable stating their opinions, even if they differ from other team members. This is a sign of a truly high-functioning team.
- 2. The team is working diligently to ensure they are providing due process and meeting the rights of their participants. This was evident during both the pre-court staffing and the court session. Both the prosecuting attorney and the defense attorney are knowledgeable of what is going on with every participant and engaged in staffing discussions to ensure that due process was being met and that participants' constitutional rights were being protected.

ADDITIONAL CONCERNS AND RECOMMENDATIONS

1. The drug court should convene a steering committee or policy group that meets regularly to review policies and procedures. Best practices research indicates that programs that review their policies regularly and update them according to research based best practices have better outcomes. A regular meeting of a steering committee/policy group helps ensure that the program will continue to review its own practices and strive to improve. A steering committee may serve many purposes, but one of the most important is sustainability. In terms of linking community resources, partnerships will allow teams to access more services. Creating these connections can be a great way to establish buy-in from the community as well as encourage their

involvement. The team should also explore any potential stakeholders in employment (businesses that have hired participants, places where community service is completed), childcare, transportation, education institutions (local universities) or the faith community. This could result in expanded community understanding and support of the program, as well as additional services, facilities, and rewards for the program. This can also contribute substantially to the sustainability of the program.

POLICY AND PROCEDURES MANUAL

San Juan County Drug Treatment Court currently has a participant manual that is overall very thorough which was written in 2018. The participant manual should be reviewed and updated to reflect the current Best Practices. The court should consider writing a policy and procedure manual for the drug court team. The policy manual can also be used as a part of the training process for new team members, providing relevant information associated with their role on the team and learning program processes. A policy manual helps to ensure that all partners are operating under the same assumptions—and also helps in clarifying roles, responsibilities, and expectations. In addition, the manual should also include a written policy on confidentiality. A policy should be clearly outlined in the manual indicating the expectations of confidentiality amongst team members and individuals visiting the drug court. The drug court team should collaboratively develop and agree on all aspects of court operations (mission, goals, eligibility criteria, operating procedures, performance measures, drug testing, and program structure guidelines) within this manual.

Specific Technical Assistance (TA) Recommendations:

- TA on developing onboarding training for new team members as well as
 ongoing training for existing team members. The All Rise website has sample
 new staff orientation sheets for team members, located at
 https://allrise.org/sample-documents/ under the New Staff Training Guide
 section.
- 2. Update the Policies and Procedures Manual and develop a Participant Handbook. All Rise and the Statewide Treatment Court Coordinator have sample manuals and handbooks available (https://allrise.org/sample-documents/) and can also provide office-based on onsite TA to assist in updating both to reflect best practice standards.

Certification Checklist:

A table with a list of research-based best practices and whether or not this program has implemented each practice is included as an attachment to this report. Your team should review this list both to understand and appreciate those best practices that have been successfully implemented (to ensure the program continues to engage in those

practices) and to determine whether there are any practices not described in this report that the program may want to implement in the future.

Recommended Next Steps:

The results of this TA review can be used for many purposes, including 1) improvement of program structure and practices for better participant outcomes (the primary purpose), 2) grant applications to demonstrate program needs or illustrate the program's capabilities, 3) requesting resources from boards of county commissioners or other local groups, and 4) requesting training and TA from All Rise or other TA providers.

- **Distribute copies of the report** to all members of your team, advisory group, and other key individuals involved with your program.
- Set up a meeting with your team and steering committee, etc., to discuss the report's findings and recommendations. Ask all members of the group to read the report prior to the meeting and bring ideas and questions.
- During the meeting(s), **review each recommendation**, discuss any questions that arise from the group.
- Contact Statewide Treatment Court Coordinator, Katy Collins, at <u>katyb@utcourts.gov</u> to develop next steps.

MEMORANDUM

TO: Management Committee – Utah Judicial Council

FROM: Katy Collins, Statewide Treatment Court Coordinator

RE: Weber Misdemeanor Substance Abuse Court (WMSAC)

The Riverdale City Substance Abuse Court is requesting to expand the court to include all justice courts in Weber County and be renamed as the Weber Misdemeanor Substance Abuse Court (WMSAC). The mission of the WMSAC is to increase public safety, save lives and strengthen families. This will be accomplished by assisting adult men and women addicted to a substance, providing them with the necessary treatment tools needed to become a sober, law-abiding citizen that will help them to succeed at home and in our community. WMSAC will serve the communities in the Weber County area including all 12 Justice Courts. This project will increase community safety using the drug court approach to reduce recidivism and promote individual responsibility and accountability by providing intensive treatment, supervision, and judicial oversight. The target population is adult men and women who have both high criminogenic risk and high treatment needs who have been charged with a misdemeanor drug or alcohol related crime.

Judge Memmott is working with the other justice courts in Weber County to discuss the referral process, case management and the court process.

I have reviewed the application for certification and met with Judge Memmott to discuss the expansion of the misdemeanor drug court. If approved, I will continue providing support and technical assistance on the expansion of the misdemeanor drug court. The Riverdale City Substance Abuse Court is due for recertification in June. If approved, Judge Memmott would like to start the Weber Misdemeanor Substance Abuse Court in July 2024.

APPLICATION FOR INITIAL PROJECT PLANNING APPROVAL

FOR PROPOSED PROBLEM-SOLVING COURT PROJECT

Name/Working Title of Proposed Project: Weber Misdemeanor Substance Abuse Court (WMSAC)

Court Location: Ogden Justice Court, 310 26th Street, Ogden, UT 84401

Application Submitted by: Judge Bryan Memmott

I. Target Population: Describe the types of cases or the description of the population that

will be served by this project. Please be specific.

Weber Misdemeanor Substance Abuse Court (WMSAC), applying successful evidence-based

practices already tested in drug courts, will serve the communities in the Weber County area

including all 12 Justice Courts. This project will increase community safety using the drug

court approach to reduce recidivism and promote individual responsibility and

accountability by providing intensive treatment, supervision, and judicial oversight. The

target population is adult men and women who have both high criminogenic risk and high

treatment needs who have been charged with a misdemeanor drug or alcohol related crime.

II. Purpose/Goal of Project: Please explain why you believe this project is necessary or

desirable. How will a problem-solving approach benefit your target population?

The purpose of WMSAC is to address the enhancement of community safety, save lives and

understanding through education and providing a judicially supervised regimen of effective

treatment and innovative case management to substance abusers/offenders with the goal of

returning sober, law-abiding citizens back to his/her community, and thereby closing the

revolving door in the criminal justice system. This project is necessary in this area as drug-

related crimes have more than doubled, leaving communities vulnerable to thefts, property

damage and other crimes.

Drug Courts represent an approach to drug offenders who have been identified as high risk/high need, with drug use driving their behaviors. Drug Courts are built upon a unique partnership between the criminal justice system and the treatment community, one which structures treatment intervention around the authority and personal involvement of a single Court Judge. "Drug Courts are also dependent upon the creation of a non-adversarial courtroom atmosphere where a single judge and a dedicated court team work together toward a common goal of serving the defendant's needs and drug and alcohol use. Because of the unique problems and opportunities that present themselves in working with high need men and women who are court involved with drug use, intervention and rehabilitation strategies must be evidenced based." Drug Court programs must therefore recognize that:

- High risk high need men and women who are court involved with drug and alcohol use are
 most receptive to successful intervention when they are in the crisis of initial arrest and
 incarceration, so intervention must be immediate.
- Preventing gaps in communication and ensuring offender accountability are of critical importance, so court supervision must be coordinated and comprehensive.
- Setbacks are part of the recovery process, so sanctions and incentives must be integral to the Drug Court intervention strategy.

The mission of the Weber Misdemeanor Substance Abuse Court (WMSAC) is to increase public safety, save lives and strengthen families. This will be accomplished by assisting adult men and women addicted to a substance, providing them with the necessary treatment tools needed to become a sober, law-abiding citizen that will help them to succeed at home and in our community. This will be accomplished through:

- **Collaborative Planning**—Engage all stakeholders in creating an interdisciplinary, coordinated, and systemic approach to working with participants.
- **Teamwork**—Develop and maintain an interdisciplinary, non-adversarial work team.
- Clearly Defined Target Population and Eligibility Criteria—Define a target population and eligibility criteria that are aligned with the program's goals and objectives.
- **Judicial Involvement and Supervision**—Schedule frequent judicial reviews and be sensitive to the effect that court proceedings can have on their families.
- Monitoring and Evaluation—Establish a system for program monitoring and evaluation to maintain quality of service, assess program impact, and contribute to knowledge in the field.
- **Community Partnerships**—Build partnerships with community organizations to expand the range of opportunities available to participants.
- **Comprehensive Treatment Planning**—Tailor interventions to the complex and varied needs of the participants.

- Gender-Appropriate Services—Design treatment to address the unique needs of each gender.
- **Cultural Competence**—Create policies and procedures that are responsive to cultural differences and train personnel to be culturally competent.
- Drug Testing— Drug testing to be based upon identified assessment needs_and would follow best practices guidelines for drug testing. Document testing policies and procedures in writing.
- Goal-Oriented Incentives and Sanctions—Respond to compliance and noncompliance with incentives and sanctions that are designed to reinforce or modify the behavior of the participants.
- **Confidentiality**—Establish a confidentiality policy and procedures that guard the privacy of the participants while allowing the team to access key information.

III. What is the size of the proposed project? Approximately how large is your target population and how many participants would likely be served?

To effectively achieve the best outcomes for each participant we will accommodate 25 to 30 adult men and women with high needs and high-risk substance abuse disorders.

IV. What is the anticipated impact on court staff, clerks and judges, and how will that need be met?

Since this court is not really a new drug court but an expansion of the Riverdale Substance Abuse Court (RSAC), which was established in 2003 in Riverdale City and as one of the first misdemeanor drug courts in Utah, and since that time has successfully assisted 290 men and women with the necessary treatment and tools needed to improve their lives. Most of the stakeholders have been part of that drug court team for several years and have been trained in the key components of the drug court model, we do not anticipate any impact on the parties, rather we are seeking to enhance and be recognized as a county wide misdemeanor drug court that will service the entire Weber County area.

V. Funding Considerations/Stakeholders: Identify the stakeholders and what they will need to contribute to the project. If you have identified a funding source to support the project, please specify.

MEMORANDUM

TO: Management Committee / Judicial Council

FROM: Keisa Williams

RE: Rules for Public Comment

The Policy, Planning, and Technology Committee (PP&T) recommends that the following rules be approved for a 45-day public comment period.

CJA 1-204. Executive committees.

The Technology Advisory Subcommittee (TAC) recommends amendments to the subcommittee's membership. A representative from the Office of General Counsel would replace the PP&T member on TAC and a member of the Judicial Data and Research department would be added to each of the core teams.

CJA 1-205. Standing and ad hoc committees.

Eliminates the General Counsel member position on both the Pretrial and WINGS committees. Membership is unnecessary. Staff and committee members may reach out to the Office of General Counsel with questions at any time.

CJA 4-202.01. Definitions.

The proposed amendments clarify that calendars are not "records."

CJA 4-202.08. Fees for records, information, and services.

The clerks of court (CoC) requested amendments to (10)(B). CoCs field the majority of requests for records associated with a case. The proposed amendments would give CoCs the authority to waive the one free copy limit for those records.

CJA 4-206. Exhibits.

Currently, the rule is silent on how to manage exhibits when an appeal has been resolved and it instructs exhibit managers to dispose of exhibits in criminal cases when "...the statute of limitations for post-conviction relief, including the time for appeal from post-conviction relief has expired, whichever is later." In many cases, this may require exhibit managers to make a legal determination, or to research cases using resources that aren't readily accessible. The proposed amendments provide much-needed clarity and guidance to exhibit managers.

The mission of the Utah judiciary is to provide an open, fair, efficient, and independent system for the advancement of justice under the law.

1 Rule 1-204. Executive committees.

23 Intent:

- 4 To establish executive committees of the Council.
- 5 To identify the responsibility and authority of the executive committees.
- To identify the membership and composition of the executive committees.
- 7 To establish procedures for executive committee meetings.
- 8 Applicability:
- 9 This rule shall apply to the judiciary.
- 10 Statement of the Rule:

78 (3)(A)(iii)(m) Judicial Data and Research staff. 79 80 (3)(B) **Technology Prioritization Subcommittee.** A Technology Prioritization 81 Subcommittee is hereby established. Members shall be designated by each Core Team and shall consist of no more than two members from each Team. A current or former 82 member of the Policy, Planning, and Technology Committee shall be a non-voting 83 member. Each Core Team may submit technology requests associated with court level 84 applications to the Technology Prioritization Subcommittee. The prioritization 85 86 subcommittee shall come to an agreement on the percentage of work allotted for each court level. The percentage relates to development staff compensated by general funds. 87 Technology requests from Core Teams should fall within the work allotted to that court 88 level for that year, unless the work requested is required by legislative or rule changes. 89 The prioritization subcommittee may review and consider exceptions to this standard. 90 The prioritization subcommittee will make recommendations to the Policy, Planning, and 91 Technology Committee. 92 93 (3)(C) Technology Advisory Subcommittee. A Technology Advisory Subcommittee is 94 95 hereby established. The advisory subcommittee shall be available to the Chief Information Officer, Core Teams, Technology Prioritization Subcommittee, and the 96 97 Policy, Planning, and Technology Committee to provide feedback and recommendations on statewide technology services, including but not limited to, device standards, email, 98 and bandwidth. The advisory subcommittee shall consist of: 99 (3)(C)(i) one district court judge: 100 101 (3)(C)(ii) one juvenile court judge; 102 (3)(C)(iii) one appellate court judge; (3)(C)(iv) one justice court judge; 103 (3)(C)(v) one district court Trial Court Executive 104 105 (3)(C)(vi) one juvenile court Trial Court Executive; (3)(C)(vii) one district court Clerk of Court; 106 107 (3)(C)(viii) one juvenile court Clerk of Court; (3)(C)(ix) one local justice court administrator; 108 109 (3)(C)(x) each court level administrator or their designee(s): 110 (3)(C)(xi) one Chief Probation Officer; (3)(C)(xii) the Chief Information Officer or designee: 111 (3)(C)(xiii) the Court Security Director; and 112 113 (3)(C)(xiv) the General Counsel or designee.one current or former member of the Policy, Planning and Technology Committee. 114 115 116 (4) Liaison Committee. The Liaison Committee shall recommend to the Council legislation to be sponsored by the Council. The committee shall review legislation affecting the authority, 117

jurisdiction, organization or administration of the judiciary. When the exigencies of the legislative

118

process preclude full discussion of the issues by the Council, the Committee may endorse or oppose the legislation, take no position or offer amendments on behalf of the Council.

(5) **Budget and Fiscal Management Committee.** The Budget and Fiscal Management Committee shall review court budget proposals, recommend fiscal priorities and the allocation of funds, and make recommendations to the Council regarding budget management and budget development in accordance with Rule 3-406.

 (6) **Members.** Members of the executive committees must be members of the Council. Each executive committee shall consist of at least three members appointed by the Council to serve at its pleasure. | (1)(C) Standing committee chairs. The Judicial Council shall designate the chair of |
| each standing committee. Standing committees shall meet as necessary to accomplish |
| their work. Standing committees shall report to the Council as necessary but a minimum |
| of once every year. Except for the Committee on Judicial Fairness and Accountability, |
| council members may not serve, participate or vote on standing committees. Standing |
| committees may invite participation by others as they deem advisable, but only members |
| |

designated by this rule may make motions and vote. All members designated by this rule may make motions and vote unless otherwise specified. Standing committees may form subcommittees as they deem advisable.

(1)(D) Committee performance review. At least once every six years, the Management Committee shall review the performance of each committee. If the Management

Committee determines that committee continues to serve its purpose, the Management

Committee shall recommend to the Judicial Council that the committee continue. If the

Management Committee determines that modification of a committee is warranted, it

(1)(D)(i) Notwithstanding subsection (1)(D), the Guardian ad Litem Oversight Committee, recognized by Section 78A-6-901, shall not terminate.

(2) Ad hoc committees. The Council may form ad hoc committees or task forces to consider topical issues outside the scope of the standing committees and to recommend rules or resolutions concerning such issues. The Council may set and extend a date for the termination of any ad hoc committee. The Council may invite non-Council members to participate and vote on ad hoc committees. Ad hoc committees shall keep the Council informed of their activities. Ad hoc committees may form sub-committees as they deem advisable. Ad hoc committees shall disband upon issuing a final report or recommendations to the Council, upon expiration of the time set for termination, or upon the order of the Council.

(3) General provisions.

(3)(A) Appointment process.

may so recommend to the Judicial Council.

(3)(A)(i) **Administrator's responsibilities.** The state court administrator shall select a member of the administrative staff to serve as the administrator for committee appointments. Except as otherwise provided in this rule, the administrator shall:

(3)(A)(i)(a) announce expected vacancies on standing committees two months in advance and announce vacancies on ad hoc committees in a timely manner;

1 Rule 4-202.08. Fees for records, information, and services.

4 To establish uniform fees for requests for records, information, and services.

Applicability:

Intent:

7 This rule applies to all courts of record and not of record and to the Administrative Office of the Courts. This rule does not apply to the Self Help Center.

Statement of the Rule:

(1) **Fees payable.** Fees are payable to the court or office that provides the record, information, or service at the time the record, information, or service is provided. The initial and monthly subscription fee for public online services is due in advance. The connect-time fee is due upon receipt of an invoice. If a public online services account is more than 60 days overdue, the subscription may be terminated. If a subscription is terminated for nonpayment, the subscription will be reinstated only upon payment of past due amounts and a reconnect fee equal to the subscription fee.

(2) **Use of fees.** Fees received are credited to the court or office providing the record, information, or service in the account from which expenditures were made. Fees for public online services are credited to the Administrative Office of the Courts to improve data quality control, information services, and information technology.

(3) **Copies.** Copies are made of court records only. The term "copies" includes the original production. Fees for copies are based on the number of record sources to be copied or the means by which copies are delivered and are as follows:

(3)(A) paper except as provided in (D): \$.25 per sheet;

(3)(B) electronic storage medium other than of court hearings: \$15.00 per unit;

(3)(C) electronic copy of audio record or video record of court proceeding: \$15.00 for each one-half day of testimony or part thereof; and

(3)(D) pre-printed forms and associated information: an amount for each packet established by the state court administrator.

(4) **Mailing.** The fee for mailing is the actual cost. The fee for mailing shall include necessary transmittal between courts or offices for which a public or private carrier is used.

(5) **Fax or e-mail.** The fee to fax or e-mail a document is \$5.00 for 10 pages or less. The fee for additional pages is \$.50 per page. Records available on Xchange will not be faxed or e-mailed.

 CJA 4-202.08 DRAFT: 4/2/24

(6) Personnel time. 44 (6)(A) There is no fee for the first 15 minutes of personnel time required to provide the 45 copy, record, information, or service, unless the person who submits the request: 46 47 (6)(A)(i) is not a Utah media representative; and 48 49 (6)(A)(ii) has submitted a separate records request within the 10-day period 50 51 immediately prior to the date of the request to which the court or office is 52 responding. 53 (6)(B) The fee for time beyond the first 15 minutes is charged in 15 minute increments 54 for any part thereof. The fees for personnel time may be set by the State Court 55 56 Administrator and the rates charged should be for the least expensive group capable of 57 providing the record, information, or service. 58 (7) Public online services. 59 60 (7)(A) The fee to subscribe to Xchange shall be as follows: 61 62 (7)(A)(i) a set-up fee of \$25.00; 63 (7)(A)(ii) a subscription fee of \$40.00 per month for any portion of a calendar 64 month; and 65 66 (7)(A)(iii) \$.15 for each search over 500 during a billing cycle. A search is 67 counted each time the search button is clicked. 68 69 70 (7)(B) The fee to access public online services without subscribing shall be a transaction fee of \$5.00, which will allow up to 10 searches during a session. 71 72 73 (7)(C) The fee to access a document shall be \$.50 per document. 74 75 (8) Bulk Data. If approved, individuals or entities may subscribe to receive indexed court data authorized under rule 4-202.02(2)(L) electronically in bulk. The fee to receive bulk data may be 76 77 set by the State Court Administrator. Requests for bulk data should be made to the Office of 78 Judicial Data and Research. 79 80 (9) **No interference.** Records, information, and services shall be provided at a time and in a manner that does not interfere with the regular business of the courts. The Administrative Office 81 82 of the Courts may disconnect a user of public online services whose use interferes with 83 computer performance or access by other users. 84 (10) Waiver of fees. 85

1 Rule 4-206. Exhibits.

3 Intent:

4 To establish a uniform procedure for the receipt, maintenance and release of exhibits.

5 Applicability:

- 6 This rule shall apply to all trial courts of record and not of record, except small claims court. In
- 7 the discretion of the court, this rule may apply to any proceeding in which exhibits are
- 8 introduced.

9 Statement of the Rule:

(1) Marking exhibits.

(1)(A) **Marking Exhibits.** Prior to trial, or at a time specified by the judge, each party must mark all exhibits it intends to introduce by utilizing exhibit labels in the format prescribed by the clerk of court. Labels or tags must include, at a minimum, a case number, exhibit number/letter, and an appropriate party designation. With approval of the court, a photograph may be offered by the submitting party as a representation of the original exhibit.

(1)(B) **Digital Exhibits**. Digital exhibits must be marked as provided in paragraph (1)(A) and submitted to the court as prescribed by the clerk of court. Exhibits should not be eFiled.

(1)(C) **Courts not of record.** Courts not of record may exempt parties from the requirements outlined in paragraphs (1)(A) and (1)(B) and prescribe an alternative process for marking exhibits.

(2) Exhibit custody during trial.

(2)(A) **Custody of the Parties**. During the trial, bulky and sensitive exhibits, and exhibits that require law enforcement chain of custody, will remain in the custody of the party offering the exhibit. Such exhibits include, but are not limited to: biological evidence, biohazards, controlled substances, paraphernalia, firearms, ammunition, explosive devices, pornographic materials, jewelry, poisonous or dangerous chemicals, intoxicating liquors, money or articles of high monetary value, counterfeit money, original digital storage media such as a hard drive or computer, and documents or physical exhibits of unusual bulk or weight. The clerk of court or designee must list these exhibits in the exhibit list and note that the original exhibit is in the custody of the party.

(2)(B) **Custody of the Court**. Physical exhibits received during trial, other than those in paragraph (2)(A), must be placed in the custody of the clerk of court or designee. Digital exhibits received as evidence by the court during the trial shall be stored electronically or on digital media such as a thumb drive and stored in accordance with paragraph (2)(C). The clerk of court or designee must list all exhibits in the exhibit list, and the list shall be

made a part of the court record. An exhibit list may be the court's designated case management system or a form approved by the Judicial Council.

(2)(C) Secured Storage.

(2)(C)(i) Upon daily adjournment, the clerk of court or designee must compare the exhibit list with the exhibits received that day. Digital exhibits received under paragraph (2)(B) shall be stored electronically in a manner meeting the requirements outlined in paragraph (3)(A)(ii). Physical exhibits received under paragraph (2)(B) must be stored in an envelope or container, marked with the case number, and stored in a secured storage location that meets the requirements outlined in paragraph (3)(A)(ii).

(2)(C)(ii) Exhibits may be stored in a temporary secured location for no more than 72 hours, provided the temporary location is sufficient to prevent access by unauthorized persons, and the location is secured with a key lock, combination lock, or electronic lock. Access to the temporary storage location shall be limited to the clerk of court, judge, or a designee.

(3) Exhibit custody prior to disposition.

(3)(A) **Pending Disposition.** Exhibits in the court's custody pursuant to paragraph (2)(B) may not be taken from the custody of the clerk of court or designee until final disposition of the case, except upon order of the court and execution of a receipt that identifies the material, the party to whom the exhibit is released, and the date and time of the release. The receipt shall be made a part of the court record.

(3)(A)(i) **Exhibit Manager.** The clerk of court shall appoint an exhibit manager with responsibility for the security, maintenance, documentation of the chain of custody, and disposition of exhibits. The clerk of court may also appoint a person to act as exhibit manager during periods when the primary exhibit manager is absent. Unaccompanied or unauthorized access to secured storage locations by anyone other than the exhibit manager, acting exhibit manager, or the clerk of court is prohibited without a court order.

 (3)(A)(ii) **Secured Storage Location.** Each court must provide physical and electronic secured storage locations within their facility for storing exhibits retained by the court under subsection (2)(B), and shall maintain a current inventory list of all exhibits in the court's custody. The physical secured storage location must be sufficient to prevent access from unauthorized persons, secured with a key lock, combination lock, or electronic lock, and protected from theft or damage. The electronic secured storage location should be sufficient to prevent access from unauthorized persons. Prior to use, physical and electronic secured storage locations must be certified by the Court Security Director. Requests for certification must be made in writing and shall fully describe the secured storage location, local access procedures, and security controls. Any changes to the

location, access procedures, or security controls require recertification by the 85 Court Security Director. 86 87 (3)(B) Exhibit custody post disposition. In courts of record, upon final disposition of 88 the case, exhibits in the court's custody shall be disposed of or returned to the offering 89 parties pursuant to paragraph (5). The clerk of court, exhibit manager, or designee shall 90 execute a receipt identifying the material taken, the party to whom the exhibit is 91 92 released, and the date and time of the release. The receipt shall be made a part of the court record. In courts not of record, upon final disposition of the case, all exhibits shall 93 94 be returned to the parties. 95 (3)(C) Exhibits in the custody of the parties. Unless otherwise ordered by the court, 96 97 exhibits identified in paragraph (2)(A) shall remain in the custody of the parties until they are eligible for disposal pursuant to paragraph (5). Parties are responsible for preserving 98 exhibits in the same condition as when they were first admitted into evidence. 99 100 (3)(D) Access to exhibits by parties. Parties may file a motion requesting access to an 101 102 exhibit in the custody of the court or another party. Upon order of the court, the clerk of court, exhibit manager or designee, or party with custody of the exhibits shall promptly 103 make available for examination exhibits, or original or true copies of the exhibits. 104 105 106 (4) **Appeals.** Exhibits and exhibit lists shall be provided upon appeal in accordance with the Utah Rules of Appellate Procedure. 107 108 109 (5) **Disposal of exhibits.** Parties with custody of biological evidence must comply with Title 110 7753, Chapter 11c20, Forensic Biological Retention of Evidence Preservation. Parties may dispose of, and exhibit managers, clerks of court, or designees shall dispose of any other 111 exhibits in their custody. 112 (5)(A) Exhibits shall be disposed of as follows: 113 114 (5)(A)(i) For all cases that are not criminal in nature, 90 days after the time for 115 appeal has expired, as long as no appeal has been filed., or the statute of limitations for post-conviction relief, including the time for appeal from post-116 conviction relief has expired, whichever is later. 117 118 119 (5)(A)(ii) For all cases that are criminal in nature, 365 days after the time for 120 appeal has expired, as long as: 121 122 (5)(A)(ii)(a) no appeal has been filed; and 123 124 (5)(A)(ii)(b) there are no pending post-conviction relief actions or pending 125 appeals of post-conviction relief actions. 126

| 127 | (5)(B) Upon receipt of remittitur from an appellate court, the time period for all cases is |

MEMORANDUM

TO: The Management Committee of the Judicial Council

FROM: Standing Committee on Model Utah Civil Jury Instructions

Jace Willard, Associate General Counsel

RE: New Appointment

New Appointment for District Court Judge:

Judge Brian Bolinder, 7th District Court Judge, has expressed interest in serving on the Committee to fill one of the two pending district court judge vacancies. The Board of District Court Judges met last week and voted to advance Judge Bolinder's name to be considered for appointment. Accordingly, and based on Judge Bolinder's significant litigation experience, the Chair recommends Judge Bolinder to fill one of the pending vacancies on the Committee.

Prior to his appointment to the bench, Judge Bolinder was primarily a civil litigator with a diverse litigation practice at two Salt Lake City law firms. His primary area of practice was construction litigation in breach of contract, warranty, and negligence actions representing both plaintiffs and defendants. This included related professional negligence of design professionals, real property, and lien actions. His practice also included defending matters of alleged constitutional violations, personal injury and wrongful death tort actions, and other commercial litigation matters.

The Committee looks forward to approval and any feedback from the Management Committee and Judicial Council as to the proposed appointment.

MEMORANDUM

TO: Forms Committee

FROM: Pleasy Wayas, with approval of Family Law Forms Subcommittee

RE: Divorce Pleading Updates

Changes are needed in the following sections of the Divorce pleadings (Petition, Counterpetition, Stipulation, Findings, Decree).

- A. Real Property
- B. Alimony
- C. Custody

All of these changes are recommended by the Family Law Forms Subcommittee.

A. Real Property

The following revisions are needed to ensure legal correctness. They will be made in OCAP and MyPaperwork.

Real Property

- 43. The parties have the following real property:
 - a. Home and land:

i. Address: (Address info)

ii. Tax Identification Number: (Tax ID info)

iii. Legal description: (Legal description info)

iv. Mortgage information and payments:

This mortgage is: First Mortgage

Lender: (Bank name)

Address: (Bank address info)

Amount Owed: \$(amount)
Monthly Payment: \$(amount)

(Party 1) will pay this mortgage after the divorce.

(Party 1) will provide a copy of the divorce decree to the lender.

- b. **(Party 1)** will have exclusive use and possession of this property until one of the following occurs:
 - The youngest child turns 18 or has graduated from high school during the child's normal and expected year of graduation, whichever occurs later; or
 - ii. The youngest child dies, marries, becomes a member of the United States armed forces, or is emancipated (Utah Code 78A-6-801) and all other children have turned 18 or have graduated from high school during their normal and expected year of graduation; or
 - iii. (Party 1) ceases to use this property as his primary residence; or
 - iv. (Party 1) remarries; or
 - v. **(Party 1)** cohabits with an adult who is not a relative, at this property.

If one of the above occurs, **(Party 2)** will receive her share of the total equity existing in the property on the date divorce decree is signed.

- The total equity to be divided is **\$(amount)**.
- (Party 2's) share will be \$(amount).
- (Party) will have an equitable lien, as of the date the decree is signed, against the property in the amount of \$(amount). (Party 2) will sign a quitclaim deed to (Party 1) subject to that lien once the divorce is entered.
- (Party 1) will pay (Party 2) \$(amount) to satisfy the lien. Once (Party 1) has paid the lien, (Party 2) will sign any documents necessary to remove the lien from the property.

B. Alimony

The current language is:

Alimony

- Rachel Respondent will pay Peter Petitioner \$100.00 per month alimony.
 - a. Rachel Respondent's alimony obligation will end:
 - on 01/01/2025.
 - if Peter Petitioner's remarries.
 - if Peter Petitioner's dies.
 - if Peter Petitioner's cohabits. Cohabitation must be proven in court before Rachel Respondent stops paying alimony.
 - b. Alimony will start the month immediately following entry of the order. The payment schedule will be:
 - one half by the 5th day of each month, and
 - the other half by the 20th day of each month.

Alimony not paid by the 5th day of the month is past due on the 6th day of the month. Alimony not paid by the 20th day of the month is past due on the 21st day of the month. If the Office of Recovery Services is used to collect alimony, their payment schedule will be followed.

<u>Utah Code 30-3-5</u> and case law (including <u>Myers v. Myers</u>) along with recent legislative changes (<u>H.B. 220</u>) require that the court consider certain factors when awarding alimony in a divorce. Currently OCAP only has the party list the amount of alimony to be paid. It does not include reference to any of the factors.

All of the above will be replaced by the following language which will appear in the Petition, Stipulation, Findings, and Decree in OCAP and MyPaperwork. Payor and Payee will be replaced by the corresponding party's name in the interview and pleadings.

 - If Payee cohabits. Cohabitation must be proven in court before (payor) stops paying alimony.
 - Other: [explain, i.e. if there are no restrictions on remarriage or cohabitation]

C. Custody

These changes to the pleadings will be for the new divorce guided interview in MyPaperwork:

- 1. Incorporate the "Parenting Plan" into the petition, counterpetition, and stipulation instead of a separate document. It is already part of the Findings and Decree.
 - o Before the children section we will add the title "Parenting Plan".
 - In the petition or counterpetition it will say "This parenting plan is being filed in good faith."
 - o Language referring to a separate Parenting Plan being filed will be removed.
 - Will add the words "End of Parenting Plan" after the custody/parent-time provisions and before the child support provisions.
- 2. Always include a "Parenting Plan" if there are children (regardless of custody arrangement). We will incorporate existing parenting plan provisions that apply to all custody types. Some provisions will continue to only be for joint custody situations (such as Resolving Disputes)

3. Language change to Changing the parenting plan paragraph. It currently says:

until changed. A change comes from a modification of a court order."

Changing the parenting plan

| «PN1». This plan remains in effect until changed. A change must be agreed to by both |

4. Changes to Parent-Time paragraphs.

- We will add where applicable "Parent-time can be as the parties agree. If the parties cannot agree, they will follow the schedule written in this parenting plan."
- The statutory parent time schedules will be incorporated into the pleadings instead of separate attachments.
- o For example,

Parent-time

8. Parent-time can be as the parties agree. If the parties cannot agree, they will follow the schedule written in this parenting plan. The parents will follow the parent-time schedule in the statute(s).

The children will live with (Party 1) and will have parent-time with (Party 2) according to the statutory parent-time schedule. (Party 1) will be the "custodial" parent:

A copy of the following statute(s) is attached to the Parenting Plan.

- Children under 5 (Utah Code 30-3-35.5)
- Children 5-18 (Utah Code 30-3-35)

FOR CHILDREN 12 MONTHS TO UNDER 18 MONTHS OF AGE:

Alternate Weekends: One 8 hour visit on alternating weekends to be specified by the noncustodial parent; and overnight from 6 p.m. on Friday until noon on Saturday the

5. The Military Parenting Plan will also be incorporated into the petition, counterpetition, and stipulation when it applies instead of being a separate document. It is already part of the Findings and Decree.

Your rights after eviction

Even though you are being evicted you still have rights. Your landlord must give you the following property back within **5 business days**, without requiring you to pay anything:

- clothing
- identification
- financial documents, including all those related to your immigration or employment status
- documents about the receipt of public services, and
- medical information, prescription medications, and any medical equipment required for maintenance of medical needs

You can get your other belongings back, but you must make a written request to your landlord within **15 calendar days** after your eviction. Your landlord can charge you a reasonable storage and moving fee.

You have the right to a hearing to dispute the way this order may be enforced and to assert your rights. A Request for Hearing Regarding Enforcement of an Order of Restitution must be served on you along with this order.

Your request for a hearing will not stop enforcement of this order unless the court has ordered a stay of this order and an appropriate bond has been posted in an amount approved by the court. (Utah Code 78B-6-812(2)(b) and 78B-6-808(4)(b))

If you have a pet and you are not present at the time the eviction order is enforced, the sheriff or constable will contact animal control to take your pets. Animal control will take your pets within 1 business day of being contacted. They will post a notice at the premises with their name and contact information.

Update the court and the landlord with your contact information

The landlord could file paperwork in your case asking for a money judgment and could file paperwork asking to increase the judgment amount. Update your contact information so you will receive what is being filed and have the opportunity to respond. If animal control takes your pet, the landlord is responsible for giving them your last known contact information.

Notice to the Moving Party

If the fee waiver was denied because the judge found **you are reasonably able to pay** (paragraph 1 is marked), and you:

- have lost your source of income;
- have unaccounted expenses limiting your ability to pay;
- will suffer immediate irreparable harm if the action is delayed; or
- would lose the opportunity to file the case because of the delay,

you may file a Memorandum Demonstrating Inability to Pay Fees within 10 days of the date of this order.

If the fee waiver was denied **because you failed to provide the required information** (paragraph 2 is marked), and you want your request to be reconsidered, you must file a corrected motion with the required information within 14 days of the date of this order.
