Dates	Number of Hours	Brief Description of WINGS Activities

In calculating an hourly rate, a Stakeholder/Volunteer should be guided by Federal regulations concerning grants (2 CFR 200.306(e)):

- “Rates for third-party volunteer services ... must be consistent with those paid for similar work in the labor market in which the non-Federal entity competes for the kind of services involved. ... (P)aid fringe benefits that are reasonable, necessary, allocable, and otherwise allowable may be included in the valuation.”

My hourly rate should be computed at \$_____. *By my signature, I hereby affirm that I typically charge the stated fees for the services described; or that this hourly rate is reasonable and is based on the rate I charge for similar services; or that it is based on my salary plus fringe benefits or some other reasonable basis for determination.*
