To Whom It May Concern:

I am writing this letter to announce my desire to sit on the Juvenile Rules Committee. Obviously, I am relatively fresh out of law school and have been practicing heavily for a mere nine months. But I think what isn't shown just by virtue of my resume, is my strong belief in children's justice and love of the law.

I went to law school specifically to become a Guardian ad Litem. As I'm sure whomever reads this knows, practicing law in Juvenile Court is its own animal, and takes specific training and capabilities. So far, my experience has borne out that I am capable of practicing law in Juvenile Court, and I plan to for many years to come.

Sitting on the Juvenile Court Rules Committee would allow me a great opportunity. But, as well, I believe having me on the Committee would benefit the Committee with a newer attorney's perspective. I have tenacity about the law and procedure. I guess that works out well for me, considering my career choice. I am in court around 60 percent of my work hours, and am one of the few attorneys who sees both the criminal and civil side of the juvenile court.

Again, my resume is meager compared to some of the sitting members of the Committee, but I believe I will bring something to the table, and I would relish the opportunity to be a part of the Rules Committee.

Thank you for your consideration.

Regards,

David L. Johnson

Re: Advisory Committee on the Rules of Juvenile Procedure vacancy and/or Advisory
Committee on the Rules of Evidence vacancy

Dear Ms. Branch:

Please accept the attached resume in application for the position with the Advisory Committee on the Rules of Juvenile Procedure or in the alternative the Advisory Committee on the Rules of Evidence.

I believe that I am uniquely qualified for either of the positions referenced above. I am a shareholder with the firm of Hillyard, Anderson & Olsen, P.C. in Logan, Utah where my practice focuses on domestic and family law matters and criminal defense work. I am regularly before the Juvenile Court Judges, the District Court Commissioner and the District Court Judges in matters related to protective orders, child welfare proceedings, divorce or domestic temporary orders, criminal proceedings, etc..

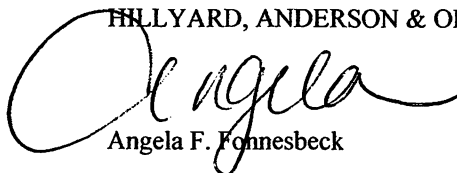

In addition to my work as a private practitioner, I regularly serve as a conflict or private Guardian ad Litem in both the Juvenile Court and District Court. I am also contracted with Cache County to serve as a conflict public defender in the First District Juvenile Court. I presently have a parental rights termination matter on appeal to the Utah Supreme Court following a favorable decision from the Utah Court of Appeals. I am intimately familiar with juvenile court practice and believe the many roles and responsibilities with which I am charged in the juvenile court system provides a distinctive and unique insight to juvenile court practice. I believe that I could add valuable experience to the Advisory Committee on the Rules of Juvenile Procedure.

My regular court appearances in both criminal and domestic proceedings provides that I consistently and regularly utilize the Rules of Evidence and am familiar with its application in a court setting which would be an added benefit to the Advisory Committee on the Rules of Evidence. I sat second chair in a personal injury jury trial my first year in practice and argue motions and temporary orders regularly before the Court.

I am extremely interested in serving the Court and the Bar by participating in an active role on the advisory committees that govern the practice of law in Utah. I believe that I could be an asset to either committee and look forward to the opportunity to give back to my profession.

Respectfully,

HILLYARD, ANDERSON & OLSEN, P.C.

Re: Advisory Committee on the Rules of Juvenile Procedure

Dear Matty Branch,

I am writing in regards to the vacancies on the Advisory Committee on the Rules of Juvenile Procedure. I have been a Deputy District Attorney for Salt Lake County since December of 2004 and I am currently assigned to the Juvenile Division. I have experience prosecuting delinquency cases in the Third District Juvenile Court as well as familiarity with dependency cases that I gained while serving as an intern to Judge Frederic M. Oddone and Judge Robert S. Yeates. Since December of last year, I have served as the prosecutor assigned to Judge McCully's Model Delinquency Court.

I am passionate about the role of the Juvenile Court in our legal system. I developed this interest during my experience as an intern for the United States Senate Committee on the Judiciary during the Senate's consideration of the Violent and Repeat Juvenile Offender Accountability and Rehabilitation Act of 1999. I pursued this interest during law school and received the University of Utah College of Law Outstanding Achievement Award in Juvenile Justice. I further expanded my understanding of the juvenile justice system here in Utah by volunteering as a mentor to a youth being held at the Decker Lake Youth Center.

I received both a Juris Doctor degree and a Master of Public Administration degree from the University of Utah. I believe that my educational background and my understanding of the Utah Rules of Juvenile Procedure make me an ideal candidate for one of the positions on the Advisory Committee on the Rules of Juvenile Procedure. I would bring a unique perspective given the training that I have received not only in law, but also in public policy, rulemaking, and administrative theory that I gained during the pursuit of my degree in public administration.

Attached, please find a copy of my resume submitted for your consideration for this position. Please do not hesitate to contact me if there is any question.

Sincerely,

Dear Ms. Branch,

I am writing to express my interest in serving on the Advisory Committee on the Rules of Juvenile Procedure, as per the e-mail sent to members of the Bar throughout the state. While I have been in the practice of law since only this past October, I believe that I have the characteristics that you would seek in a member of the Advisory Committee.

For nearly a year I have worked at the Cache County Attorney's Office in Logan, Utah. During this time, many opportunities have arisen for me to handle varying types of cases, including matters in the First District Juvenile Court. These, for me, have been some of the most rewarding cases on which to work. While, factually, most of these may not be extraordinary, cases in the juvenile system are unique not only in their focus on protecting the community at large, but also in helping the juvenile in question to make positive changes in their own lives. This is a delicate balance of issues that I thoroughly respect and, I believe, understand. I would like to be more involved in this system not only by continuing appearances in court, but also by helping to consider and retool the rules by which the Court and parties must abide.

I always have had a strong interest in the welfare of children, the criminal law, and the intersection between the two. As such, I have worked in units in two District Attorney's Offices in California specializing in child abuse as well as elder abuse and family violence, as seen in my resume. Given my enthusiasm as well as my experience, I believe that I could bring a fresh perspective and great dedication to the Advisory Committee.

I look forward to having the opportunity to speak with you. Please feel free to contact me at (435)757-9324 (cell) or (435)755-1867 (office) with regard to my application.

Sincerely,

Maybell Romero

Re: Advisory Committee Vacancies

Dear Ms. Branch:

I am enclosing herewith my resume as part of the application process for the vacancy on the Advisory Committee on the Rules of Criminal Procedure. Although this position would be my preference, I also would be qualified to serve on the Committees on the Rules of Evidence or Juvenile Procedure.

I have been practicing law for approximately 17 years and now spend approximately 50% of my practice in criminal defense. I have represented defendants in criminal matters from St. George to Logan, Utah. I have litigated everything from homicides, rape/sexual assaults and all types of drug offenses down to the lowest misdemeanors and infractions.

Although my days in law school seem ages ago, I received the award for the highest grade in Criminal Trial Practice, Fall Semester, 1989, at the J. Reuben Clark Law School. I also served as an editor of the BYU Journal of Public Law. I later served for approximately three years as an articles editor for the Utah Bar Journal.

My current assignment as a Judge Pro Tempore in the Third District Court also would provide solid background for service on any of the committees referenced above.

If you should have any questions, please do not hesitate to contact me.

Sincerely yours,

Dear Ms. Branch,

I am writing to express interest in serving on the Utah Supreme Court Advisory Committee on the Rules of Evidence, or the Advisory Committee on the Rules of Professional Conduct, or the Advisory Committee on the Rules of Juvenile Procedure.

My background includes work for executive, legislative, and judicial branches of state and federal government. I have litigated and advised civil plaintiffs and civil defendants, drafted filings against criminals in habeas corpus cases, and rendered pro bono assistance to numerous parents trying to defend themselves against accusations of abuse, neglect, and educational neglect.

I also understand the challenges associated with work in large law firms, sole practitioner litigation, and corporate in-house counsel. On a daily basis, I currently deal with practical corporate, insurance, discovery, and privilege issues. I also litigate and resolve practical probate, family law, and interpleader problems that arise in connection with life insurance policies and life insurance proceeds.

Currently I am in the process of completing a professional degree in financial planning and tax offered by the American College of Pennsylvania.

I feel that I could contribute a balanced, integrated, detached perspective to one of the Utah Supreme Court's advisory committees. If the Court finds that my background and participation would be conducive to current committee needs, please contact me.

Thank you for your valuable time.

Sincerely,

Daniel E. Witte
